

5.1.5 Average percentage of students benefitted by Vocational Education and Training (VET) during the last five years -Summary Sheet

Year	Name of the VET program	Number of students attending VET
2018-2019	Vocational Training on plant layout and process safety	211
	Vocational Training on plant layout and process safety	92
	Vocational Training on Introduction to STAAD Pro software	79
	Vocation Training on Network and Security	92
	Vocational Training on Automobile Training Course	50
	Vocational Training on 3D Printing	193
	Vocational Training in handling of food processing equipments	94
	Vocational Training on Advance Technology in Solar Systems	75
	PCB designing and simulation	37
2017-2018	Vocational Training on Process Operations Simulator using PROSIM (PCE&PE)	205
		93
	Vocational Training on Introduction to BIM software	83
	Vocation Training on Network and Security	67
	Vocational Training on Automobile Training Course	60
	Vocational Training on Reverse Engineering	191
	Vocational Training on Baking and Confectionary	95
	Vocational Training on Electrical Auto cad	60
	Arduino programming and hardware fundamentals	20
2016-2017	Vocational Training on Health, Safety & Environment (HSE) Oil & Gas - (PCE&PE)	254
		123
	Vocational Training on Introduction to STAAD Pro software	105
	Vocation Training on Network and Security	53
	Vocational Training on Automobile Training Course	80
	Vocational Training on Tool Design	204
	Vocational Training on Processing of Fruits and Vegetables	70
	Vocational Training on Embedded systems	46
	Arduino with internet of things	26
2015-2016	Vocational Training on plant layout and process safety	219
	Principles Of Electrical Resistivity Survey And Its Application In Oil And Gas Exploration To Identify The Subsurface Lithology, Porosity And Permeability	115
	Vocational Training on Introduction to BIM software	123
	Vocational Training on Mobile application & Developement and IOS	73
	Vocational Training on Automobile Training Course	50
	Vocational Training on CNC Programming	219
	Vocational Training on Mobile phone servicing	66
	Embedded systems	24
2014-2015	Vocational Training on plant layout and process safety	160
	Vocational Training on Introduction to STAAD Pro software	125
	Vocational Training on Industrial electronics and embedded systems	78
	Importance of vasthu sashtra in construction	68
	Vocational Training on Mobile application & Developement and IOS	78
	Vocational Training on Non-Destructive Testing	263
	Internet of things with Raspberry Pi	67

DEPARTMENT OF PETROCHEMICAL ENGINEERING

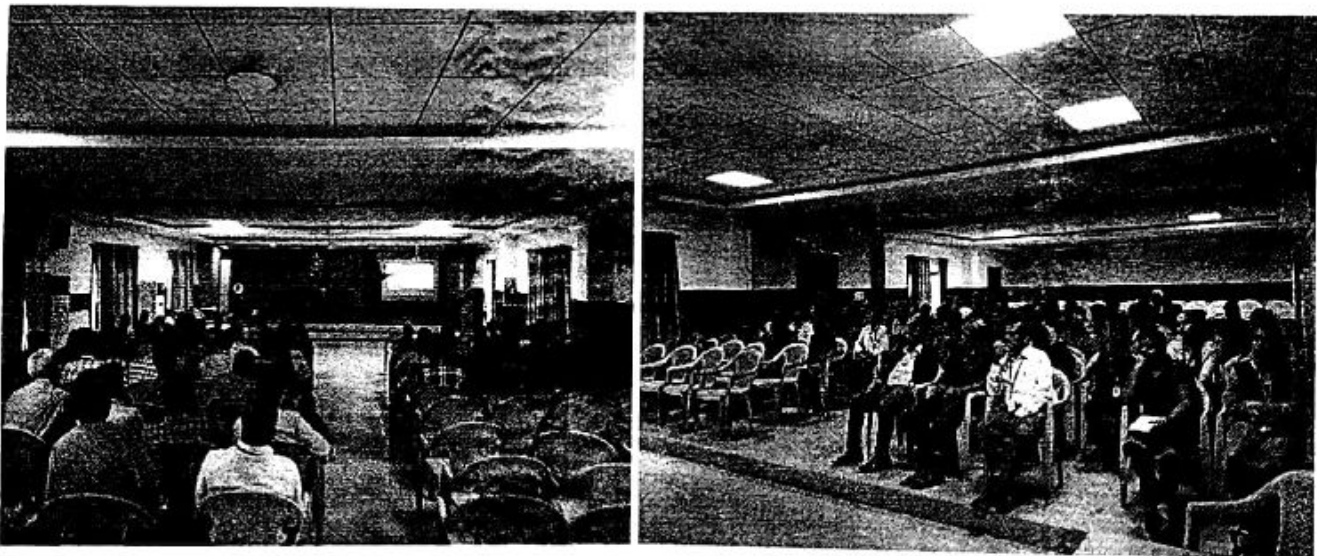

VOCATIONAL EDUCATIONAL TRAINING– REPORT

Vocational Training on Plant Layout and Process Safety

“Vocational Training on Plant Layout and Process Safety” was arranged by the Department of Petrochemical Engineering from 27.05.19 to 12.06.19 (15 Days) in the JCT Seminar hall. Mr.G.S.Balaji, Managing Director, ITSHO Industrial Solutions Private Limited, has conducted the training programme about the Plant Layout and Process Safety.

Students of 3rd and 2nd year (Petrochemical and Petroleum Engineering) have participated in the training programme and interacted. Earlier, Dr.R.Perumal, Head of the department introduced the trainer. The training programme was arranged by the Petrochemical Engineering Association.

E-Mail: gsbalaji05@yahoo.com
gsbalaji1981@gmail.com

OBJECTIVE

Impart knowledge to others to accomplish their goal in life.

AS TRAINER

Conducted training for customers in operation and Maintenance of Water Treatment Plants like RO, STP, ETP etc..

Trained team of personnel about Material Management and Inventory Management

Training on Quality Systems in Materials Department to comply with ISO, HACCP, GMP, KOSHER, & FPO requirements.

Participated in Safety Programs.

Active Team Member in putting systems and procedures in organizations

WORK EXPOSURE

Currently associated with M/s.Bluegreen Pioneers, Chennai as partner since Feb 2012 and handling total commercial activities

Having working exposure in Chemical, Food and Engineering Industries (Water and Waste Water Treatment Project based companies) for more than 24 Years and handled team of personnel at Managerial Level

Name of Organization	Designation	Period
Bluegreen Pioneers Chennai.	Partner	From Feb.'12 onwards
GET Water Solutions Pvt. Ltd., Chennai.	Materials Manager	From Feb.'08 - Feb.'12
Thakshana Packers, Kodairoad	Partner	From Oct '04 - Sep '07
International Agricultural Processing Pvt. Ltd., Nilakottai	Materials Executive	From Nov.'98 - Sep.'04
Kilburn Chemicals Limited, Tuticorin	Stores and Purchase Assistant	From Nov.'93 - Oct.'98

ACADEMIA:

Sl.No.	Description	Institution	Year of Completion
1.	M.A. - ASTROLOGY	SASTRA University, Thanjavur	2016
2.	MBA - Production Management	Madurai Kamarajar University, Madurai	2015
3.	PG DIPLOMA IN RETAIL MANAGEMENT	Madurai Kamarajar University, Madurai	2012
4.	B.Sc - MATHEMATICS	Rajapalayam Rajus' College, Rajapalayam	1992

PERSONAL DETAILS

Date of Birth : June 02, 1972
Place of Birth : Srivilliputtur, Virudhunagar District, Tamilnadu
Fathers' Name : G Sundararajan
Correspondence Address : No.8/9, Rangarajapuram III Street, Kodambakkam,
CHENNAI 600024

CIRCULAR

16.05.2019

Our Department has arranged the Vocational Educational and Career courses for our students in order to fulfill our vision to create industry ready Engineers. We are bringing the industrial Expert Mr. G. S. Balaji from ITSHO Industrial Solutions Private Limited to take classes on Plant Layout & Process Safety from 27.05.19 to 12.06.19 (15 Days) during the semester holidays. All the students must attend the course without fail. Contact your Class advisor for correspondence and information.

630
12/5/19

Circulation to:

II & III PCE Class Room

To be displayed on Notice Board.

**VOCATIONAL EDUCATION TRAINING ON PLANT LAYOUT AND PROCESS
SAFETY**

SYLLABUS

Course objective:

- To provide provided with the knowledge of the process of analyzing and developing information to produce a plant layout based on the locations and working conditions.
- To educate the students about the basic things of work conditions which include ventilation, comfort, lighting and its effect based on various nature of work.
- To provide knowledge on effective and safe layout design of an Industry.

Course outcome:

Students will be able to

- Analyze and develop plant layout based on the locations and working conditions
- Incorporate suitable safety measures in designing a process plant Layout
- Adopt process concepts of safety in process design and pressure vessel design

UNIT I

PLANT LOCATION

Selection of plant locations, territorial parameters, considerations of land, water, electricity, location for waste treatment and disposal, further expansions Safe location of chemical storages, LPG, LNG, CNG, acetylene, ammonia, chlorine, explosives and propellants

UNIT II**PLANT LAYOUT**

Safe layout, equipment layout, safety system, fire hydrant locations, fire service rooms, facilities for safe effluent disposal and treatment tanks, site considerations, approach roads, plant railway lines, security towers.

Safe layout for process industries, engineering industry, construction sites, pharmaceuticals, pesticides, fertilizers, refineries, food processing, nuclear power stations, thermal power stations, metal powders manufacturing, fireworks and match works

UNIT III**SAFETY IN PROCESS DESIGN AND PRESSURE SYSTEM DESIGN**

Design process, conceptual design and detail design, assessment, inherently safer design- chemical reactor, types, batch reactors, reaction hazard evaluation, assessment, reactor safety, operating conditions, unit operations and equipments, utilities. Pressure system, pressure vessel design, standards and codes- pipe works and valves- heat exchangers- process machinery- over pressure protection, pressure relief devices and design, fire relief, vacuum and thermal relief, special situations, disposal- flare and vent systems- failures in pressure system.

**VOCATIONAL EDUCATION TRAINING ON PLANT LAYOUT AND PROCESS
SAFETY****SYLLABUS****Course objective:**

- To provide provided with the knowledge of the process of analyzing and developing information to produce a plant layout based on the locations and working conditions.
- To educate the students about the basic things of work conditions which include ventilation, comfort, lighting and its effect based on various nature of work.
- To provide knowledge on effective and safe layout design of an industry.

Course outcome:**Students will be able to**

- Analyze and develop plant layout based on the locations and working conditions
- Incorporate suitable safety measures in designing a process plant Layout
- Adopt process concepts of safety in process design and pressure vessel design

UNIT I (9 hours)**PLANT LOCATION**

Selection of plant locations, territorial parameters, considerations of land, water, electricity, location for waste treatment and disposal, further expansions Safe location of chemical storages, LPG, LNG, CNG, acetylene, ammonia, chlorine, explosives and propellants

UNIT II (9hours)**PLANT LAYOUT**

Safe layout, equipment layout, safety system, fire hydrant locations, fire service rooms, facilities for safe effluent disposal and treatment tanks, site considerations, approach roads, plant railway lines, security towers.

Safe layout for process industries, engineering industry, construction sites, pharmaceuticals, pesticides, fertilizers, refineries, food processing, nuclear power stations, thermal power stations, metal powders manufacturing, fireworks and match works

UNIT III (9Hours)**SAFETY IN PROCESS DESIGN AND PRESSURE SYSTEM DESIGN**

Design process, conceptual design and detail design, assessment, inherently safer design- chemical reactor, types, batch reactors, reaction hazard evaluation, assessment, reactor safety, operating conditions, unit operations and equipments, utilities. Pressure system, pressure vessel design, standards and codes- pipe works and valves- heat exchangers- process machinery- over pressure protection, pressure relief devices and design, fire relief, vacuum and thermal relief, special situations, disposal- flare and vent systems- failures in pressure system.

VOCATAIONAL EDUCATIONAL TRAINING– REPORT

Vocational Training on Plant Layout and Process Safety

“Vocational Training on Plant Layout and Process Safety” was arranged by the Department of Petrochemical and petroleum Engineering from 27.05.19 to 12.06.19 (15 Days) in the JCT Seminar hall. Mr.G.S.Balaji, Managing Director, ITSHO Industrial Solutions Private Limited, has conducted the training programme about the Plant Layout and Process Safety.

Students of 3rd year (Petrochemical and Petroleum Engineering) have participated in the training programme and interacted. Earlier, Dr.R.Perumal, Head of the department introduced the trainer. The training programme was arranged by the Petrochemical and petroleum Engineering Association.

CERTIFICATE OF PARTICIPATION

DEPARTMENT OF CIVIL ENGINEERING

This is to certify that Mr./Ms. HARI.G.S
has successfully completed the vocational course on INTRODUCTION To
STAAD PRO SOFTWARE from
04.06.2018 to 14.06.2018 conducted by the department of
Civil Engineering in the academic year 2018-19.

TRAINER

HEAD OF THE DEPARTMENT

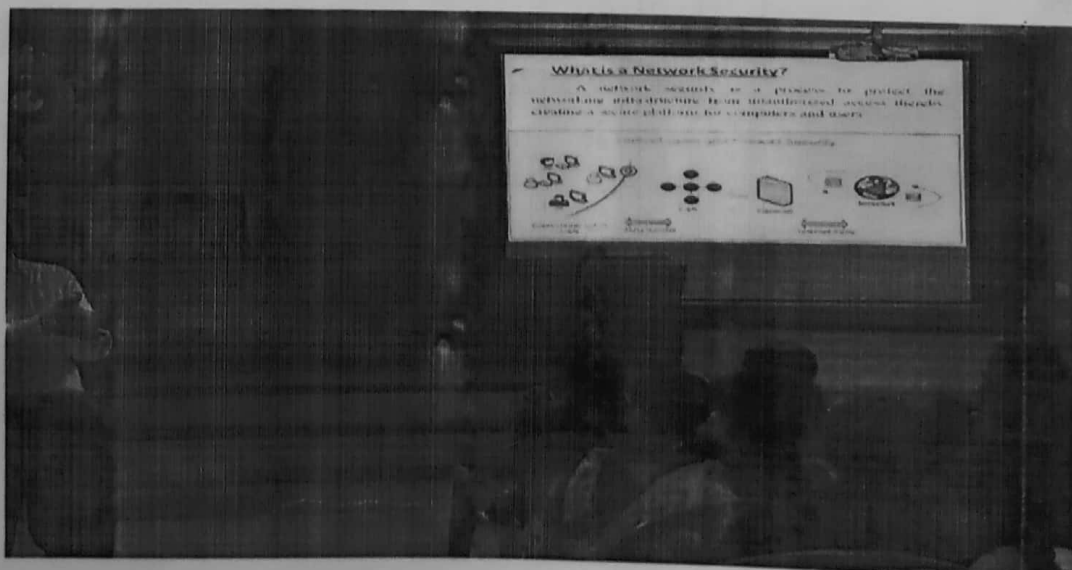

PRINCIPAL

Report on Network and Security

The Department of Computer Science and Engineering organized a Vocational educational Career Program on **Network and Security**, from 03.06.2019 to 19.06.2019 June 2019. The resource person for this program was **Mr.P.K.Amarnath**, Operation Head & Consultant, Avatar Academy, Erode. The program started with the prayer song. The welcome address was given by Mr.K Sivakumar, Assistant Professor, Department of Computer Science and Engineering. The Felicitation address was given by Dr.G Ramesh, Principal of JCT College of Engineering and Technology, Coimbatore. The Introduction about the Chief Guest was given by Mr.Rohith R, 3rd year Computer Science and Engineering. The chief guest first gave an introduction about how this concept was used during ancient times which surprised everyone to know how it was implemented in Ramayana. He then explained about the 3 major concepts of cyber security by illustrating a power point presentation and we learn about the following

- Basics of Linux Operating Systems.
- Understand the networking standards and specifications.
- Build a SOHO network.
- Understand TCP/IP, Protocol analysis and IP addressing (IPv4 and IPv6)
- Understand the concepts of Subnetting, IP Routing and NAT.
- Configure Switching and VLANs
- Configure Wireless networking.
- Configure firewalls and basic server applications.
- Understand network security, management and troubleshooting

He talked about the job opportunities related to cyber security. Ms.R.Elakya, 3rd year Computer Science and Engineering concluded with a vote of thanks.

Report of Vocational Training Programme

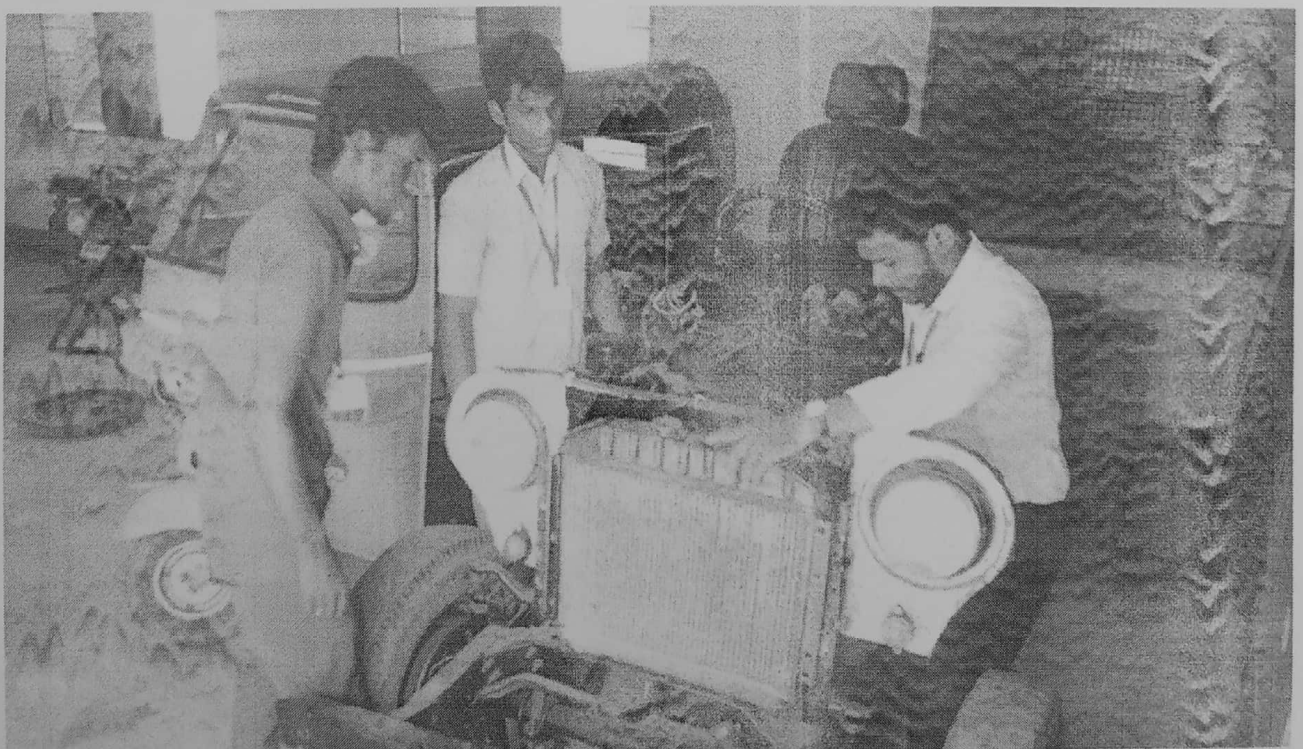

Department of Automobile Engineering organized a Vocational educational Training Program on Automobile Training Course, from 13.06.2019 to 29.06.2019. The resource person for this program was **Mr.P.Kathirvelu**, Senior Trainer, Karivardhan Vocation Training Institute, Coimbatore. The program started with the prayer song. The welcome address was given by Mr.K.Santhosh, Assistant Professor, Department of Automobile Engineering. The Felicitation address was given by Dr.G Ramesh, Principal of JCT College of Engineering and Technology, Coimbatore. The Introduction about the Chief Guest was given by Mr.Aravinthasamy.S, 3rd year Automobile Engineering. The chief guest first gave an introduction on engine components and modern tools. He then explained about the step by step engine dismantling and assembling procedure.

He said about the usage of modern tools and how to handle the modern tools to us. He insisted about preventive actions and safety rules to be follow inside the carriage. He talked about the job opportunities related to automobile field.

The atmosphere of the Vocational Educational Program was very intrusting. We learned a lot from the 15 days Program and were satisfied with the answers from the trainer. Mr. Gowtham.S, 3rd year Automobile Engineering concluded with a vote of thanks.

JCT COLLEGE OF ENGINEERING AND TECHNOLOGY
COIMBATORE 641 105

Department of Mechanical Engineering

CIRCULAR

13.05.2019

Our Department has arranged the Vocational Educational and Career courses for our students in order to fulfill our vision to create industry ready Engineers. We are bringing the industrial Experts **Mr. P. K. Vijayan**. From Rapid 3D Technologies to take classes on 3D printing in our Department students during 10.06.2019 to 26.06.2019 (15 Days) the semester holidays. All the students must attend these courses without fail. Contact your Class advisor for correspondence and information.

JCT

JCT COLLEGE OF ENGINEERING AND TECHNOLOGY

Pichanur, Coimbatore-641105

Department of Mechanical Engineering

Certificate of Participation

This is to certify that Mr/Ms NIKHIL K DAS

has successfully completed the Vocational Educational Course on 3D PRINTING

from 10.06.2019 to 26.06.2019

TRAINER

HOD/Mech

PRINCIPAL

Report on 3D Printing

The Department of Mechanical Engineering organized a Vocational educational Career Program on **3D printing**, from 10.06.2019 to 26.06.2019 June 2019 the resource person for this program was **Mr.Naresh**, Operation Head & Consultant, Rapid 3D Technologies, Coimbatore. The program started with the prayer song. The welcome address was given by Dr.Vijayakumar.M, Head of Mechanical Engineering Department. The Felicitation address was given by Dr.Ramesh.G, Principal of JCT College of Engineering and Technology, Coimbatore. The Introduction about the Chief Guest was given by Mr.Sooraj.S, 3rd year Mechanical Engineering. The chief guest first gave an introduction about the current trends in Mechanical Engineering and the growth of 3D printing in Mechanical Engineering. He then explained about the Designing and Production process in 3D printing by illustrating a power point presentation.

He went through each concept with related examples, how 3D printing In Additive Manufacturing. He Explained About Fused Deposition Modeling-FDM, Direct Metal Laser Sintering - DMLS, Stereo lithography (SLA). He briefed about the Ideal applications for Selective Laser Sintering. He gave details regarding opportunities related 3D printing.

The atmosphere of the Vocational Educational Program was quite free. We learned a lot from the 15 days Program and were satisfied with the answers from the speaker. Mr. Hljas Muthu, 3rd year Mechanical Engineering concluded with a vote of thanks.

Head of the Department

Parameters	A Very Good	B Good	C Satisfactory	D Unsatisfactory
1. Knowledge base of the teacher (as perceived by you)		✓		
2. Communication Skills (in terms of articulation and comprehensibility)	✓			
3. Sincerity / Commitment of the teacher	✓			
4. Interest generated by the teacher		✓		
5. Ability to integrate course material with environment/other issues, to provide a broader perspective		✓		
6. Ability to integrate content with other courses	✓			
7. Accessibility of the teacher in and out of the class (includes availability of the teacher to motivate further study and discussion outside class)		✓		
8. Ability to design quizzes /tests/assignments / examinations and projects to evaluate students understanding of the course	✓			
9. Provision of sufficient time for feedback		✓		
10. Overall rating		✓		

Department of Food Technology

VET REPORT – 2018-19

Topic: Hands on training on handling food processing equipments

Name of the Speaker: Dr. R. Perumal, Head of Department, Petrochemical Engineering, JCT.

Name of the Trainer: Ms. Vaishali

Date/Session: 03.06.19 to 19.06.19

Venue: Food Technology Department Lab

SUMMARY OF THE VET:

As technology develops very wide change and growth is noticed in the food processing industries. The food processing production cycle can be broken into several stages, characterized by a specific function and during which individual unit operations are performed. For example, within the preparation stage, the primary function is to prepare the food material for further processing, and some of the unit operations performed include washing and separating. Other secondary functions provide support to the primary functions of the production cycle, such as material handling and system control operations which convey food materials between process stations or maintain the required processing conditions and standards, respectively.

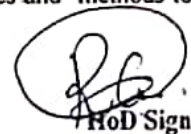

Inaugural function for the Vocational Training program and working on the Equipment

Session Outcome:

At the end of the session the following outcomes were gained

1. Students are aware of the processing techniques.
2. Students gained practical knowledge on processing fruits and vegetables.
3. They are now aware of problems faced during transport of fruits and vegetables and methods to overcome the problems.

CIRCULAR

27.05.2019

Our Department has arranged the Vocational Educational and Career courses for our students in order to fulfill our vision to create industry ready Engineers. We are planning for one week hands-on training in **HANDLING OF FOOD PROCESSING EQUIPMENTS** in our Department for students during **03.06.19 to 19.06.19 (15 days)** the semester holidays. Interested the students can attend the courses. Contact your Class advisor for correspondence and information.

The schedule is as follows:

S.no	Date	Time	Name of the Faculty
1	3.6.19	FN	Inaugural Function

Dear Sir,

Greetings from JCT College of Engineering & Technology!

Sub: Requesting for Allocating a Vocational Educational Trainer Expert – Reg

On behalf of JCT College of Engineering & Technology, I am very pleased to have the honor of inviting you to conduct Vocational Training course on Advance Technology in Solar Systems at our college.

The Trainer will be handling classes for the II & III year EEE Students during semester from 27.05.19 to 11.06.19 (14 Days). Sir I request you to give permission for the above at the earliest.

Please let us know if you will require any Audio-Visual Equipments or additional technical support. Also, please keep us informed of the travel itinerary.

We look forward to your presence and guidance.

Best wishes

Thanking you

Yours Sincerely

Dr. K. Geetha

HOD-EEE

MAS MAS Solar Systems Private Limited

To,
Dr. K.Geetha
The Head of the Department
Department of EEE
JCT College of Engineering & Technology
Pichanur, Coimbatore-641105

Dear Sir,

Sub: Allocation of Trainer to your Institution –Reg..

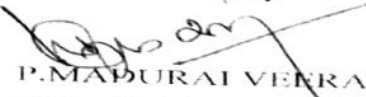

Greetings from Mas solar system Private Limited

Here by I Accept Your Request with Reference to your letter Dated 17.05.2019. A Trainer will be allocated from Solar system domain in our company for the dates mentioned in your Letter.

For my presentation, I will need an overhead projector, a chalk board, and a podium with a microphone. Also, I hope you can send me some information on my audience's general educational background and professional experience, so I can put together the appropriate technical material.

Thank you very much and I am looking forward in seeing you soon.

Sincerely

P. MADURAI VERRAN
Head – Training & Research

CIRCULAR

22.05.2019

Our Department has arranged the Vocational Educational and Career courses for our students in order to fulfill our vision to create industry ready Engineers. We are bringing the industrial Experts Mr. P. Maduraiveeran from Mas solar system Pvt Ltd to conduct training courses on Advance Technology in Solar Systems to our Department students during the semester holidays (27.05.19 to 11.06.19 -14 Days). All the students must attend these courses without fail. Contact your Class advisor for correspondence and information.

Department of Electrical and Electronics Engineering

Report on Vocational Course

VOCATIONAL COURSE ON "ADVANCE TECHNOLOGY IN SOLAR SYSTEMS" ORGANIZED BY DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING, JCTCET ON FROM 27.05.19 to 11.06.19.

Vocational Course was conducted on "Advance Technology in solar Systems" Organized by Department of Electrical and Electronics Engineering, 75 students and faculty members of EEE were participated from 27.05.19 to 11.06.19 at Computer Laboratory-I.JCT college of Engineering and Technology.

The Vocational Course conducted was very much useful, imitated motivations for the students as well as the staffs by conducting theory and practical section about solar panel. The Industrial highlighted the students to became entrepreneur in solar system, for that central government under " Khadi & Village Industries Commission" support students for free one month training with a Central government certificate and Stipend of Rs.3000/month .

MASS SOLAR SYSTEMS PRIVATE LIMITED – is a leading Manufacturer Solar system. It was started on August 2010 in well equipped industrial Estate, the southern part of Manchester of south India – Coimbatore. The company have Strong team, the team includes M.E.Solar energy graduate from Anna university Chennai and also has sound Knowledge and expertise engineers from solar, electrical ,Electronic and mechanical field and Solar PV modules ,Solar street light, Solar water heaters, Solar roof top power plant, Solar water pumping systems, solar fencing are the major product manufacturing from this Industry .

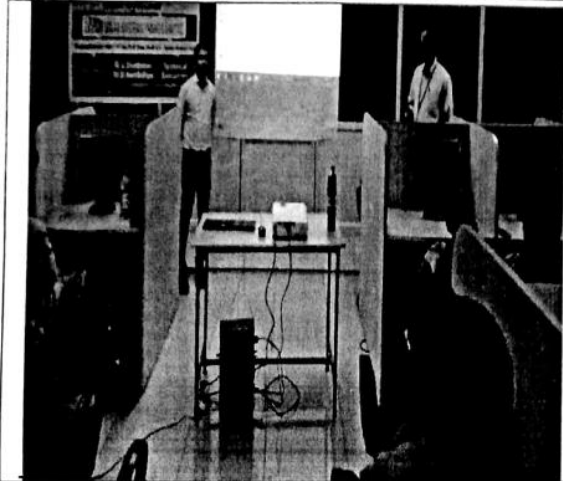

The Executive Trainees Mr.C.Sivakumar and Mr.M.Nambidhas Welcomed by G.Ravivarman (Assistant professor/EEE) , Honouring chief guest by Dr.K.Geetha (HoD-EEE),Inaugural Address by Mr.S.Manikandan, Vote of Thanks by Ms. J.Priyadharshini.

All the faculty members and Technical staff in the Department of Electrical and Electronics Engineering have put their unsparing effort to make the event great success

ROADMAP FOR ADVANCE TECHNOLOGY IN SOLAR SYSTEMS

Outline of the Course contents

- Basics of solar energy
- Types of cell
- High efficiency multi crystalline cells.
- Power converters for smart grids.
- Future solar energy in transmission line
- By pass technology in smart grid with solar power
- Advancement of solar energy and integration of solar energy in smart grid
- Real time implementation of photovoltaic systems

Department: EEE E-mail: anujaya780@gmail.com
Address: 1/175, Unjavelampatti, Pollachi mobile: 9787208467

Students are required to rate the courses

Name of the Trainer: Mr. C. Siva Kumar, Mr. M. Nambidhas

[Tick (✓) in the relevant cell]

Parameters	A Very Good	B Good	C Satisfactory	D Unsatisfactory
1. Knowledge base of the teacher (as perceived by you)		✓		
2. Communication Skills (in terms of articulation and comprehensibility)		✓		
3. Sincerity / Commitment of the teacher		✓		
4. Interest generated by the teacher	✓			
5. Ability to integrate course material with environment/other issues, to provide a broader perspective		✓		
6. Ability to integrate content with other courses		✓		
7. Accessibility of the teacher in and out of the class (includes availability of the teacher to motivate further study and discussion outside class)			✓	
8. Ability to design quizzes /tests/assignments / examinations and projects to evaluate students understanding of the course		✓		
9. Provision of sufficient time for feedback		✓		
10. Overall rating		✓

Report on PCB Designing and Simulation

The Department of Electronics and communication Engineering organized a Vocational educational Career Program on **PCB Designing and simulation**, from 10.06.19 to 25.06.19. The resource person for this program was **Mr.M.Kannan**, internal faculty of ECE Department. The program started with the prayer song. The welcome address was given by Mr.S.Renswick, Assistant Professor, Department of Electronics and communication Engineering. The presedential address was given by Dr.G Ramesh, Principal of JCT College of Engineering and Technology, Coimbatore. Resource person Mr.Kannan.M, has first given an introduction about the PCB layout and design which has a major impact on the way in which a circuit works, and therefore if the printed circuit board is designed in an effective way, then the circuit will perform more reliably and within its specification by illustrating a power point presentation.

For commercial development programmes there are many CAD, computer aided design packages available that are needed as a result of the complexity. Even for the student and hobbyist there are many very good packages that are either free of can be obtained for a modest cost. The old PCB design process of using tape placed on a master drawing sheet are long gone, although it is possible this may still be done in a number of very limited cases. The PCB software capability varies considerably. Budget, or even free software provides the basic functions, whereas the top end packages enable many more facilities to be incorporated into the design. Simulations, complex routing, and many more facilities are available. The ability to undertake simulations is becoming an increasing requirement with the speeds of digital boards increasing, and radio frequency designs reaching ever higher frequencies.

The students were given hands on training to design Printed Circuit Boards and Simulate experiments using Simulation software's like Pspice and Multisim. The atmosphere of the Vocational Educational Program was quite free. Students have learned a lot from the 10 days program and were satisfied with the answers from the intern. The inaugural session ended up with vote of thanks by Ms.B.Nikitha..

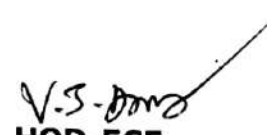

V. J. Army
HOD/ECE

Department of Electronics and Communication Engineering**CIRCULAR**

05.04.2019

Our Department has arranged the Vocational Education Career courses for our second year & third year students in order to fulfill our vision to create industry ready Engineers. Vocational courses are job oriented training programs. Mainly focus on instilling trade-wise skills in students. For this we are bringing the **Internal Faculty Member, Mr.Kannan.M (Assistant professor) of ECE Department** to take classes **PCB Designing and Simulation** in our Department students during 10.06.19 to 25.06.19 in the semester holidays. All the students must attend these courses without fail. Contact your Class advisor for correspondence and information.

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

“Vocational Education Career program on PCB Designing and Simulation”

FEED BACK FORM

Thank you for participating “Vocational Education Career program on PCB Designing and Simulation

“We would greatly appreciate if you could assist us in planning for future Vocational Education Career program by completing the following questionnaire.

NAME OF THE STUDENT: *Jemsheer A.*

SEX (M/F): *Male*

DEPARTMENT: *ECE*

EMAIL:

CONTACT NO: *8921900560*

NAME OF THE TRAINER: *Mr. Kannan M.*

[Tick (✓) in the relevant option]

Q1: How you were satisfied with registration process?

A: very dissatisfied B: Dissatisfied ☒ C: Satisfied D: Very satisfied

Q2: How satisfied were you with the materials provided?

A: very dissatisfied ☒ B: Dissatisfied C: Satisfied D: Very satisfied

Q3: How satisfied were you with speakers?

A: very dissatisfied B: Dissatisfied ☒ C: Satisfied D: Very satisfied

Q4: How satisfied were you with the facilities?

A: very dissatisfied B: Dissatisfied C: Satisfied ☒ D: Very satisfied

Q5: Was the program well organized?

A: very dissatisfied B: Dissatisfied ☒ C: Satisfied D: Very satisfied

Q6: Were the staff members helpful?

A: Strongly agrees B: Agree ☒ C: Disagree D: Strongly disagree

Q7: Do you plan to attend the vocational career program next year?

☒ A: Yes B: No

Q8: Would you recommend the program to others?

☒ A: Yes B: No

Q9: Did you feel the length of the program sessions were:

A: Long B: ☒ Just about right C: No

Q10: How would you rate this program compared to other program that you have attended earlier?

A: Poor ☒ B: Average C: Excellent

VOCATIONAL EDUCATIONAL TRAINING– REPORT

**Vocational Training on Process Operations Simulator using
PROSIM**

“Vocational Training on Process Operations Simulator using PROSIM” was arranged by the Department of Petrochemical Engineering from 28.05.18 to 13.06.18 (15 Days) in the JCT Seminar hall. Mr P. NAVEEN, General Manager, Meridian School of Oil & Gas Pvt. Ltd, has conducted the training programme about the Process Operations

Students of 3rd and 2nd year (Petrochemical and Petroleum Engineering) have participated in the training programme and interacted. Earlier, Dr.R.Perumal, Head of the department introduced the trainer. The training programme was arranged by the Petrochemical and Petroleum Engineering Association.

1. PROCESS MODELING

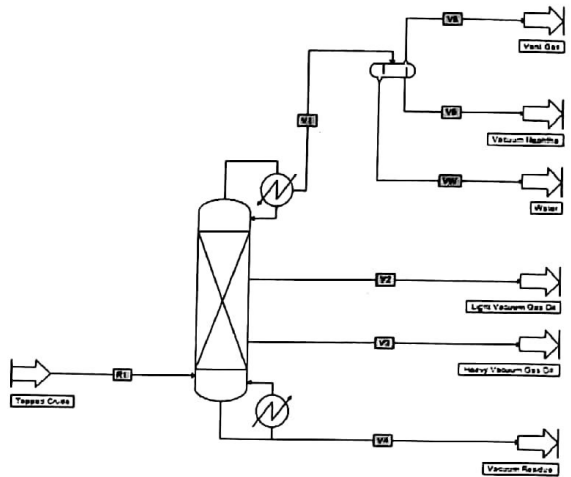

1.1. Process presentation

The vacuum distillation system is used to separate heavy petroleum cuts. It consists of a distillation column with a partial condenser and a reboiler equipped with two pumparounds. The liquid stream feeding the column is pre-heated in a furnace; this furnace is simulated through the reboiler heating since the feed is connected to the column bottom.

The feed pressure is equal to the column bottom pressure (85 mmHg). The feed temperature is 338°C; the feed stream is vapor/liquid at this temperature (vapor molar fraction of around 0.8). The liquid state is imposed for this stream: the vaporization enthalpy of the feed is taken into account in the heat duty of the reboiler that both simulates the furnace and the reboiler of the column.

The input data of this problem is available in [SIM83].

1.2. Flowsheet

1.3. Compounds

The petroleum cut to be processed has 30 compounds: water and 29 pseudo-compounds.

The pseudo-compounds are generated using the atmospheric TBP. Water is here a light end since it is solubilized in the petroleum cut and it is the lightest compound of the cut.

The pseudo-compounds creation service is available in the thermodynamic calculator editor as illustrated below.

The pseudo-compounds are generated using the following petroleum cut properties:

- the normal boiling point
- the specific gravity

The distillation curve is cut as follows: 20 compounds between 147 °C and 427 °C, 9 compounds between 427 °C and 677 °C.

The obtained molar composition of the topped crude is presented in the table below. The molar mass calculated is equal to 358.46 g/mol.

Compound	Molar composition
WATER	0.01691
NBP-407(K)	0.02079

1.4. Thermodynamic model

The studied process deals with mixtures of water and hydrocarbons. Thus, a Soave-Redlich-Kwong (SRK) equation of state with the "Water-Hydrocarbons" option has been chosen. The liquid molar volume calculation uses the "Ideal mixture" model.

1.5. Operating conditions

1.5.1. Feed

The aim is to process 329 371 kg/h of topped crude (including 280 kg/h of water). The feed petroleum cut is at 338°C and 65 mmHg. Liquid state has also been imposed.

1.5.2. Vacuum column

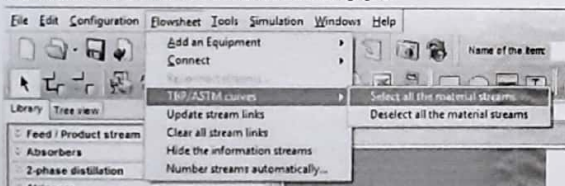

1.5.2.1 Parameters

- Characteristics:
 - o Distillation column with partial condenser
 - o Number of theoretical stages: 9
 - o Operating mode specifications: vapor distilled flowrate and reflux flowrate
 - o Pressure profile: 30 mmHg at the condenser, 30 mmHg at stage 2, 38 mmHg at stage 4, 50 mmHg at stage 6, 65 mmHg at the bottom
- Feed:
 - o Topped Crude at stage 9
- Sidestreams:
 - o Light Vacuum Gas Oil at stage 4
 - o Heavy Vacuum Gas Oil at stage 6
- Pumparound 1:
 - o From stage 4 to stage 2 (liquid phase)
 - o Flowrate: 276 220 kg/h
 - o Duty: - 7 Gcal/h (cooling)

2.2. Process Performances

With ProSimPlus, it is possible to generate the TBP/ASTM curves of material streams. To do so, two ways are available:

- Select the option to plot the TBP/ASTM curves of all the material streams of the process during the next simulation in the tab "Flowsheet" as shown in the following figure:

- Tick the "Calculate the TBP/ASTM curves for this stream" box in the configuration window of the material stream which TBP/ASTM curves have to be plotted during the next simulation as illustrated below:

1.5.3. General 3-phase flash

1.5.3.1 Parameters

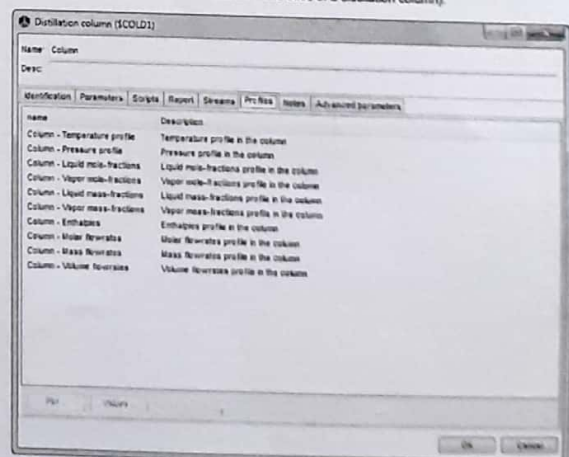

- Characteristics:
 - o Temperature: 20 °C
 - o Pressure: 25 mmHg

1.5.4. Numerical parameters

The default numerical parameters are used for all the unit operations excepted for the column which maximum damping factor is fixed to 0.5.

2.3. Column profiles

Profiles can be accessed after the simulation in each column configuration window, in the "Profiles" tab. Double clicking on the profile will generate the corresponding graph. It is important to note that, in ProSimPlus, the first stage corresponds to the top stage and the last stage to the bottom stage (respectively the condenser and the reboiler in the case of a distillation column).

- Pumparound 2.
 - o From stage 6 to stage 5 (liquid phase)
 - o Flowrate: 538 150 kg/h
 - o Duty: - 30 Gcal/h (cooling)

1.5.2.2 Objectives

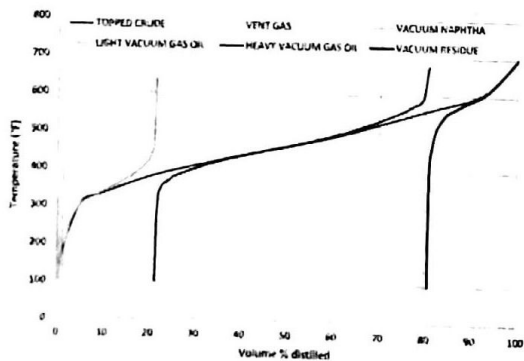

- Dry bottom liquid product flowrate: 70 m³/h (standard conditions)
Adjusted variable: vapor distillate flowrate
- Dry Light Vacuum Gas Oil flowrate: 72 m³/h (standard conditions)
Adjusted variable: Light Vacuum Gas Oil sidestream flowrate
- Dry Heavy Vacuum Gas Oil flowrate: 213 m³/h (standard conditions)
Adjusted variable: Heavy Vacuum Gas Oil sidestream flowrate
- Liquid flowrate at stage 4: 1 kmol/h
Adjusted variable: pumparound 1 reboiler duty
- Liquid flowrate at stage 6: 85 m³/h (standard conditions)
Adjusted variable: pumparound 2 reboiler duty

1.5.2.3 Initialization

- Liquid sidestream flowrate at stage 4: 100 kmol/h (this flowrate is adjusted by a specification).
- Liquid sidestream flowrate at stage 6: 100 kmol/h (this flowrate is adjusted by a specification).
- Vapor distillate flowrate: 100 kmol/h (this flowrate is adjusted by a specification)
- Reflux flowrate: 0 kmol/h
- Liquid distillate flowrate: 0 kmol/h

To reach this option the "Initialized stream" box has to be ticked and then unticked once the "Calculate the TBP/ASTM curves for this stream" box has been ticked.

The following figure shows on a same graph the TBP at 760 mmHg curve of the topped crude entering the vacuum column and the ones of the obtained cuts:

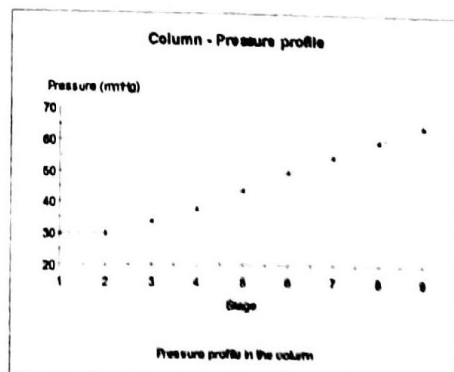

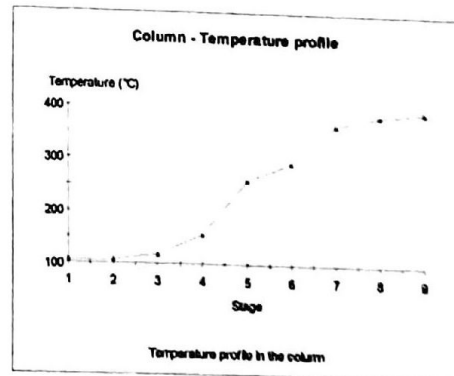

2. RESULTS

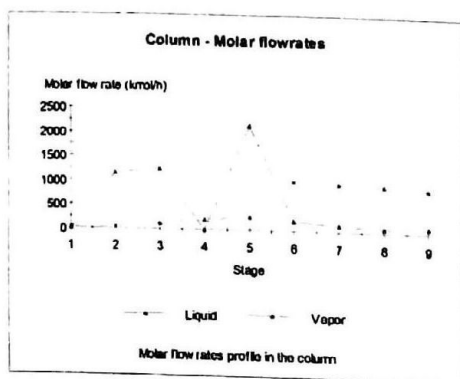

2.1. Mass and energy balances

This document only presents the most relevant stream results. In ProSimPlus, mass and energy balances are provided for every stream. Results are also available at the unit operation level (Results tab in the configuration window).

Stream	Flow	Temp	Pressure	Enthalpy	Entropy	Exergy	Exergy Loss

Certificate of Participation

This is to certify that Mr/Ms ARJUN HARIDAS has successfully completed the
Vocational Educational Training Course on Process Operations Simulator
using 'PROSIM' from 28.05.2018 to 13.06.2018.

TRAINER

HoD/PCE

PRINCIPAL

CIRCULAR

12.05.2018

Our Department has arranged the Vocational Educational and Career courses for our students in order to fulfill our vision to create industry ready Engineers. We are bringing the industrial Expert Mr. P. NAVEEN from Meridian School of Oil & Gas Pvt. Ltd to take classes on Process Operations Simulator using PROSIM from 28.05.18 to 13.06.18 (15 Days) during the semester holidays. All the students must attend the course without fail. Contact your Class advisor for correspondence and information.

VOCATAIONAL EDUCATIONAL TRAINING– REPORT

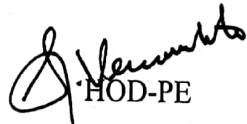

**Vocational Training on Process Operations Simulator using
PROSIM**

“Vocational Training on Process Operations Simulator using PROSIM” was arranged by the Department of Petrochemical and petroleum Engineering from 28.05.18 to 13.06.18 (15 Days) in the JCT Seminar hall. Mr P. NAVEEN, General Manager, Meridian School of Oil & Gas Pvt. Ltd, has conducted the training programme about the Process Operations

Students of 3rd year (Petrochemical and Petroleum Engineering) have participated in the training programme and interacted. Earlier, Dr.R.Perumal, Head of the department introduced the trainer. The training programme was arranged by the Petrochemical and Petroleum Engineering Association.

Report on "Introduction to BIM software"

The Department of Civil Engineering organized a Vocational educational Career Programme on **Introduction to BIM software**, from 05.06.2017 to 15.06.2017. The resource person for this program was **Mr.Rahul**, CADD trainer, CADD Centre, Palakkad. The program started with the prayer song. The welcome address was given by Mr.A.Kumar, Head of the department, Department of Civil Engineering. The Felicitation address was given by Dr.G Ramesh, Principal of JCT College of Engineering and Technology, Coimbatore. The Introduction about the Chief Guest was given by Ms.Uma.A, 4th year Civil Engineering. The chief guest gave an introduction about Building Information Modelling(BIM) and its relevance in construction. He then explained the necessity and benefits of BIM software by illustrating a power point presentation.

He explained about the innovations in BIM impacting the AV professional and also explained the parametric elements of BIM software. Besides, he said about the applications of BIM software in various constructions. Also he explained about the considerations and limitations of this software .In addition, he encouraged students to learn this software and other job opportunities related to this.

The atmosphere of the Vocational Educational Programme was quite free. We learned a lot from the 3 days Programme and were satisfied with the answers from the speaker. Mr.Ranjith kumar, 4th year Civil Engineering student concluded the programme with vote of thanks.

Report on "Introduction to STAAD Pro software"

The Department of Civil Engineering organized a Vocational educational Career Programme on **Introduction to STAAD Pro software**, from 04.06.2018 to 14.06.2018. The resource person for this program was **Mr.Dileep**, CAAD expert,Palakkad. The program started with the prayer song. The welcome address was given by Mr.A.Kumar, Head of the department, Department of Civil Engineering. The Felicitation address was given by Dr.G Ramesh, Principal of JCT College of Engineering and Technology, Coimbatore. The Introduction about the Chief Guest was given by Mr.Afsal.P, 4th year Civil Engineering. The chief guest gave an introduction about the software and its relevance in design and analysis of structures.

He explained that it can make use of various forms of analysis from the traditional static analysis to more recent analysis methods like p-delta analysis, geometric non linear analysis, etc. He also explained how to use this software and various applications of it. Finally he explained about the job opportunities regarding this software.

The atmosphere of the Vocational Educational Program was quite free. We learned a lot from the 10 days Program and were satisfied with the answers from the speaker. Ms. Anjana pradeep, 4th year Civil Engineering student concluded the programme with vote of thanks.

Report on Network and Security

The Department of Computer Science and Engineering organized a Vocational educational Career Program on **Network and Security**, from 04.06.18 to 20.06.18 June 2018. The resource person for this program was **Mr.P.K.Amarnath**, Operation Head & Consultant, Avatar Academy, Erode. The program started with the prayer song. The welcome address was given by Mr.K Sivakumar, Assistant Professor, Department of Computer Science and Engineering. The Felicitation address was given by Dr.G Ramesh, Principal of JCT College of Engineering and Technology, Coimbatore. The Introduction about the Chief Guest was given by PRIYADHARSHINI.A, 3rd year Computer Science and Engineering. The chief guest first gave an introduction about Networking and the security concepts and we learn about the following concepts

- Basics of Linux Operating Systems.
- Understand the networking standards and specifications.
- Build a SOHO network.
- Understand TCP/IP, Protocol analysis and IP addressing (IPv4 and IPv6)
- Understand the concepts of Subnetting, IP Routing and NAT.
- Configure Switching and VLANs
- Configure Wireless networking.
- Configure firewalls and basic server applications.
- Understand network security, management and troubleshooting

He talked about the job opportunities related to cyber security. Mr.AKSHAY.G.BHAT, 3rd year Computer Science and Engineering concluded with a vote of thanks.

Report of Vocational Training Programme

Department of Automobile Engineering organized a Vocational educational Training Program on **Automobile Training Course**, from 20.06.2018 to 06.07.2018. The resource person for this program was **Mr.Muruganatham.S**, Senior Trainer, Karivardhan Vocation Training Institute, Coimbatore. The program started with the prayer song. The welcome address was given by Mr.K.Santhosh, Assistant Professor, Department of Automobile Engineering. The Felicitation address was given by Dr.G Ramesh, Principal of JCT College of Engineering and Technology, Coimbatore. The Introduction about the Chief Guest was given by Mr.Ajith.U, 3rd year Automobile Engineering. The chief guest first gave an introduction on engine components and modern tools. He then explained about the step by step engine dismantling and assembling procedure.

He said about the usage of modern tools and how to handle the modern tools to us. He insisted about preventive actions and safety rules to be follow inside the carriage. He talked about the job opportunities related to automobile field.

The atmosphere of the Vocational Educational Program was very intrusting. We learned a lot from the 15 days Program and were satisfied with the answers from the trainer. Mr.YESWANTH.R, 3rd year Automobile Engineering concluded with a vote of thanks.

Report on Reverse Engineering

The Department of Mechanical Engineering organized a Vocational educational Career Program on Reverse Engineering, from 18.06.2018 to 04.07.2018. In June 2018, the resource person for this program was Mr. Punithavathi Kamaraj, Operation Head, SS Technovation, Coimbatore. The program started with the prayer song. The welcome address was given by Dr. Goshteeswaran.S, Head of Mechanical Engineering Department. The Felicitation address was given by Dr. Ramesh.G, Principal of JCT College of Engineering and Technology, Coimbatore. The Introduction about the Chief Guest was given by Mr. Rajkiran S, 3rd year Mechanical Engineering. The chief guest first gave an introduction about the current trends in Mechanical Engineering and the importance of reverse engineering to the development of the world. He then explained about the reverse engineering process by illustrating a power point presentation.

He went through each concept with examples. He explained the new technology in reverse engineering and its cutting edge in research and developing process. Details regarding the manufacturing process and procedure have been shared. He gave details regarding opportunities related to reverse engineering.

The atmosphere of the Vocational Educational Program was quite free. We learned a lot from the 15 days Program and were satisfied with the answers from the speaker. Mr. Ashik.K, 3rd year Mechanical Engineering concluded with a vote of thanks.

VET REPORT – 2017-18

Topic: Hands on training on processing of fruits and vegetables

Name of the Speaker: Dr. G. Ramesh

Name of the Trainer: Ms. Swathi, Mr. A. Joseph Amruthraj

Date/Session: 01.06.18 to 16.06.18

Venue: Food Technology Department Lab

SUMMARY OF THE VET:

Processing of fruits and vegetable is very important stage in food industries for the export of those. Many methods for increasing the self life of the fruits and vegetables are followed in the food processing industries.

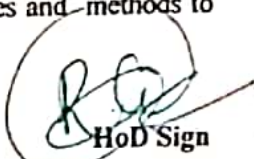

Inaugural function for the Vocational Training programme

Session Outcome:

At the end of the session the following outcomes were gained

1. Students are aware of the processing techniques.
2. Students gained practical knowledge on processing fruits and vegetables.
3. The are now aware of problems faced during transport of fruits and vegetables and methods to over come the problems.

Dear Sir,

Greetings from JCT College of Engineering & Technology!

Sub: Requesting for Vocational courses on "Auto cad Electrical"– Reg

On behalf of JCT College of Engineering & Technology, I am very pleased to have the honor of inviting you to conduct Vocational Training course on "AutoCAD Electrical" in our college.

The Trainer will be handling classes for the EEE Students during semester from 18.06.18 to 03.07.18 (14 Days). Sir I request you to give permission for the above at the earliest.

Please let us know if you will require any Audio-Visual Equipments or additional technical support. Also, please keep us informed of the travel itinerary.

We look forward to your presence and guidance.

Best wishes

Thanking you

Yours Sincerely

Dr. N. Gaetha

Dear Madam,

Subject: Acceptance of Vocational Course on dated 01.06.2018-reg.

..Greetings from AUTODESK Training Center

Here by I Accept Your Request with Reference to your letter Dated 07.06.2018.
Mr.M.Surendar and Mr.T.R.Kiran, Instructors from our company will be allocated for the dates mentioned in your Letter.

For their presentation, they will need an overhead projector, a chalk board, and a podium with a microphone. Also, I hope you can send me some information on my audience's general educational background and professional experience, so I can put together the appropriate technical material.

Thank you very much and I am looking forward in seeing you soon.

Faithfully

CIRCULAR

13.06.2018

Our Department has arranged the Vocational courses for our students in order to fulfill our vision to create industry ready Engineers. We are bringing the industrial Experts Mr.M.Surendar and Mr.T.R.Kiran instructors from Autodesk to conduct training courses on Auto cad Electrical to our Department students during the semester holidays (18.06.18 to 03.07.18-14 Days). All the students must attend these courses without fail. Contact your Class advisor for correspondence and information.

Report on Vocational Course

VOCATIONAL COURSE ON "AutoCAD Electrical" ORGANIZED BY DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING, JCTCET ON FROM 18.06.18 to 03.07.18

Vocational Course was conducted on "AutoCAD Electrical Organized by Department of Electrical and Electronics Engineering, 60 students and faculty members of EEE were participated from 18.06.18 to 03.07.18 at Computer Laboratory-I.JCT college of Engineering and Technology. The Executive Trainees Mr.M.Surendar and Mr.T.R.Kiran was the chief guest of the function.

Autodesk is a leading Manufacturer of CAD that makes software services for the architecture, engineering, construction, manufacturing, media, education, and entertainment industries. The students were practiced, designed and simulated an electrical systems using Electrical Auto cad software

The Vocational Course conducted was very much useful, imitated motivations for the students as well as the staffs by conducting theory and practical section about AutoCAD

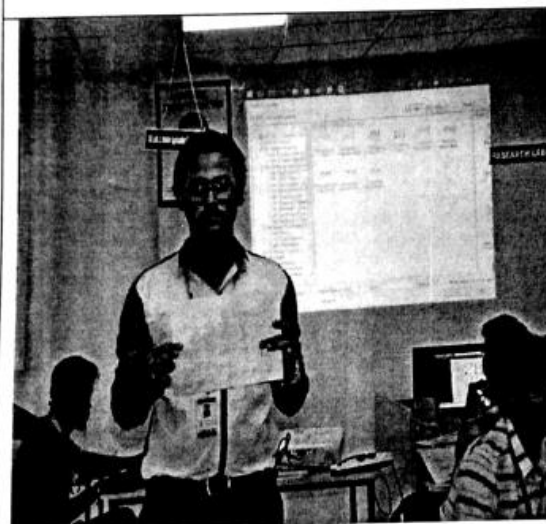

The Cheif Guest Mr.M.Surendar and Mr.T.R.Kiran Welcomed by Mr.S.Manikandan (Assistant professor/EEE) , Honouring chief guest by Dr.K.Geetha (HoD-EEE),Inaugural Address by Mr.M.Surendar, Vote of Thanks by Ms. J.Priyadharshini.

All the faculty members and Technical staff in the Department of Electrical and Electronics Engineering have put their unsparing effort to make the event great success

Certificate of Participation

Congratulations!

On behalf of Autodesk and its training and education partners, thank you for participating in this event. Autodesk's vision is to help people imagine, design, and create a better world. We hope that this event has encouraged you to use software tools that enable you to experience ideas before they become realities.

ROADMAP FOR AUTO CAD ELECTRICAL

- AutoCAD® is computer-aided design (CAD) software that architects, engineers and construction professionals rely on to create precise 2D and 3D drawings.
- Electrical schematic design
- Electrical controls design
- Electrical Symbols library
- Auto cad Electrical Toolset
- Create panel layouts, schematic diagrams and other electrical drawings using specialized tools.
- Helps you to create, modify and document electrical controls systems.
- Includes a library of 65,000+ intelligent electrical symbols to support AS, GB, IEC, IEC-60617, JIC, JIS, NFPA and IEEE standards.
- Use consistent project standards with drawings organized in a project-based structure.
- Learn how to set up AutoCAD Electrical projects to work with Inventor
- Understand how to set up Inventor designs to utilize AutoCAD Electrical data
- Understand the process of design change iterations
- Learn how to manage Inventor and AutoCAD Electrical components

Report on Arduino programming and hardware fundamentals

The Department of Electronics and communication Engineering organized a Vocational educational Career Program on **Arduino programming and hardware fundamentals**, from 05.06.2018 to 20.06.2018. The resource person for this program was **Mr.K.S.Rathinasamy, Arduino trainer** from Beta technologies India Pvt Ltd., Coimbatore. The program started with the prayer song followed by lighting of kuthuvilaku. HoD of ECE Dr.V.J.Arulkarthick welcomes the gathering followed by the presidential address of principal Dr.G.Ramesh. Chief Guests gave the inaugural address on core industrial needs, expectation from the engineers for molding the engineers. The Inaugural function was concluded with the vote of thanks by Miss.S Saranya, Final Year of ECE Department.

Arduino is an open-source platform used for building electronics projects. Arduino consists of both a physical programmable circuit board (often referred to as a microcontroller) and a piece of software, or IDE (Integrated Development Environment) that runs on your computer, used to write and upload computer code to the physical board. The Arduino platform has become quite popular with people just starting out with electronics, and for good reason. Unlike most previous programmable circuit boards, the Arduino does not need a separate piece of hardware (called a programmer) in order to load new code onto the board you can simply use a USB cable. Additionally, the Arduino IDE uses a simplified version of C++, making it easier to learn to program. Finally, Arduino provides a standard form factor that breaks out the functions of the microcontroller into a more accessible package. Hands on training session also included in this program. Students have learned a lot from the 15 days program and were satisfied with the answers from the intern. The inaugural session ended up with national anthem.

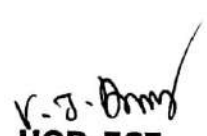

HOD/ECE

Department of Electronics and Communication Engineering**CIRCULAR**

25.04.2018

Our Department has arranged the Vocational Education Career courses for our second year & third year students in order to fulfill our vision to create industry ready Engineers. Vocational courses are job oriented training programs. Mainly focus on instilling trade-wise skills in students. For this we are bringing the Industrial experts from **Beta technologies India Pvt Ltd., Coimbatore** to take classes **on Arduino programming and hardware fundamentals** from 05.06.2018 to 20.06.2018 during the semester holidays. All the students must attend these courses without fail. Contact your Class advisor for correspondence and information.

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

FEED BACK FORM

Name of the Student: Meenu Vijayan Sex (M/F): Female
Department: ECE E-mail: meenu.vt.204.1998@gmail.com
Address: _____ Mobile: 9995956792

Students are required to rate the courses

Name of the Trainer: M. K. S. Rathinam

Please select the rating for the each section based on the following criteria:

5=Excellent 4=good 3=average 2=fair 1=poor

Please rate the trainer(S) on the following:	
1. Knowledge of the subject matter.	5 4 ☒ 3 2 1
2. Ability to explain and illustrate concepts.	5 4 3 2 ☒ 1
3. Ability to answer questions completely.	5 ☒ 4 3 2 1
Please rate the content and structure of the training:	
4. The usefulness of the information	5 4 3 ☒ 2 1
5. The structure of the course session(s).	5 4 3 2 ☒ 1
6. The pace of the course session (s).	5 ☒ 4 3 2 1
7. The convenience of the course schedule.	5 4 3 ☒ 2 1
8. The usefulness of the course materials.	5 ☒ 4 3 2 1
9. Was this course appropriate for your Level of experience?	5 4 3 2 ☒ 1

If you said 'NO' to #9, please explain:

School of Electronics...

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

CERTIFICATE OF PARTICIPATION

This is to certify that

Miss. Meenu Vijayan.

has successfully completed the Vocational Educational Course

during 05.06.2018 to 20.06.2018 on topic "Arduino programming and hardware fundamentals" at

JCT College of Engineering and Technology, Pichanur, Coimbatore,

CO-ORDINATOR

HOD/ECE

PRINCIPAL

**JCT COLLEGE OF ENGINEERING AND TECHNOLOGY
PICHANUR COIMBATORE – 641 105
DEPARTMENT OF PETROCHEMICAL ENGINEERING**

VOCATIONAL EDUCATIONAL TRAINING– REPORT

**VOCATIONAL TRAINING ON HEALTH, SAFETY & ENVIRONMENT
(HSE) – OIL & GAS**

“Vocational Training on HEALTH, SAFETY & ENVIRONMENT (HSE) – Oil & Gas” was arranged by the Department of Petrochemical and Petroleum Engineering from 29.05.17 to 15.06.17 (15 Days). Mr P. NAVEEN, General Manager, Meridian School of Oil & Gas Pvt. Ltd, has conducted the training programme about the Health, Safety & Environment

Students of 3rd and 2nd year (Petrochemical and Petroleum Engineering) have participated in the training programme and interacted. Earlier, Dr.R.Paramasivam, Head of the department introduced the trainer. The training programme was arranged by the Petrochemical Engineering Association.

CIRCULAR

17.05.2017

Our Department has arranged the Vocational Educational and Career courses for our students in order to fulfill our vision to create industry ready Engineers. We are bringing the industrial Expert Mr. P. NAVEEN from Meridian School of Oil & Gas Pvt. Ltd to take classes on HEALTH, SAFETY & ENVIRONMENT (HSE) – Oil & Gas from 29.05.17 to 15.06.17 (15 Days) during the semester holidays. All the students must attend the course without fail. Contact your Class advisor for correspondence and information.

HOD-PCE

Circulation to:

II & III PCE Class Room

To be displayed on Notice Board.

VOCATIONAL EDUCATIONAL PROGRAM**Academic year 2016-2017****HEALTH, SAFETY & ENVIRONMENT (HSE) – Oil & Gas****Course Objectives**

The objective of the course is to impart knowledge and engineering/ aspects of process safety engineering for hydrocarbon processing with emphasis on the upstream of oil and gas sector.

Course Contents:**Control of Workplace Hazards**

- Workplace Hazards and Risk Control
- Transport Hazards and Risk Control
- Musculature Hazards and Risk Control
- Work Equipment Hazards and Risk Control
- Electrical Safety
- Fire Safety
- Chemical and Biological Health Hazards and Risk control
- Physical and physiological Health Hazards and Risk control

HSE Management

- Foundation in Health and safety
- Health and Safety Management Systems 1-policy
- Health and Safety Management Systems 2-Organising
- Health and Safety Management Systems 3-Planning
- Health and safety Management Systems 4- Measuring, Audit & Review

Process Safety & Risk Analysis

- Introduction to Process Safety & Risk Analysis
- Process Safety tools and techniques
 - - Hazop – Hazard & Operability Study
 - LOPA – Layer of Protection Analysis & Introduction to Safety Instrumented Systems and SIL Studies
 - Bowtie Analysis
 - Job Safety Analysis
 - Job Safety Analysis

VOCATIONAL EDUCATIONAL PROGRAM

Academic year 2016-2017

HEALTH, SAFETY & ENVIRONMENT (HSE) – Oil & Gas

Course Objectives

The objective of the course is to impart knowledge and engineering/ aspects of process safety engineering for hydrocarbon processing with emphasis on the upstream of oil and gas sector.

Course Contents:

Control of Workplace Hazards

- Workplace Hazards and Risk Control
- Transport Hazards and Risk Control
- Musculature Hazards and Risk Control
- Work Equipment Hazards and Risk Control
- Electrical Safety
- Fire Safety
- Chemical and Biological Health Hazards and Risk control
- Physical and physiological Health Hazards and Risk control

HSE Management

- Foundation in Health and safety
- Health and Safety Management Systems 1-policy
- Health and Safety Management Systems 2-Organising
- Health and Safety Management Systems 3-Planning
- Health and safety Management Systems 4- Measuring, Audit & Review

Process Safety & Risk Analysis

- Introduction to Process Safety & Risk Analysis
- Process Safety tools and techniques
 - - Hazop – Hazard & Operability Study
 - LOPA – Layer of Protection Analysis & Introduction to Safety Instrumented Systems and SIL Studies
 - Bowtie Analysis
 - Job Safety Analysis
 - Job Safety Analysis

**VOCATIONAL TRAINING ON HEALTH, SAFETY & ENVIRONMENT
(HSE) – OIL & GAS**

“Vocational Training on HEALTH, SAFETY & ENVIRONMENT (HSE) – Oil & Gas” was arranged by the Department of Petrochemical and Petroleum Engineering from 29.05.17 to 15.06.17 (15 Days). Mr P. NAVEEN, General Manager, Meridian School of Oil & Gas Pvt. Ltd, has conducted the training programme about the Health, Safety & Environment

Students of 3rd year (Petrochemical and Petroleum Engineering) have participated in the training programme and interacted. Earlier, Dr.R.Paramasivam, Head of the department introduced the trainer. The training programme was arranged by the Petrochemical Engineering Association.

The Department of Civil Engineering organized a Vocational educational Career Programme on **Introduction to STAAD Pro software**, from 13.06.2016 to 23.06.2016. The resource person for this program was **Mr.Dileep**, CAAD expert, Palakkad. The program started with the prayer song. The welcome address was given by Mr.A.Kumar, Head of the department, Department of Civil Engineering. The Felicitation address was given by Dr.G Ramesh, Principal of JCT College of Engineering and Technology, Coimbatore. The Introduction about the Chief Guest was given by Ms.Arunthadhi Nair, 4th year Civil Engineering. The chief guest gave an introduction about the software and its relevance in design and analysis of structures.

He explained that it can make use of various forms of analysis from the traditional static analysis to more recent analysis methods like p-delta analysis, geometric non linear analysis, etc. He also explained how to use this software and various applications of it. Finally he explained about the job opportunities regarding this software.

The atmosphere of the Vocational Educational Program was quite free. We learned a lot from the 10 days Program and were satisfied with the answers from the speaker. Ms.Anees pradeepa.A, 4th year Civil Engineering student concluded the programme with vote of thanks.

HEAD OF THE DEPARTMENT

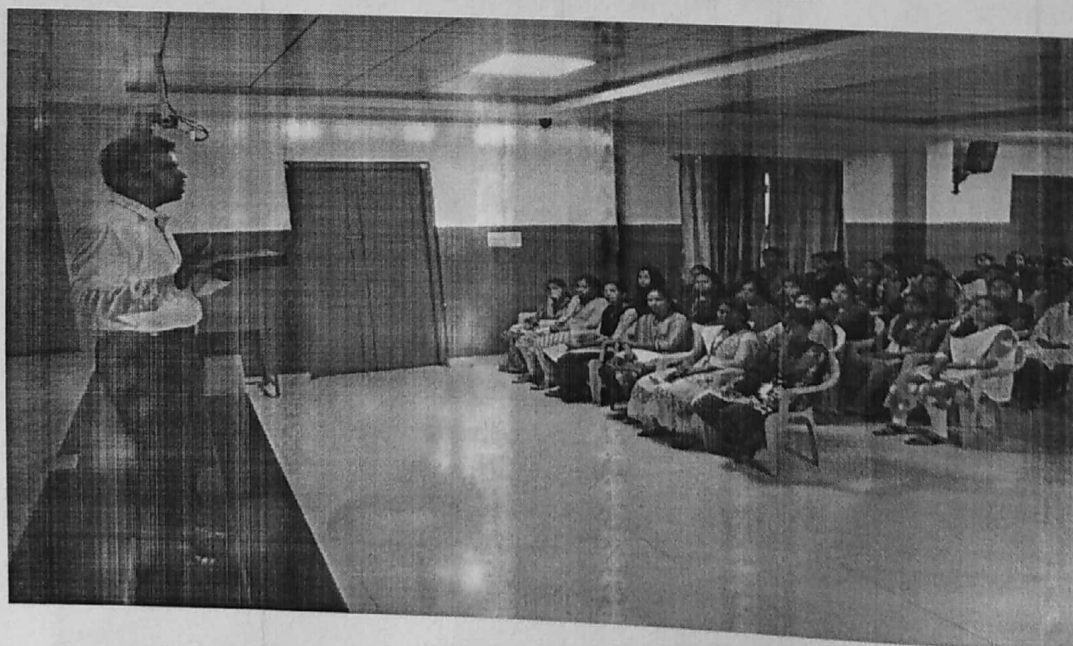

PRINCIPAL

Report on Network and Security

The Department of Computer Science and Engineering organized a Vocational educational Career Program on **Network and Security**, from 29.05.17 to 14.06.17 May-June 2017. The resource person for this program was **Mr.P.K.Amarnath**, Operation Head & Consultant, Avatar Academy, Erode. The program started with the prayer song. The welcome address was given by Mr.K Sivakumar, Assistant Professor, Department of Computer Science and Engineering. The Felicitation address was given by Dr.G Ramesh, Principal of JCT College of Engineering and Technology, Coimbatore. The Introduction about the Chief Guest was given by KANNATH SUDEESH BALAKRISHNAN, 3rd year Computer Science and Engineering. The chief guest first gave an introduction the about Network and Security and we learn about the following

- Basics of Linux Operating Systems.
- Understand the networking standards and specifications.
- Build a SOHO network.
- Understand TCP/IP, Protocol analysis and IP addressing (IPv4 and IPv6)
- Understand the concepts of Subnetting, IP Routing and NAT.
- Configure Switching and VLANs
- Configure Wireless networking.
- Configure firewalls and basic server applications.
- Understand network security, management and troubleshooting

He talked about the job opportunities related to cyber security. Ms.Akshay Menon.S, 3rd year Computer Science and Engineering concluded with a vote of thanks.

Report of Vocational Training Programme

Department of Automobile Engineering organized a Vocational educational Training Program on Automobile Training Course, from 23.06.2017 to 10.07.2017. The resource person for this program was **Mr.S.Karthikeyan**, Senior Trainer, Karivardhan Vocation Training Institute, Coimbatore. The program started with the prayer song. The welcome address was given by Mr.K.Santhosh, Assistant Professor, Department of Automobile Engineering. The Felicitation address was given by Dr.G Ramesh, Principal of JCT College of Engineering and Technology, Coimbatore. The Introduction about the Chief Guest was given by Mr.V.Nagapraveen, 3rd year Automobile Engineering. The chief guest first gave an introduction on engine components and modern tools. He then explained about the step by step engine dismantling and assembling procedure.

He said about the usage of modern tools and how to handle the modern tools to us. He insisted about preventive actions and safety rules to be follow inside the carriage. He talked about the job opportunities related to automobile field.

The atmosphere of the Vocational Educational Program was very intrusting. We learned a lot from the 15 days Program and were satisfied with the answers from the trainer. Mr. Vivek Thomas, 3rd year Automobile Engineering concluded with a vote of thanks.

HOD/AUTO

VET REPORT – 2016-17

Topic: Hands on training on Baking and Confectionaries

Name of the Speaker: Dr. G. Ramesh, The Principal, JCT.

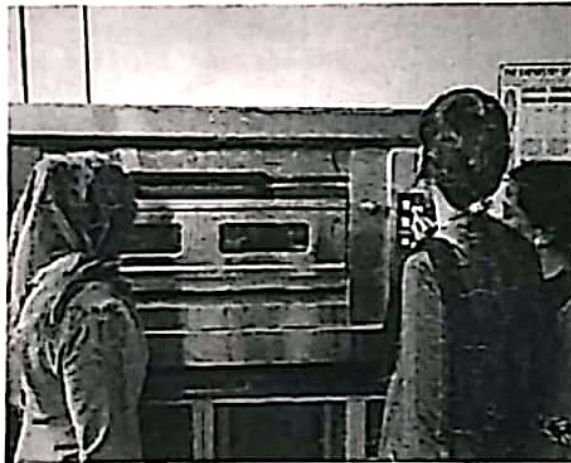

Name of the Trainer: Mr. Akash, Ms. Harini P

Date/Session: 05.06.17 to 20.06.17

Venue: Food Technology Department Lab

SUMMARY OF THE VET:

Baking is the process of preparing food that used dry heats. In baking heat is generally transferred from the surface of cakes, cookies, and breads to their core areas. Baking and

Students While doing Baking process

Session Outcome:

At the end of the session the following outcomes were gained

1. Types of baking has been done practically by the students
2. Students gained practical knowledge on baking.
3. The are now aware of problems faced during baking and methods to over come the problems.

Dear Sir,

Greetings from JCT College of Engineering & Technology!

Sub: Requesting for Vocational courses on "Hands on Training in Embedded Systems"– Reg

On behalf of JCT College of Engineering & Technology, I am very pleased to have the honor of inviting you to conduct Vocational Training course on "Hands on Training in Embedded Systems" in our college.

The Trainer will be handling classes for the EEE Students during semester from 05.06.17 to 20.06.17 (14 Days). Sir I request you to give permission for the above at the earliest.

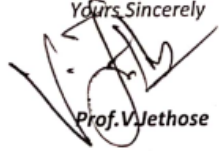

Please let us know if you will require any Audio-Visual Equipments or additional technical support. Also, please keep us informed of the travel itinerary.

We look forward to your presence and guidance.

Best wishes

Thanking you

Yours Sincerely

Prof. V. Jethose

Dear sir,

Sub: Acceptance of letter dated 31.05.2017. –Reg...

Greetings from Beta Technologies Pvt Ltd

I am very pleased to be accepting your invitation to conduct Vocational Educational course for EEE students at your college. Mr.Manikandamurali and Ms.S.Subashree shall be allocated from our company for the dates mentioned in your Letter. For presentation, I will need an overhead projector, a chalk board, and a podium with a microphone.

I am looking forward to attending the event.

Sincerely

Report on Vocational Educational Course

**VOCATIONAL COURSE ON "HANDS ON TRAINING IN EMBEDDED SYSTEMS"
ORGANIZED BY DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING,
JCTCET ON FROM 05.06.17 to 20.06.17**

Vocational Course was conducted on "Hands on Training in Embedded Systems" Organized by Department of Electrical and Electronics Engineering, 46 students and faculty members of EEE were participated from 05.06.17 to 20.06.17 at JCT college of Engineering and Technology.

The Vocational Course conducted was very much useful, imitated motivations "for the students as well as the staffs by conducting theory and practical section about Embedded Systems. The topics covered during sessions are Introduction To Embedded Systems Embedded C Programming Language - O/P Configurations I/P Configuration Switch, 7 Segment Display, LCD Interfacing With PIC , I/P Configuration Using Switches, 7 Segment Display. The students were done experiment with embedded system topics such as 7 Segment display, LCD interfacing, keypad and matrix interfacings

The Executive Trainees Mr.Manikandamurali ,Ms.S.Subashree, Beta Technologies Pvt Ltd welcomed by Prof.V.Jethose (HoD/EEE) , honouring chief guest by Dr.G.Ramesh (Principal),inaugural Address by Mr.Manikanda murali , Vote of Thanks by Ms. M.D.Saravanan

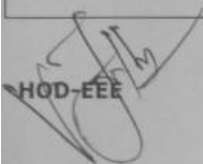

All the faculty members and Technical staff in the Department of Electrical and Electronics Engineering have put their unsparing effort to make the event great success

Report on Arduino with internet of things

The Department of Electronics and communication Engineering organized a Vocational educational Career Program on **Arduino with internet of things**, from 10.06.2017 to 25.06.2017. The resource person for this program was **Mr.Thangavelu.P**, Operation Head & Consultant, Pantech ProEd Pvt Ltd. The inaugural session starts with the prayer song. The welcome address was given by Mr.Pon Bharathi.A, Assistant Professor (Department of ECE). The presedential address was given by Dr.G Ramesh, Principal of JCT College of Engineering and Technology, Coimbatore. The Introduction about the Chief Guest was given by Ms.Deepika.R, 3rd year ECE.

Nowadays **Internet of Things (IoT)** is a pervasive technology that is changing the way we live and how we interact with devices. This post describes how to create Internet of things system with **Android and Arduino**. In IoT project, all the physical objects (things) are connected together using internet infrastructure. **Arduino** board is one of the most important device that enables us to prototype projects. In this post, we will explore how to integrate **Android with Arduino** making the first step in **IoT**. He will give an idea about how build an Arduino IoT project using a step by step guide.

He introduced and gives us the detail explanation about siguino. Siguino is based on a low-power version of the Arduino Pro Mini that has onboard sensors and antenna and runs off a single battery. It also leverages Sigfox, a low-power wide area network designed to connect IoT devices to the cloud. IoT is an advanced automation and analytics system which deals with artificial intelligence, sensor, networking, electronic, cloud messaging etc. to deliver complete systems for the product or services. The system created by IoT has greater transparency, control, and performance.

As we have a platform such as a cloud that contains all the data through which we connect all the things around us. For example, a house, where we can connect our home appliances such as air conditioner, light, etc. through each other and all these things are managed at the same platform. Since we have a platform, we can connect our car, track its fuel meter, speed level, and also track the location of the car.

The atmosphere of the Vocational Educational Program was quite free. Students learned a lot from the 10 days Program and were satisfied with the answers from the speaker. The inaugural session concluded with a vote of thanks and national anthem.

CIRCULAR

20.04.2017

Our Department has arranged the Vocational Education Career courses for our second year & third year students in order to fulfill our vision to create industry ready Engineers. Vocational courses are job oriented training programs. Mainly focus on instilling trade-wise skills in students. For this we are bringing the Industrial experts from **Pantech ProEd Private Ltd**, Coimbatore to take classes on **ARDUINO WITH INTERNET OF THINGS** during 10.06.17 to 25.06.17 in the semester holidays. All the students must attend these courses without fail. Contact your Class advisor for correspondence and information.

VOCATIONAL EDUCATIONAL TRAINING– REPORT

Vocational Training on Plant Layout and Process Safety

“Vocational Training on Plant Layout and Process Safety” was arranged by the Department of Petrochemical Engineering from 30.05.16 to 16.06.16 (15 Days) in the JCT Seminar hall. Prof.N.Krishnaswamy, Dean – PCE & PE, JCT College of Engineering and Technology, has conducted the training programme about the Plant Layout and Process Safety.

Students of 3rd year Petrochemical have participated in the training programme and interacted. Earlier, Dr.R.Paramasivam, Head of the department has started the session and gave introduction speech about the session. The training programme was arranged by the Petrochemical Engineering Association.

12.05.2016

Our Department has arranged the Vocational Educational and Career courses for our students in order to fulfill our vision to create industry ready Engineers. We are bringing the industrial Experts Mr.SURESH . M from Apex Petrotech Services Pvt.Ltd. to take classes **Principles Of Electrical Resistivity Survey And Its Application In Oil And Gas Exploration To Identify The Subsurface Lithology, Porosity And Permeability** in our Department students during 16.05.16 to 06.06.16 (10 Days)the semester holidays. All the students must attend these courses without fail. Contact your Class advisor for correspondence and information.

HOD-PE**Circulation to:**

- III PE Class Room
- To be displayed on Notice Board.

VOCATIONAL EDUCATIONAL TRAINING– COURSE PLAN**PRINCIPLES OF ELECTRICAL RESISTIVITY SURVEY AND ITS
APPLICATION IN OIL AND GAS EXPLORATION TO IDENTIFY THE
SUBSURFACE LITHOLOGY, POROSITY AND PERMEABILITY**

The Integrated Petroleum Engineering Field Survey & 3D/4D Attributes Interpretation course cover the petroleum engineering fundamental field survey activities which includes primary survey (Gravity, Magnetic & Electrical Survey) and secondary survey methods (Seismic and Well logging). Software and manual interpretations are done on second day of the training using softwares.

COURSE CONTENT

- Rock and fluid properties
- The reservoir model
- Reservoir management process
- Field development plan
- Basic concepts of reservoir performance
- Fluids and fluid types
- Basic gas deliverability
- Production data analysis
- Manual log analysis
- Analysis and modeling
- Data acquisition
- Petroleum Production Engineering
- Well Logging

Report on "Introduction to BIM software"

The Department of Civil Engineering organized a Vocational educational Career Programme on **Introduction to BIM software**, from 11.05.2015 to 21.05.2015. The resource person for this program was **Mr.Rahul**, CADD trainer, CADD Centre, Palakkad. The program started with the prayer song. The welcome address was given by Mr.A.Kumar, Head of the department, Department of Civil Engineering. The Felicitation address was given by Dr.G Ramesh, Principal of JCT College of Engineering and Technology, Coimbatore. The Introduction about the Chief Guest was given by Ms.Akhila, 4th year Civil Engineering. The chief guest gave an introduction about Building Information Modelling(BIM) and its relevance in construction. He then explained the necessity and benefits of BIM software by illustrating a power point presentation.

He explained about the innovations in BIM impacting the AV professional and also explained the parametric elements of BIM software. Besides, he said about the applications of BIM software in various constructions. Also he explained about the considerations and limitations of this software .In addition, he encouraged students to learn this software and other job opportunities related to this.

The atmosphere of the Vocational Educational Programme was quite free. We learned a lot from the 10 days Programme and were satisfied with the answers from the speaker. Ms.Suleka, 4th year Civil Engineering student concluded the programme with vote of thanks.

Name of the Student: ARUN T Sex (M/F): ✓

Department: CIVIL E-mail: ARUN 99 @ gmail . com

Address: 4/64 MADUVKKARAI COIMBATORE mobile: 9876321405

Students are required to rate the courses

Name of the Trainer: RAGHUL

[Tick (✓) in the relevant cell]

Parameters	A Very Good	B Good	C Satisfactory	D Unsatisfactory
1. Knowledge base of the teacher (as perceived by you)	✓			
2. Communication Skills (in terms of articulation and comprehensibility)		✓		
3. Sincerity / Commitment of the teacher		✓		
4. Interest generated by the teacher	✓			
5. Ability to integrate course material with environment/other issues, to provide a broader perspective			✓	
6. Ability to integrate content with other courses		✓		
7. Accessibility of the teacher in and out of the class (includes availability of the teacher to motivate further study and discussion outside class)	✓			
8. Ability to design quizzes /tests/assignments / examinations and projects to evaluate students understanding of the course			✓	
9. Provision of sufficient time for feedback	✓			
10. Overall rating		✓

CERTIFICATE OF PARTICIPATION

DEPARTMENT OF CIVIL ENGINEERING

This is to certify that Mr./Ms AKHILA.B
has successfully completed the vocational course on INTRODUCTION TO
BIM SOFTWARE from
11.05.2015 to 21.05.2015 conducted by the department of
Civil Engineering in the academic year 2015-16.

TRAINER

HEAD OF THE DEPARTMENT

PRINCIPAL

Report on Mobile Application Development and IOS

The Department of Computer Science and Engineering organized a Vocational educational Career Program on **Mobile Application Development and IOS**, from 30.05.16 to 15.06.16. The resource person for this program was Ms. U. Selvi from Sri Technology. The program started with the prayer song. The welcome address was given by Mr. K. Sivakumar, Assistant Professor, Department of Computer Science and Engineering. The Felicitation address was given by Dr. G. Ramesh, Principal of JCT College of Engineering and Technology, Coimbatore. The Introduction about the Chief Guest was given by MOHAMMED RASHIDE P. R. 3rd year Computer Science and Engineering. The chief guest first gave an introduction about Mobile programming languages • Challenges with mobility and wireless communication • Location-aware applications • Performance / power tradeoffs • Mobile platform constraints • Emerging technologies and main objectives of the Program was

1. Explain mobile devices, including their capabilities and limitations.
2. Use current mobile platforms and their architectures.
3. Develop mobile applications on a popular mobile platform.
4. Evaluate development with another mobile platform and He talked about the job opportunities related to cyber security.

The atmosphere of the Vocational Educational Program was quite free. We learned a lot from the 15 days Program and were satisfied with the answers from the speaker. KANNATH SUDEESH BALAKRISHNAN, 3rd year Computer Science and Engineering concluded with a vote of thanks.

CIRCULAR

23.05.2016

Our Department has arranged the Vocational Educational and Career courses for our students in order to fulfill our vision to create industry ready Engineers. We are bringing the industrial Experts Ms.U.Selvi from Sri Technology to take classes Mobile Application and Development/IOS in our Department students during 30.05.16 to 15.06.16 (15 Days) the semester holidays. All the students must attend these courses without fail. Contact your Class advisor for correspondence and information.

HOD/CSE

PRINCIPAL

Report of Vocational Training Programme

Department of Automobile Engineering organized a Vocational educational Training Program on Automobile Training Course, from 15.06.2016 to 31.06.2016. The resource person for this program was **Mr.R.Thanaraj**, Senior Trainer, Karivardhan Vocation Training Institute, Coimbatore. The program started with the prayer song. The welcome address was given by Mr.K.Santhosh, Assistant Professor, Department of Automobile Engineering. The Felicitation address was given by Dr.G Ramesh, Principal of JCT College of Engineering and Technology, Coimbatore. The Introduction about the Chief Guest was given by Mr. Sujith.C, 3rd year Automobile Engineering. The chief guest first gave an introduction on engine components and modern tools. He then explained about the step by step engine dismantling and assembling procedure.

He said about the usage of modern tools and how to handle the modern tools to us. He insisted about preventive actions and safety rules to be follow inside the carriage. He talked about the job opportunities related to automobile field.

The atmosphere of the Vocational Educational Program was very intrusting. We learned a lot from the 15 days Program and were satisfied with the answers from the trainer. Mr. Arun Jaya Prakash, 3rd year Automobile Engineering concluded with a vote of thanks.

HOD/AUTO

Dear Sir,

Greetings from JCT College of Engineering & Technology!

Sub: Requesting for Vocational courses on "Mobile Phone servicing" – Reg...

On behalf of JCT College of Engineering & Technology, I am very pleased to have the honor of inviting you to conduct Vocational Training course on "Mobile Phone servicing" in our college.

The Trainer will be handling classes for the EEE Students during semester from 20.06.16 to 05.07.16 (14 Days). Sir I request you to give permission for the above at the earliest.

Please let us know if you will require any Audio-Visual Equipments or additional technical support. Also, please keep us informed of the travel itinerary.

We look forward to your presence and guidance.

Best wishes

Thanking you

Yours Sincerely

VOCATIONAL COURSE ON "Mobile Phone servicing" ORGANIZED BY DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING, JCTCET DURING 20.06.16 to 05.07.16

The Department of Electrical and Electronics organized a vocational course on the topic "Mobile Phone Servicing" during 20.06.16 to 05.07.16 for EEE students. Mr. Satish, Project trainer from live wire Pvt Ltd, Coimbatore was the chief guest of the function. Prof. V. Jethose (HOD-EEE) welcomed the chief guest and the gathering. Dr. G. Ramesh (Principal) delivered the presidential address.

Mr. K. Satish delivered a lecture on the topic Mobile Phone Servicing. His wide experience and knowledge is reflected in the practical session. He covered the topics on Mobile communication systems and its real time applications, displayed the real time demonstration in a meticulous manner and engaged practical session for students

66 students along with all the staffs of EEE department attended the course. The vocational course was effective and students were benefited largely through practical session.

Mr. B. Chandramouli (AP/EEE) delivered the vote of thanks and the HOD honoured the guest with a shawl and a memento. The Principal and Management thanked the resource person.

Certificate of Participation

This is to certify that **Mr./Ms** **ANMARI BABU . T** of
JCT College of Engineering & Technology, Coimbatore has undergone
Two weeks Vocational Educational Course on **mobile Phone**
Servicing during 20th June to 5th July 2016.

Department of Electrical and Electronics Engineering

Academic year 2015-2016

Name of the Instructor: Mr.Satish ,Project Trainer

Date: 20.06.16 to 05.07.16

Name of the Program: Mobile Phone servicing

ROADMAP FOR HANDS ON MOBILE PHONE SERVICING

Outline of the Course

S. No	Topic
A.	Electronic Section
1.	Introduction to Tools
2.	Basic electronics
3.	Soldering and de soldering components
4.	Basic components of mobile phone
5.	Mobile disassembling
6.	Battery and charger
7.	Relationship between hardware and software
B.	Software Section
1.	Introduction
2.	Computer Organization
3.	Operation system
4.	Data Communication and Computer Network
5.	Software Flashing

Report on VLSI and embedded system design

The Department of Electronics and communication Engineering organized a Vocational educational Career Program on **VLSI and embedded system design** from 25.05.2016 to 08.06.2016. The resource person for this program was **Mr.Mathan Prasad, VLSI trainer** from **Caliber embedded technologies Pvt. Ltd, Coimbatore**. The program started with the prayer song followed by lightning of kuthuvilaku. HoD of ECE Prof Lakshmi pathi.V welcomes the gathering followed by the presidential address of principal Dr.G.Ramesh. Chief Guests gave the inaugural address on core industrial needs, expectation from the engineers for molding the engineers. The Inaugural function was concluded with the vote of thanks by Kiran A.R, Final Year of ECE Department.

Embedded system is used to define any computing platform that performs a dedicated or specialized task. Unlike a general purpose PC that can perform a multitude of tasks and is a combination of many complex modules, an embedded system is quite simple in design and application and does not have needless hardware attached to it.

VLSI, an acronym for Very Large Scale Integration, furnishes the information about design complexity of any integrated circuit by providing an idea of the number of transistors used within any circuit. It is the process of creating integrated circuits by combining thousands of transistors into a single chip. VLSI is a manufacturing technique used in the development of entire embedded system setups. VLSI comes across as a base-level niche field that has fuelled up a lot many frontiers for further the growth of this industry. Career opportunities are plenty in the VLSI field, especially outside India. One only needs to judge his / her true area of interest and act accordingly to improvise upon the skills required to excel professionally, whether the concerned area be VLSI or Embedded. VLSI technology has opened up vast avenues for career growth in design analysis, design implementation, computer-aided designing, verification, simulation and testing. You will get a good package in VLSI as compared to embedded systems.

VLSI courses are outdated in most of our Indian universities, and even such courses are taught in or around last two semesters. Naturally, the demand of chip design industry is outstrips supply being provided by Indian institutions. Thus, having a B.E/B.Tech/M.Tech is insufficient to grab your Dream Job in a core domain like VLSI. Hands on training session also included in this program. Students have learned a lot from the 15 days program and were satisfied with the answers from the intern. The inaugural session ended up with national anthem.

Prof. Lakshmi pathi.V
HOD/ECE

CIRCULAR

10.05.2016

Our Department has arranged the Vocational Education Career courses for our second year & third year students in order to fulfill our vision to create industry ready Engineers. Vocational courses are job oriented training programs. Mainly focus on instilling trade-wise skills in students. For this we are bringing the Industrial experts from **Caliber embedded technologies Pvt. Ltd, Coimbatore** to take classes on **VLSI and Embedded system design** from 25.05.2016 to 08.06.2016 during the semester holidays. All the students must attend these courses without fail. Contact your Class advisor for correspondence and information.

Prof. Lakshmi pathi.v
HOD-ECE

Circulation to:

- II & III ECE Class Room
- To be displayed on Notice Board.

Roadmap for the course

MODULE 1

Introduction to VLSI

- * VLSI Design Flow
- * ASIC Vs FPGA
- * RTL Design Methodologies
- * Introduction to ASIC Verification Methodologies
- * VLSI Design Flow Steps – Demo

MODULE 2

Introduction to Linux

- * Components of UNIX system
- * Directory Structure
- * Utilities and Commands
- * Vi Editor

MODULE 3

Advanced Digital Design

- * Introduction to Digital Electronics
- * Arithmetic Circuits
- * Data processing Circuits
- * Universal Logic Elements
- * Combinational Circuits - Design and Analysis
- * Latches and Flip flops
- * Shift Registers and Counters
- * Sequential Circuits - Design and Analysis
- * Memories and PLD
- * Finite State Machine

MODULE 4

Verilog HDL –RTL Coding and Synthesis

[1] Introduction to Verilog HDL

- * Applications of Verilog HDL
- * Verilog HDL language concepts
- * Verilog language basics and constructs
- * Abstraction levels

[2] Data Types

- * Type concept
- * Nets and registers
- * Non hardware equivalent variables
- * Arrays

[3] Verilog Operators

- * Logical operators
- * Bitwise and Reduction operators
- * Concatenation and conditional
- * Relational and arithmetic
- * Shift and Equality operators
- * Operators precedence

[4] Assignments

- * Types of assignments
- * Continuous assignments
- * Timing references
- * Procedures
- * Blocking and Non-Blocking assignments
- * Execution branching
- * Tasks and Functions

[5] Finite State Machine

- * Basic FSM structure
- * Moore Vs Mealy
- * Common FSM coding styles
- * Registered outputs

[6] Synthesis Coding Style

- * Registers in Verilog
- * Unwanted latches
- * Operator synthesis
- * RTL Coding Style

MODULE 5

Verilog Mini Project RTL Coding and Synthesis

- * Project Specification Analysis
- * Understanding the architecture
- * Module level implementation and verification
- * Building the top level module
- * Implementing the design onto the FPGA board

EDA TOOLS

- * Xilinx

OPERATING SYSTEM

- * Linux-Ubuntu

Department of Electronics and Communication Engineering

Student Feedback

Name of the Student: Abilash. A Sex (M/F): M

Department: ECE E-mail: abilashar61@gmail.com

Address: Subbasagr Amdiglipur Mobile: 9713033274

Students are required to rate the courses

Name of the Trainer: Mr. Mathan prasad

[Tick (✓) in the relevant cell]

Parameters	A Very Good	B Good	C Satisfactory	D Unsatisfactory
1. Knowledge base of the teacher (as perceived by you)	✓			
2. Communication Skills (in terms of articulation and comprehensibility)		✓		
3. Sincerity / Commitment of the teacher		✓	✓	
4. Interest generated by the teacher		✓		
5. Ability to integrate course material with environment/other issues, to provide a broader perspective	✓			
6. Ability to integrate content with other courses		✓		
7. Accessibility of the teacher in and out of the class (includes availability of the teacher to motivate further study and discussion outside class)			✓	
8. Ability to design quizzes /tests/assignments / examinations and projects to evaluate students understanding of the course	✓			
9. Provision of sufficient time for feedback		✓		
10. Overall rating		✓

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

CERTIFICATE OF PARTICIPATION

This is to certify that

Mr. ABILASH - A

has participated in the Vocational training course on "VLSI and Embedded system design" at JCT College of Engineering and Technology, Coimbatore during 25.05.2016 to 08.06.2016 (15 days)

VOCATIONAL EDUCATIONAL TRAINING- REPORT
**VOCATIONAL TRAINING ON PLANT LAYOUT AND PROCESS
SAFETY**

“Vocational Training on Plant Layout and Process Safety” was arranged by the Department of Petrochemical Engineering from 25.05.15 to 10.06.15 (15 Days) in the JCT Seminar hall. Dr.R.Paramasivam, Head of the department & Prof.N.Krishnaswamy, Dean – PCE & PE, JCT College of Engineering and Technology, have conducted the training programme about the Plant Layout and Process Safety.

Students of 3rd year Petrochemical have participated in the training programme. Earlier, Dr.R.Paramasivam, Head of the department has started the session and gave introduction speech about the session. The training programme was arranged by the Petrochemical Engineering Association.

CIRCULAR

20.05.2015

Our Department has arranged the Vocational Educational and Career courses for our students in order to fulfill our vision to create industry ready Engineers. Dr. R. Paramasivam HOD-PCE and Prof. N. Krishnaswamy Dean- PCE & PE JCT College of Engineering and Technology to take classes on Plant Layout & Process Safety from 25.05.15 to 10.06.15 (15 Days) during the semester holidays. All the students must attend these courses without fail. Contact your Class advisor for correspondence and information.

HOD-PCE

Circulation to:

III PCE Class Room

To be displayed on Notice Board.

Report on "Introduction to STAAD Pro software"

The Department of Civil Engineering organized a Vocational educational Career Programme on **Introduction to STAAD Pro software**, from 14.05.2014 to 24.05.2014. The resource person for this program was **Mr.Dileep**, CAAD expert, Palakkad. The program started with the prayer song. The welcome address was given by Mr.A.Kumar, Head of the department, Department of Civil Engineering. The Felicitation address was given by Dr.G Ramesh, Principal of JCT College of Engineering and Technology, Coimbatore. The Introduction about the Chief Guest was given by Ms.Chithranjali, 4th year Civil Engineering. The chief guest gave an introduction about the software and its relevance in design and analysis of structures.

He explained that it can make use of various forms of analysis from the traditional static analysis to more recent analysis methods like p-delta analysis, geometric non linear analysis, etc. He also explained how to use this software and various applications of it. Finally he explained about the job opportunities regarding this software.

The atmosphere of the Vocational Educational Program was quite free. We learned a lot from the 10 days Program and were satisfied with the answers from the speaker. Mr.Tharun, 4th year Civil Engineering student concluded the programme with vote of thanks.

Report on Mobile Application Development and IOS

The Department of Computer Science and Engineering organized a Vocational educational Career Program on **Mobile Application Development and IOS**, from 1.06.15 to 17.06.15. The resource person for this program was Ms.U.Selvi from Sri Technology. The program started with the prayer song. The welcome address was given by Mr.K Sivakumar, Assistant Professor, Department of Computer Science and Engineering. The Felicitation address was given by Dr.G Ramesh, Principal of JCT College of Engineering and Technology, Coimbatore. The Introduction about the Chief Guest was given by Aswin Viswas V 3rd year Computer Science and Engineering. The chief guest first gave an introduction about Mobile programming languages • Challenges with mobility and wireless communication • Location-aware applications • Performance / power tradeoffs • Mobile platform constraints • Emerging technologies and main objectives of the Program was

1. Explain mobile devices, including their capabilities and limitations.
2. Use current mobile platforms and their architectures.
3. Develop mobile applications on a popular mobile platform.
4. Evaluate development with another mobile platform and He talked about the job opportunities related to cyber security.

The atmosphere of the Vocational Educational Program was quite free. We learned a lot from the 15 days Program and were satisfied with the answers from the speaker, ManjuPriya C., 3rd year Computer Science and Engineering concluded with a vote of thanks.

Dear Sir,

Greetings from JCT College of Engineering & Technology!

Sub: Invitation for Vocational course on "Industrial electronics and embedded systems" – Reg

On behalf of JCT College of Engineering & Technology, I am very pleased to have the honor of inviting you to conduct Vocational Training course on "Industrial electronics and embedded systems" in our college.

The Trainer will be handling classes for the EEE Students during semester from 08.06.15 to 23.06.15 (14 Days). Sir I request you to give permission for the above at the earliest. We are expecting audience of Under-Graduate students and Faculty from the Department of EEE.

Please let us know if you will require any Audio-Visual Equipments or additional technical support. Also, please keep us informed of the travel itinerary.

We look forward to your presence and guidance.

Best wishes

Thanking you

Yours Sincerely

Prof. V. Jethose

Dear Sir,

Sub: Acceptance of Vocational courses reg...

Greetings from EXINTAR Technologies Pvt Ltd

Here by I Accept Your Request with Reference to your letter Dated 01.06.2015.

For my presentation, I will need an overhead projector, a chalk board, and a podium with a microphone. Also, I hope you can send me some information on my audience's general educational background and professional experience, so I can put together the appropriate technical material.

Thank you very much and I am looking forward in seeing you soon.

Sincerely

Mr.S.Sathya Kumar

Report on Vocational Educational Course

**VOCATIONAL COURSE ON "Industrial Electronics and Embedded Systems"
ORGANIZED BY DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING,
JCTCET ON FROM 08.06.15 to 23.06.15**

The Department of Electrical and Electronics organized a **Vocational Course** on the title "Industrial Electronics and Embedded systems" from 08.06.15 to 23.06.15 for EEE students. Mr.S.Sathyakumar B.E from Co-founder, EXINTAR TECHNOLOGIES was the chief guest of the function.

Prof.V.Jethose (HOD-EEE) welcomed the chief guest and the gathering. Dr.G.Ramesh (Principal) delivered the presidential address.

Mr.S.Sathyakumar delivered a lecture on the topic Industrial Electronics and Embedded systems. His wide experience and knowledge is reflected in the practical session. He covered the topics on Embedded systems and its real time applications, FPGA and their industrial applications in a meticulous manner.

78 students along with all the staffs of EEE department attended the practical session course. The vocational course was effective and students were benefited largely. The students find this session very useful in their curriculum of the semester.

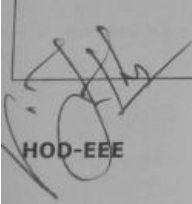

Mr. B.Chandramouli(AP/EEE) delivered the vote of thanks and the HOD honoured the guest with a shawl and a memento. The Principal and Management thanked the resource person.

ROADMAP FOR HANDS ON INDUSTRIAL ELECTRONICS AND EMBEDDED SYSTEMS

Embedded C:-

Part-A

- Introduction to C programming
- Data types
- Format specifiers
- Qualifiers
- Operators

Part-B

- Decision control structures
- Loop control structure
- Functions
- Arrays
- Strings
- Storage classes
- Pointers

Part-C

- Arithmetic operations on character
- Type casting
- Creating a header file
- Use of global variables
- File handling in C
- C for 8051

Part-D

- Introduction to SPJ compiler
- Interfacing of LCD display
- Interfacing of seven segment display
- Interfacing of keypad and LCD
- Interfacing of keypad and seven segment display

Report on Internet of things with Raspberry Pi

The Department of Electronics and communication Engineering organized a Vocational educational Career Program on **Internet of things with Raspberry Pi** from 01.06.15 to 20.06.15. The resource person for this program was **Mr. Mathan Prasad, Caiber Embedded technologies India Pvt Ltd.**, Coimbatore. The program started with the prayer song. HoD of ECE Prof Lakshmipathi.V welcomes the gathering followed by the presidential address of principal Dr.G.Ramesh. Chief Guests gave the inaugural address on core industrial needs, expectation from the engineers for molding the engineers. The Inaugural function was concluded with the vote of thanks by Narendhiran.N, final year of ECE Department.

The Internet of Things had been around for a while (since 1982 apparently) but it's still a bit of a mystery to many. Raspberry Pi is a fully-functional single-board computer with a Broadcom processor, while others are microcontroller based physical computing platforms. On Raspberry Pi, you can run operating system like Linux, Free BSD, and even Windows 10 from a micro SD card. Plug it into a monitor, keyboard, and a mouse; you have a full graphical user-interface of an OS of your choice. The Internet of Things (IoT) ideology can be looked as a highly dynamic and radically distributed networked system composed of a very large number of identifiable smart objects. These objects are able to communicate and to interact among themselves, with end-users or other entities in the network. Entering the era of Internet of Things, the use of small, cheap and flexible computer hardware that allow end-user programming become present. One of them, considered in this paper, is the Raspberry Pi, fully customizable and programmable small computer board. Comparative analysis of its key elements and performances with some of current existing IoT prototype platforms have shown that despite few disadvantages, the Raspberry Pi remains an inexpensive computer with its very successfully usage in diverse range of research applications in IoT vision.

Hands on training session also included in this program. We learned a lot from the 15 days program and were satisfied with the answers from the intern. The program ended up with national anthem.

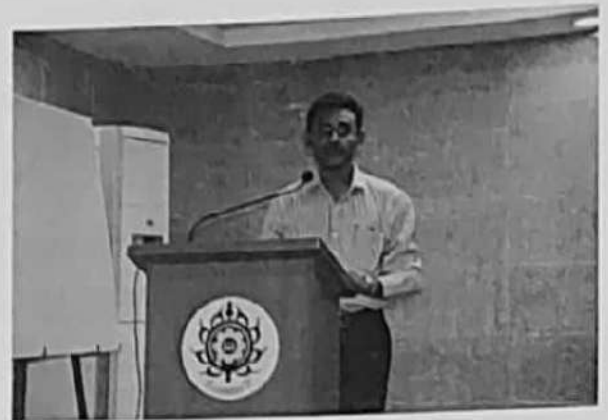

HOD/ECE

JCT COLLEGE OF ENGINEERING AND TECHNOLOGY

Pichanur, Coimbatore - 641 105

Department of Electronics and communication Engineering

CIRCULAR

22.05.2015

Our Department has arranged the Vocational Education Career courses for our second year & third year students in order to fulfill our vision to create industry ready Engineers. Vocational courses are job oriented training programs. Mainly focus on instilling trade-wise skills in students. For this we are bringing the Industrial experts from **Caiber Embedded technologies India Pvt Ltd., Coimbatore** to take classes on **Internet of things with Raspberry Pi** from 01.06.15 to 20.06.15 during the semester holidays. All the students must attend these courses without fail. Contact your Class advisor for further information.

HOD-ECE**Circulation to:**

- II & III ECE Class Room
- To be displayed on Notice Board.

Internet of Things with Raspberry Pi (IoT)

This course is designed for the beginner who wants to learn programming and its real world applications. This course focus more hands on sessions with Raspberry Pi & Internet of Things applications equally hence participants will get depth understanding about programming and the domain where Programming is vital.

Pre- Requisite:

- Basic Programming knowledge

Days	Agenda
Day 1	• Introduction to IOT • Hands-On with Open source hardware(Raspberry pi) • Hands-On : First steps towards Python Programming • Hands-On: Python Control Flow • DIY Session : Basic embedded project using python
Day 2	
Day 3	
Day 4	
Day 5	
Day 6 & 7	• Hands-On : Python Functions • Hands-On : Data Structures • DIY Session : Sensor Application Development
Day 8,9,10	• Hands-On : Modules • Hands-On : Packages • DIY Session : Package Development for Sensor Application
Day 11	• Hands-On : I/O operations • DIY Session : Smart Lighting System Software Development • Hands-On : Handling Exceptions • DIY Session : Exception Handling for Real time systems
Day 12	
Day 13	
Day 14	• Hands-On: Classes • DIY : Environmental Monitoring System Development • Hands-On: GUI development for EMS
Day 15	• Hands-On : Web development • Hands-On : SimpleCV examples • DIY Session : Smart Home Project

STUDENTS FEEDBACK FORM

Academic year 2014-15 Semester VI

Date of Feedback 25/06/2015

Branch ECE Section -

Name of the Trainer: Mr. Mathan Prasad

[Tick (✓) in the relevant cell]

Sl.No.	Description	Program name: <u>Internet of Things with Raspberry Pi</u>				
1	Has the Teacher covered entire Syllabus as prescribed by program? (Yes/No)	Yes.				
2	Has the Teacher covered relevant topics (Yes/ No)	Yes.				
3	Effectiveness of Teacher in terms of	5-Excellent	4-Very Good	3- Good	2- Average	1- Below Average
i	Technical content		✓			
ii	Communication skills	✓				
iii	Use of Non print teaching aids		✓			
iv	Availability beyond normal classes and co-operation to solve individual problems			✓		
v	Pace on which contents were covered		✓			
vi	Overall effectiveness	✓				
4	How do you rate the contents of the curricular?			✓		
5	How do you rate lab facilities, if applicable?	✓				

(Rating: 5-Excellent, 4-Very Good, 3- Good, 2- Average, 1- Below Average)

1	Any suggestion regarding library facility	Digital library has to be included.
2	Any suggestion regarding Internet Facility	NIL
3	Any suggestion regarding Co-Curricular activity	NIL
4	Any suggestion regarding Extra Co-Curricular activity	Technical related programs need.
5	Any other suggestions	-
