Report on Faculty development program – Food and nutrition for wellbeing

Food Technology department organized by Food and nutrition for wellbeing was held on **14.5.2019 to 16.5.2019**, (10.30 am) at the seminar hall of JCT College of Engineering & Technology. There were 10 external participants from different colleges and institutes. The program was started with prayer song and The Head of the Department welcomed the gathering. Dr.G.Ramesh, Principal, delivered the presidential address signifying importance of faculty development program. Dr.S.Sangamithra, Professor, delivered the concept of nutritional benefits of fruits and vegetables. They also suggested how to consume vegetables and fruits with minimal exposure to pesticides and the food waste. Participants discussed over various aspects with the speaker. The speech was useful and highlights the importance of research work. Most of them talked about their enriching experience at the FDP. The day ended with vote of and the grant success of the function.

ABOUT THE INSTITUTION

JCT College of Engineering and Technology (JCT CET) started in the year 2009 and run by Shri Jagannath Educational Health and Charitable Trust, with the congenial and well developed green campus. An objective of institution is to provide the education to all, especially the down trodden and rural population. Under the able guidance and patronage of Thiru.S.A.Subramanian, Chairman, Shri.R.Durga Shankar, Secretary, the college has developed with excellent facilities such as spacious classrooms, seminar halls, well equipped laboratories, workshops, well-stocked libraries, dedicated high speed broadband Internet connectivity and well-qualified faculty. The Institute offers nine UG and four PG Programmes in Engineering & Technology. The Institution is certified by ISO 9001:2015, accredited by NAAC & NBA (ECE,PCE,EEE,CSE).

VISION

To emerge as a Premier Institute for developing industry ready engineers with competency, initiative and character to meet the challenges in global environment.

Mission

- To impart state-of-the-art engineering and professional education through strong theoretical basics and hands on training to students in their choice of field.
- To serve our students by teaching them leadership, entrepreneurship, teamwork, values, quality, ethics and respect for others.
- To provide opportunities for long-term interaction with academia and industry

ABOUT THE DEPARTMENT

The main objective of the Food Technology department is to create trained and skilled human resources to cater to the needs of the rapidly growing food processing sector. The department is also intended to provide technical support to farmers and entrepreneurs to establish small scale industries. Food Science & Technology is a multidisciplinary course which includes subject on processing, preservation, quality, safety and marketing aspects of Food & Food products. The curriculum has been framed in such a manner that by the time the student completes this degree program, the entrepreneur skill is already developed and they are fit to work in research, teaching and industry.

Vision

To be an outstanding bureau globally for quality education, Asocietal issues and solve technical challenges faced by food processing and associated industries through new cost-effective technologies.

Mission

- To instill students with a strong fundamental knowledge and develop necessary skills to meet the needs of a rapidly changing food industries in terms of nutrition, safety and functionality.
- To provide students with quality engineering education, so as to enable them to address the needs of Food Technology profession in particular and society in general.
- To develop adoptable technologist with entrepreneurship and leadership qualities to solve scientific challenges keeping in mind the safety and ethical concerns.

RECENT TRENDS IN FOOD PROCESSING

19th January 2019

Organized by

DEPARTMENT OF FOOD TECHNOLOGY

JCT COLLEGE OF ENGINEERING AND TECHNOLOGY

PICHANUR, COIMBATORE - 641105

TARGET GROUPS

Faculties from various Government and Private colleges/ Institutions/Universities/R&D in Food Technology/ Food and Nutrition/ Food Science/Agriculture Engineering/ Biotechnology/BioScience and allied areas having Teaching and Research interest in the area of Food Technology.

RESOURCES PERSON

Dr.V.Thirupathi, Professor, TNAU

Eminent professor with more than 15 years of experience, specialised in the area of minimal processing of fruits and vegetables, probiotic and emerging technologies in food processing sector.

Dr.A.Susheela Thirumaran, Professor, TNAU

Esteemed professor has gained more than 36 years of experience, specialised in the area of food processing and agricultural sector.

REGISTRATION

The Registration fee is Rs 600/- (Six hundred rupees only) for the faculties of Universities, Industrialist and R&D institution. Only spot registration is allowed. The interested delegates are requested to send their confirmation mail before 12th January.

IMPORTANT DATES

Last date for receipt of application	12-01-2019
Notification of acceptance	15-01-2019

AREA OF FOCUS

The Program focus on outcome based approach towards food processing sector. The scientific portion of the programme includes lectures section on Recent Trends in Food Processing.

The Content has been subdivided into the various thematic modules as specified below :

1. Non- thermal Processing Technologies for Food
2. Recent Advances in Dehydration of Foods
3. New Packaging Technologies for the 21st Century
4. Functional Foods & Nutraceuticals
5. Supercritical Fluid Application in Food and Bioprocessing
6. Clean Label Foods

ORGANIZING COMMITTEE

Patron	Dr.G.Ramesh Principal
Chairman	Shri.S.A.Subramanian JCT CET
Secretary	Thiru.R.Durgashankar JCT CET
Conveners	Dr.R.Gopirajah, HoD-Food Technology Mr.A.Siddhu Adhiaman, Assistant professor Department of Food Technology JCT CET

ORGANIZING COMMITTEE MEMBERS

Mrs.Esther Hellan Prasanna.J	Associate professor
Mrs.Harini.P	Assistant professor
Ms.Neethu.C.S	Assistant professor
Ms.Vaishali.G	Assistant professor
Ms.Shivani Indumathi.A	Assistant professor
Mrs.Sri Akshaya.E	Assistant professor

ACCOMMODATION

Accommodation will be provided for the delegates based on prior information at the free of cost. The request may be sent through E-mail in advance.

ABOUT THE LOCATION

The College is situated in Pichanur, Velanthavalam road, 5 Kms from KG Chavadi and 18 Kms from Coimbatore central bus stand. The nearest railway station is Coimbatore junction. The nearest airport is Coimbatore International Airport.

Head of the Department

Report on Faculty development program – Recent Trends in Food Processing

The FDP organized by Department of Food Technology at seminar hall on 19.01.2019. There were 9 external participants from different colleges and 11 participants from our department. The program was started with prayer song and Dr. R. Gopirajah, delivered the welcome address and welcoming the gathering. Dr.G.Ramesh, Principal, delivered the presidential address signifying importance of faculty development program. Dr.V.Thirupathi, Professor, made brain storming speech on the thermal processing of fruits and vegetables. Dr.A.Susheela, Professor, TNAU, discussed on food processing and agriculture sector. Participants discussed over various aspects with the speaker. Most of them talked about their enriching experience at the FDP. The day ended with vote of thanks.

Program Report

FDP on CE8394-Fluid Mechanics and Machinery organized by the Department of Mechanical Engineering, JCTCET on 29th June 2018

The one day Faculty Development Program on Fluid Mechanics and Machinery was organized by the department of Mechanical Engineering of JCT College of Engineering and Technology, on 29th June 2018.

The program started at 10.00 a.m. with the welcome address by Dr.S.Goshteeswaran, the Head of the department of Mechanical Engineering. Then the first session was handled by Mr.A.Kumar, Head of the department of Department of Civil Engineering, in which he gave the presentation about the Dimensional analysis, the III unit of the Anna University, Fluid Mechanics and Machinery, 2017 regulation syllabus. Then Mr.Vijaya Kumar, Assistant Professor, Department of Mechanical Engineering, gave the presentation on the IV unit, Centrifugal pumps and Reciprocating pumps and their velocity diagrams. Then Mr.D.Joslin Vijaya, Associate Professor, Department of Mechanical Engineering, gave the presentation on the V unit, Turbines and their velocity diagrams. After that the lunch was served for all the participants.

The afternoon session was handled by Dr.A.Gopalan, Head of the department of Civil engineering, Karpagam college of engineering, Coimbatore, in which he handled the first two units, Fluid properties and Flow characteristics, and the Flow through pipes, viscous flow. Then the vote of thanks was delivered by Mr.D.Joslin Vijaya and the program came to an end.

Sir,

Sub: Requisition for FDP Programme Fee conducted by NITTR - Reg

We have arranged one week FDP "Instructional Model for Outcome based Education" in our college from June 4th to 9th June 2018. This FDP will be conducted by the following two senior Professors from NITTR, Chennai.

- 1) Dr.T.Gnanasambanthan (Course Coordinator)
- 2) Dr.Sivashankar (Co-Coordinator)

In this regard, the FDP Programme Fee (Rs.70000/- Rupees Seventy Thousand Only) is to be paid in form of Demand Draft (DD) in favour "The Director, NITTR, Chennai" for conducting the above programme. Kindly approve the same and sanction the amount at the earliest.

Thanking You,

Station: Coimbatore

Date : 29.05.2018

Yours truly,

(Dr.G.Ramesh)

Department of Electronics and Communication Engineering

One week Faculty Development Programme on **"INSTRUCTIONAL MODEL FOR OUTCOME BASED EDUCATION"** was organized by the JCT college of Engineering and Technology from 4th June to 9th June, 2018. All the sessions were handled by eminent speakers **Dr.T.Gnana Sambanthan, Professor/CSE** and **Dr. P. Sivasankar, Assistant Professor/EEE** from **National Institute of Technical Teachers Training and Research (NITTTR), Chennai**. The FDP programme received an overwhelming response with 52 participants from various departments like Civil, CSE, ECE, EEE, Petrochemical, Mechanical, Science & humanities and Principal, Director.

The FDP aimed to provide opportunities to faculty members to enrich their teaching skill and research. The programme was also planned to expose the last decade important changes in the instructional design, preparation of high-quality teaching materials, and in the development of quality delivery and assessment mechanisms conducive to the enhancement of the teaching -learning process.

The topics covered during the programme are listed below

- Learner Characteristic & OBE components-I,II
- Institutional Characteristics for OBE-I,II
- Instructional Characteristics for OBE-I,II
- Assessment Characteristics for OBE-I,II
- OBE Curriculum Mapping and Aligning
- Performance Appraisal
- Outcome based Simulated Delivery

PARTICIPANT FEEDBACK FORM

Kindly give your considered feedback on different aspects of the training programme which you have completed. Your response will be useful in improving the quality of our future programmes.

1. Your Designation (including the discipline) : **PART-A**
Assistant Professor / EEE
2. Sex : Male/ Female (Tick the relevant one)
3. Teaching experience : *5* years

PART-B
Direction: Please tick in the appropriate box

1.	Were the objectives of the programme relevant and appropriate?	Very Relevant ☐	Relevant ☒	Not sure ☐	Not at all Relevant ☐
2.	To what extent were the objectives of the programme achieved?	Fully achieved ☐	Partially achieved ☒	Not sure ☐	Not at all achieved ☐
3.	Were the content covered during the programme relevant?	Very Relevant ☒	Relevant ☐	Not sure ☐	Not at all Relevant ☐
4.	Was the level (and/ or) scope of content covered appropriate?	Very appropriate ☒	Appropriate ☐	Not sure ☐	Not at all appropriate ☐
5.	How effective was the presentation (delivery) of the content?	Very good ☐	Good ☒	Average ☐	Needs improvement ☐
6.	How relevant were the workshop materials used during the course?	Very good ☐	Good ☒	Average ☐	Needs improvement ☐
7.	How useful were the exercises and activities provided during the course?	Very useful ☐	Somewhat useful ☒	Not sure ☐	Not at all useful ☐
8.	How effective was the interaction with the resource persons?	Very good ☐	Good ☒	Average ☐	Poor ☐
9.	Was the duration of the programme appropriate?	Very appropriate ☐	Very long ☐	Very short ☒	Ok ☐
10.	What is your overall impression of the course?	Very good ☐	Good ☒	Average ☐	Needs improvement ☐

PART-C

The topics covered during the programme are listed below. How effective was the delivery of their topics? Give your response on a rating scale of 1 - 5.

Direction: Tick 5, if very good; Tick 4, if good; Tick 3, if average;
Tick 2, if somewhat effective; Tick 1, if not at all effective;

S. No.	Topics Covered	Response				
		5	4	3	2	1

2.	Institutional Characteristics for OBE – I, II	☒	☐	☐	☐	☐
3.	Instructional Characteristics for OBE – I, II	☐	☒	☐	☐	☐
4.	Assessment Characteristics for OBE – I, II	☐	☒	☐	☐	☐
5.	OBE Curriculum Mapping and Aligning	☐	☒	☐	☐	☐
6.	Performance Appraisal	☐	☒	☐	☐	☐
7.	Outcome based Simulated Delivery	☐	☐	☒	☐	☐

PART-D

1. What according to you are the three most useful areas/ topics covered in the programme?

1. INSTITUTIONAL CHARACTERISTICS

2. PERFORMANCE APPRAISAL

3. EMOTIONAL BEHAVIOUR

2. List three changes you would bring about in teaching/ performing your job as a result of the training programme.

1. BOARD PRESENTATION

2. REAL TIME EXAMPLES

3. INTERACTIVE SESSION

3. Which topics/ areas included in the programme require additional inputs?

* CURRICULUM MAPPING

* THRESHOLD TASK

4. Which part of the program you find that it is superfluous or does not fit well?

- NIL -

5. Comments on the facilities (including classroom arrangements), library, and logistical arrangements.

Good Arrangement required for Group Activities

6. Any other comments.

REPORT ON RECENT TRENDS IN MATHEMATICS

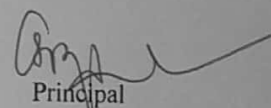

The Department of Mathematics in the discipline of Science and Humanities has organized a two days seminar on "Recent Trends in Mathematics" held on 21 & 22.03.2018 at seminar hall.

Dr.P.Senthil Kumar, Assistant Professor in Govt. Arts college, Kangeyam has been the resource person to enumerate a plethora of application in Matrices on 21.03.2018. Dr.P.Senthil Kumar, Assistant Professor in Govt. Arts college, Kangeyam has been the resource person to enumerate a plethora of application in Differentiation and Integration on 22.03.2018.

In this remarkable seminar around 160 students and 7 Faculty members have attended to get into an updation of applying the mathematics in various fields.

At the end of the programme , the important points mentioned by him during the lecture and resolved the queries of the Teachers and Students.

Finally participants were asked to share their experience and learning of the whole program. The program was concluded with happy from everyone.

02 June 2018

From

Dr.G.Rajiv Suresh Kumar
The Head of the Department,
Department of Computer Science and Engineering,
JCT college of Engineering and Technology,
Coimbatore – 641105.

To

The Principal,
JCT college of Engineering and Technology,
Coimbatore – 641105.

Respected Sir,

Sub: Requisition for your approval to conduct Motivation Classes for Higher Studies to Non-Teaching staffs at our Lab-Reg

Our Department is willing to conduct Motivation Classes for higher studies to Non-Teaching staffs at our campus. We like to Invite Dr.Venkatesh Babu HoD/Petroleum Department, JCT College of Engineering and Technology, Coimbatore as a Chief Guest to give a Seminar. We request to kindly approve the same.

Thanking You

Coimbatore

REPORT ON MOTIVATIONAL CLASSES FOR NON TEACHING STAFF

A Motivational class for Non-Teaching staff was conducted by department of Computer Science and Engineering at Seminar Hall. The session was started with welcome Address by Dr.G.Rajiv Suresh Kumar, the Head of the Department of Computer Science and Engineering. It was mainly conducted for Non-Teaching staffs of JCT College of Engineering and Technology. The topic was "Need of Petroleum Products". The resource person for the session was Dr.Venkatesh Babu, Head of the Petroleum Engineering, JCT College of Engineering and Technology.

The session was given for motivation to achieve the quality of Petroleum Products. He explained the needs and importance of Petroleum products. The session was very useful and helpful for them. The scope and ideas of the quality are highlighted by the resource person.

He also highlighted the importance of petroleum products through various visual demonstrations. He also shared various ideas of using petroleum products and experience in this field which was very encouraging for them. The session was concluded by vote of thanks from Mr.Aravindh, Assistant Professor of Petroleum Engineering.

ROAD SAFETY AWARENESS WEEK- REPORT

We are proud to inform that Department of Automobile Engineering has conducted
“ROAD SAFETY AWARENESS WEEK” on 07/01/2019. Date: 07/01/2019

The Principal Dr.G.Ramesh has presided the function. The function started with Principal delivered the presidential Address. Dr.G.Magesh welcomes the chief guest of the function Dr.P.Pitchandi, Teaching staff, Non-Teaching staff and students.

Dr.P.Pitchandi, Dean S&H, clarify the important of the Road safety week is a national event aimed at raising public awareness about traffic rules and ultimately to reduce casualties due to road accidents. Therefore, to make people more aware of the traffic rules and to persuade those to follow rules while on road, the Road Safety Week is observed annually.

Brochure are issued to the public and nearby villages and given the tips regarding the road safety.

Department of Petrochemical Engineering

Report

Petrochemical engineering department organized a FDP programme on **safety Management in Petrochemical Industry** was held on 20/08/2018 to 21/08/2018 (10 am to 4 pm) at the seminar hall of JCT College of Engineering & Technology. The Head of the Department welcomed the gathering. Mr. G. S Balagi, managing director of ITSHO Industrial Solution Private Limited, Chennai delivered guest lectures on safety management in petrochemical industry. Lectures were about design of safety system and management in petrochemical industry, basic of safety for petrochemicals industries, safety culture assessment in petrochemical industry etc. He informed about importance of safety management in industries. The doubts that have arisen on participants mind were cleared immediately. Videos and power point presentation were displayed.

**NATIONAL LEVEL SYMPOSIUM ORGANIZED BY
DEPARTMENT OF PETROLEUM ENGINEERING**

JFINAGLES - PETRONOVA 2K19 NATIONAL LEVEL SYMPOSIUM ORGANIZED BY DEPARTMENT OF PETROLEUM ENGINEERING ON 11TH MARCH 2019

Petronova2k19 was started by 10.00 a.m. The Chief Guest Mr.Mahadevan, GM (Petroleum Exploration), ONGC (retired) has arrived by 9.30 a.m. and was welcomed by Principal of JCT CET, Dr.G.Ramesh.

As the clock struck by 10.15 a.m., the function has started in the presence of all dignitaries chief guests.

Our Principal Dr.G.Ramesh gave the Presidential address and HoD welcomes all the dignitaries. The Lecture session was started 11.00 a.m. by Mr.Mahadevan, GM, ONGC(retired). He gave lots of information regarding geological exploration, Seismic activities and interpretation. ONGC-expert had

a brief interaction with staff and students on Technical questions.

The technical session included all the lithological data's, Log data interpretations. At the end of the lecture Prof.G.Balachandran gave vote of thanks to Mr.Mahadevan and Staff Co-ordinated by Mr.G.Mahendran.

ABOUT THE INSTITUTION

Shri Jagannath Educational Health and Charitable Trust was established by renowned and philanthropic people with an objective of providing education to all especially the down-trodden and rural population.

Considering the growing demands for technical education in the country, The Trust has started an engineering college namely **JCT College of Engineering and Technology** in Pichanur, Coimbatore from the academic year 2009-2010.

Students will be encouraged to get equipped and sensitized to understand full implications of their decisions, actions and their innovations. The college promotes Technical Education to meet the requirements of Industrial arena, which takes into account the demands of industry and R&D institutions in the context of global concern at the threshold of the twenty-first century.

COURSES OFFERED

BE - COURSES

- Civil Engineering
- Mechanical Engineering
- Petrochemical Engineering
- Computer Science Engineering
- Electrical and Electronics Engineering
- Electronics and Communication Engineering
- Automobile Engineering
- Petroleum Engineering
- Food Technology

ME - COURSES

- Engineering Design
- Power Electronics and Drives
- Structural Engineering
- VLSI Design

ABOUT THE DEPARTMENT

In order to meet the growing demand for food technologists our institution has established bachelors degree in food technology in the year 2014.

Food technology is the application of food science in processing, manufacturing, and preservation of food products. The food technologists study the chemical, physical and microbiological makeup of the food when it is processed, preserved, packaged and stored. The food processing industries manufacture a large variety of food products. Food technology courses can be a good career option.

SCOPE

Food processing industry is rapidly growing in India and several employment opportunities are available in various industries. There is good scope of food technology courses which offer numerous job opportunities in various areas.

In India food processing industry is gaining momentum as the consumer food industry, which includes pasta, breads, cakes, pastries, corn flakes, ready to eat and ready to cook products, cocoa products, biscuits, soft drinks, beer, alcohol beverages, mineral and packaged water and segment of consumer foods is seeing an upward trend.

FACULTY DEVELOPMENT PROGRAM ON CANDYING AND DEHYDRATING FOODS

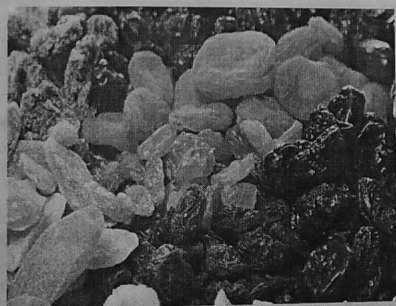

16th February, 2018

Organized by

Department of Food Technology
JCT College of Engineering and Technology
(Approved by AICTE, New Delhi &
Affiliated to Anna University, Chennai)
Pichanur, Coimbatore 641105, Tamil Nadu
Ph: 0422 2636900, 0422 2636902 Fax: 0422 2636902
Email: info@sjct.co.in
Website: www.jct.ac.in

The main objective of this Faculty Development Program is to enhance the knowledge on Candying and Dehydration of foods, in line with the theme of the event "FACULTY DEVELOPMENT PROGRAM ON CANDYING AND DEHYDRATING FOODS" conducted by the department of Food Technology. The concept of candying which is also known as crystallized fruit or glacé fruit are small pieces of peeled fruits dipped in heated sugar syrup, which absorb the moisture from within then fruit and preserve it. Dehydration is also another method of removal of moisture from foods to increase their extent of shelf life.

TARGET GROUPS

Preferable Faculties are from various government and private colleges/Institutions/Universities/R&D in food technology/Food and Nutrition's/Food Science/Agriculture Engineering

RESOURCE PERSONS

Dr.S.Anita, Professor, KSRCT

Eminent Professor with 15 years of experience in the area of food science and nutrition and fermentation technology.

Report on Faculty development program – Candying and dehydrating foods

The FDP organized by Department of Food Technology at seminar hall on 16.02.2018. There were 12 external participants from different colleges and institutes. The program was started with prayer song and Dr. R. Govindarajan, delivered the welcome address and welcoming the gathering. Dr.G.Ramesh, Principal, delivered the presidential address signifying importance of faculty development program. Dr.S.Anita Professor, KSRCT, speech on minimal processing of fruits and vegetable, nutritional benefits of dehydrated foods. Participants discussed over various aspects with the speaker. The speech was useful and highlights the importance of research work. Most of them talked about their enriching experience at the FDP. The day ended with vote of and the grant success of the function.

Dr. R. Govindarajan

**REPORT OF ONE DAY FACULTY DEVELOPMENT PROGRAM ON ME 6401
KINEMATICS OF MACHINERY ON 29.11.2017**

At the outset the registration bench was inviting all the faculty from other colleges for their registration. Faculty members from KGiSL, Ramakrishna Institute of Technology came and faculty from Christ the King engineering college and Kathir College of Engineering had registered for the program. After that, the program started with the Tamil Thai Valthu, in which all faculty members of mechanical engineering department and Principal of JCT College of Engineering and Technology along with external participants attended.

Then the presentation had started and the first session was handled by Dr.Gosteeswaran of mechanical engineering department. He gave a ppt presentation on the first two units of the KOM syllabus, consisting of various types of links, mechanisms, degree of freedom, and inversions of mechanisms. Then after the tea break, the second session was started at 11.30 a.m. which was handled by Mr.Magesh, Associate professor, mechanical engineering department. In this session he gave a lecture on the topic cam, giving the different contents like displacement diagram drawing of cam profile etc.. The session ended at 1.00 p.m. and then there was the lunch break.

The afternoon session started at 2.15 p.m. and Mr.Kavinraj, Associate professor of Mechanical engineering department gave an elaborate lecture on gears and gear trains. He explained with ppt and blackboard about the length of path of contact, arc of contact, contact ratio, interference and the types of gear trains. Also he derived the formulae and solved a problem in gear trains. Then at 3.10 p.m. Mr.D.Joslin Vijaya, Associate professor of mechanical engineering department gave a lecture on the last unit of the syllabus, friction on various mechanical components. In this session he talked about the friction in screws, clutches, belts and brakes and gave all the formulae to solve the problems.

Then the certificates were distributed to all the participants. The program came to an end with the national anthem.

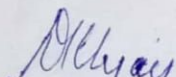

**FACULTY DEVELOPMENT PROGRAM
DYNAMICS OF MACHINES**

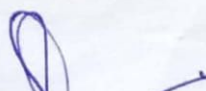

REPORT

The one day Faculty Development Program on Dynamics of Machines was organized by the department of Mechanical Engineering of JCT College of Engineering and Technology, on 10th June 2017.

The program started at 10.00 a.m. with the welcome address by Dr.P.Pitchandi, the Head of the department of Mechanical Engineering. Then the first session was handled by Mr.P.Ramachandran, Associate Professor, department of Mechanical Engineering, Kalaignar Karunanidhi Institute of Technology, Coimbatore, in which he gave the presentation about the Force analysis, the I unit of the Dynamics of Machines, present syllabus, which includes dynamic force analysis, velocity and acceleration of piston, angular velocity and angular acceleration of connecting rod of engine and flywheel problems using turning moment diagrams. Then Mr.V.S.Kandavel, Associate Professor, department of Mechanical Engineering, Kalaignar Karunanidhi Institute of Technology, Coimbatore, gave the presentation on Gyroscope. After this lunch was served for all the participants and resource persons.

The afternoon session was handled by Mr.D.Joslin Vijaya, Associate Professor, department of Mechanical Engineering, JCT College of Engineering and Technology, in which he spoke about the Single degree free vibration, the III unit of the syllabus. Then Mr.S.S.Premkumar, Assistant Professor, department of Mechanical Engineering, JCT College of Engineering and Technology, gave a lecture on the II- unit which is the balancing of rotating masses, balancing of reciprocating masses and the balancing of locomotives. The program came to an end with the distribution of the certificates to all participants and giving away the honorarium to the external resource persons, by the head on the department of mechanical engineering.

ABOUT THE COLLEGE

JCT College of Engineering and Technology was started in the year 2009 and run by Shri Jagannath Educational Health and Charitable Trust, under the able guidance and patronage of Thiru.S.A.Subramanian, Chairman and Shri.R.Durga Shankar, Secretary. The college has a congenial and well-developed campus located at Pichanur at the foothills of the Western Ghats in a serene, eco friendly lush green environment.

VISION

- To emerge as a Premier Institute for developing Industry-ready engineers with competency, initiatives and character to meet the challenges in global environment.

MISSION

- To impart state-of-the-art engineering and professional education through strong theoretical basics and hands on training to students in their choice of field.
- To serve our students by teaching them leadership, entrepreneurship, teamwork, values, quality, ethics and respect for others.
- To provide an opportunity for long-term interaction with academia and industry.
- To create new knowledge through innovation and research in engineering.

Program educational objectives

PEO1: Graduates shall become outstanding engineers in industries and other institutions for higher studies.

PEO2: Graduates shall have the caliber to contribute to national goals through design and manufacturing.

PEO3: Graduates shall serve the society by being entrepreneurs or consultants to overcome the challenges they face

Program specific outcomes

PSO1: Capable of successfully performing national level competitive examinations for higher studies and employment.

PSO2: An ability to apply their knowledge in the domain of engineering mechanics, fluid, thermal engineering and advanced technologies in solving engineering problems for the benefits of society

DEPARTMENT

VISION

To impart world class engineering knowledge to bring out ethical mechanical engineering graduates ready for industries or pursue higher studies.

MISSION

- To give quality education to enhance the skill needed for industry and institutions for higher studies.
- To have state of art laboratory facilities.
- To interact with industry and other institutions.
- To provide an environment to develop Ethical values and lifelong learning.

Faculty Development Program on “ME6401- Kinematics of Machinery” organized by Department of Mechanical Engineering on 29th November 2017

The Faculty Development Program was started with the registration of other college faculty. Faculty members from KGiSL, Ramakrishna Institute of Technology came. Then the program started with the Tamil Thai Valthu, for which all faculty members of Mechanical Engineering Department and Principal of JCT College of Engineering and Technology along Chief Guest Dr.M.Elangovan, Professor, Department of Mechanical Engineering, Amrita University, Coimbatore with external participants attended.

Then the first session was handled by Dr.Gosteeswaran of Mechanical Engineering Department, in which he gave a ppt presentation on various types of links, mechanisms, degree of freedom, and inversions of mechanisms. After that there was a tea break for ten minutes. Then the second session was started at 11.30 a.m. that was handled by Mr.Magesh, Associate professor, Mechanical Engineering Department. In this session he handled the topic cam giving the different contents like displacement diagram drawing of cam profile etc.. The session ended at 1.00 p.m. and soon after that went to the boys hostel mess to have the lunch.

The afternoon session started at 2.15 p.m. where Mr.Kavinraj, Associate professor of Mechanical engineering department gave an elaborate lecture on gears and gear trains. He explained with ppt and blackboard about the length of path of contact, arc of contact, contact ratio, interference and the types of gear trains. Also he derived the formulae and the way to solve a problem in gear trains. Then at 3.10 p.m. Mr.D.Joslin Vijaya, Associate professor of mechanical engineering department gave a lecture on the last unit of the syllabus, friction on various mechanical components. In this session he talked about the friction in screws, clutches, belts and brakes.

Program Report

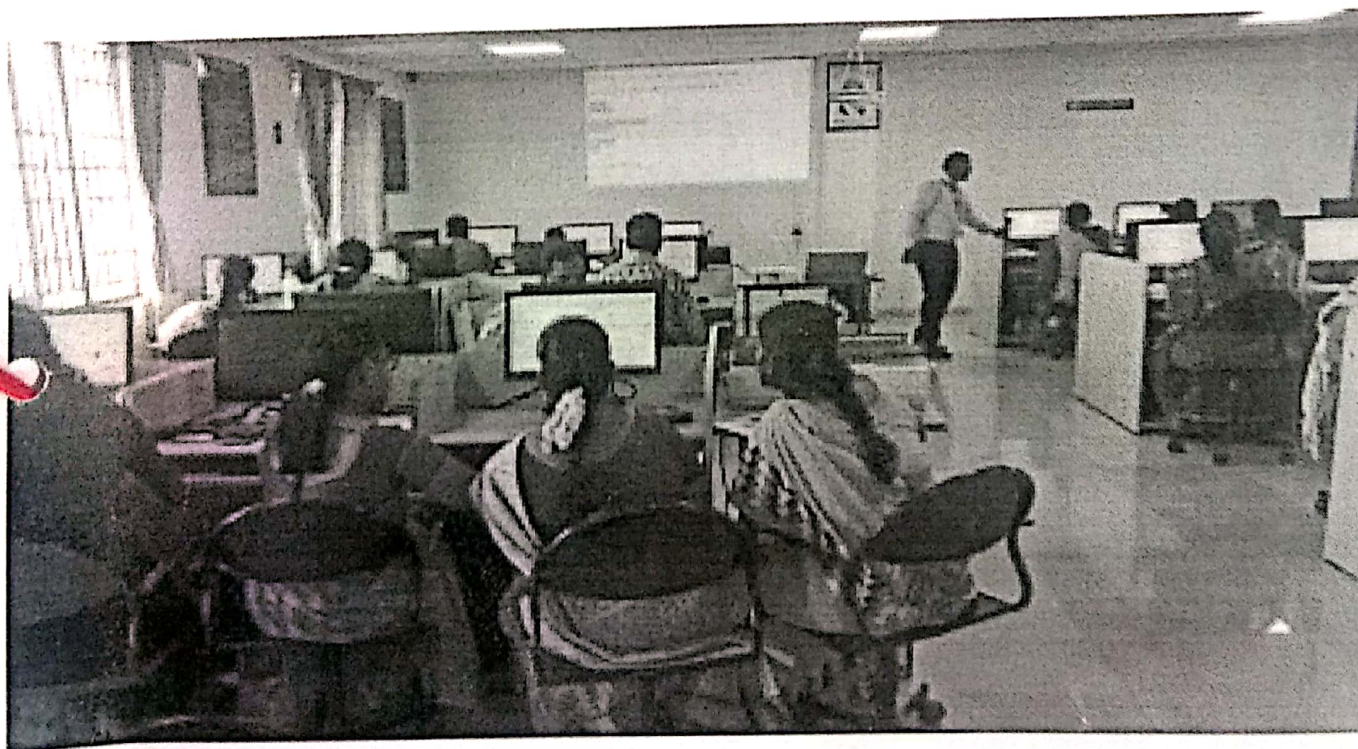

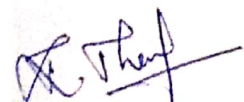

REPORT ON FDP on "Introduction to R Programming"

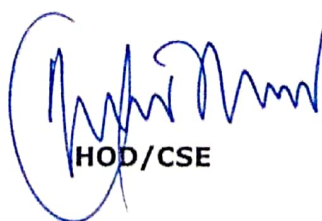

The Department of Computer Science and Engineering in Association with ICTACT organized the Faculty Development Programme about "Introduction to R Programming" on 17th April 2018 at 9:30AM. The resource person for this program was MR.DHINESH, Technical Trainer, ICT Academy, Coimbatore, Tamil Nadu. The program started with the prayer song. The welcome address was given by Dr. G. Rajiv Suresh Kumar, Head of Department of Computer Science and Engineering.

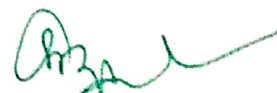

The total of 15 external faculties from various Institutions and 12 internal faculties participated in the programme. The hands on training in R programming were given by the resource person and the usage of the R programming was very well illustrated by him. Many case studies were solved for the easy understanding of the concepts. The two days faculty development programme enriched the knowledge of the participants and was an effective session.

Finally, Ms.Tharani.R, Assistant professor gave vote of thanks and concluded the session on the second day evening.

Coimbatore.

Respected Sir,

Subject: Requisition for your approval to conduct ICTACT FDP programme on 17.04.2018&18.04.2018 at Our Campus - reg.

Our Department is planned to conduct Faculty Development Programme on "Introduction to R Programming", during 17.04.2018 & 18.04.2018 (2 Days) at our Campus. In this regard I request your permission and approval for conducting the programme at CSE Alan Turing Lab and for the Refreshment and Lunch for External & Internal Participants (Total 40 Participants). Kindly grant the permission for the same.

Thanking you

Yours Sincerely

Sir/Madam

Sub: Centre for Faculty Development – Conduct of Faculty Development Training
Programme for Winter Vacation 2017 – Intimation – Reg.

I am happy to inform you that your proposal has been selected for conducting the Faculty Development Training Programme (FDTP) for your Department / Institution during November / December 2017 without any financial support.

In this regard, Principal and Co-ordinators are requested to conduct the programme without collecting any fees from participants and also advised to go through the enclosed Guidelines for conducting FDTP. I request you to kindly acknowledge the receipt of this letter with signed copy of the Guidelines for conducting Faculty Development Training Programme.

Branch	Semester	Code No.	Name of the Programme	Name and Designation of the Co-ordinator(s)

To

The Director,
Centre for Faculty Development,
Anna University, Guindy,
Chennai - 600025.

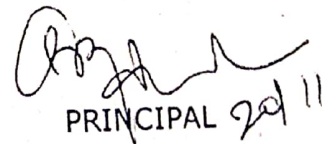

Respected Sir/Madam,

Sub: Requisition for the change of FDTP date-regarding

The Department of Computer Science and Engineering planned to organize a **Seven Days Faculty Development Training Program on CS 6402-Design and Analysis of Algorithm** from 13.11.2017 to 19.11.2017. Due to short period of time we couldn't arrange the FDTP on the above mentioned date, so we request for the change of date from 24.11.2017 to 30.11.2017. Kindly accept our request to proceed with this date. Herewith I have attached the FDTP Brochure for your kind perusal.

Thanking you.

Yours Sincerely,

DECLARATION

The information provided herewith is true to the best of my knowledge. I agree to abide by the rules and regulation governing the training programme. If selected, I shall attend the training programme for the entire duration.

Date: _____ Signature of the Applicant

SPONSORSHIP CERTIFICATE

This is to certify that Prof. / Dr. / Mr. / Mrs. / Ms.

_____ is an employee of our institution and is sponsored for the above FDTP. He / She will be permitted to attend the programme, if selected.

Date: _____ Signature of the Head of the Institution

ABOUT THE FDTP:

The objective of the FDTP in Design and Analysis of Algorithms is to provide a platform for the young faculty to interact with senior expert academicians, to enrich their knowledge in the subject and to familiarize them with effective teaching-learning practices.

This programme aims at covering all the topics of the course CS6402 - Design and Analysis of Algorithms. The following topics will be covered:

- Algorithmic Problem Solving
- Framework for Algorithm Analysis
- Brute Force Technique
- Dynamic Programming
- Divide and Conquer Methodology
- Greedy Technique
- Backtracking Technique
- Branch and Bound Methodology

RESOURCE PERSON:

Eminent persons from academia and university will deliver the course lectures and Hands-on training.

REGISTRATION INFORMATION:

- There is no course fee for the training programme.
- The number of participants is restricted to 25 only.
- Participants are selected on first come first serve basis and will be intimated through E-mail.
- No TA and DA will be provided.
- Faculty working in the colleges of Anna University and Self Financing Engineering colleges Affiliated to Anna University can participate.
- Priority will be given to young faculty.

AU-FDTP Report on CS6402-DAA

The department of Computer Science and Engineering organized a seven day Faculty Development Training program **sponsored by Anna University, Chennai from 24-11-17 to 30-11-17** on the topic **"CS6402 - Design and Analysis of Algorithms"**. **The inaugural ceremony of the FDP was conducted on 24-11-17.** Prof. Prashant R Nair, Vice-Chairman, Department of CSE, Amrita University, Coimbatore was the chief guest of the function.

25 participants from various colleges registered for the program. On the first day for the forenoon session, Prof. Prashant R Nair, Vice-Chairman, Department of CSE, Amrita University, Coimbatore was the resource person and he delivered his lecture on Notion of an Algorithm – Fundamentals of Algorithmic Problem Solving. Dr. G. Rajiv Suresh Kumar, HOD of CSE Department, JCT College of Engineering and Technology handled the afternoon session and delivered the lecture on Fundamentals of the Analysis of Algorithm Efficiency, Asymptotic Notations And its properties – Mathematical analysis for Recursive and Non-recursive algorithms.

On the second day of FDP, Prof. Arunkumar, Assistant Professor, Department of CSE, Sri Krishna College of Engineering and Technology, Coimbatore was the resource person and he handled session in the forenoon session on Brute Force, Closest-Pair and Convex Hull Problems, Exhaustive Search, Travelling Salesman Problem, Knapsack Problem. Mr. G. Deebanchakkarawarthi, Assistant Professor, JCT College of Engineering and Technology handled the afternoon session on Warshall's and Floyd's algorithm.

On the third day of FDP, Dr. S. Kannimuthu, Associate Professor, Department of CSE, Karpagam College of Engineering, Coimbatore handled the forenoon session on Strassen's Matrix Multiplication, Binary search and Multiplication of Large Integers. Mr. K. Sivakumar (Sr. G) Assistant Professor, JCT College of Engineering and Technology handled the afternoon session on Divide and conquer methodology.

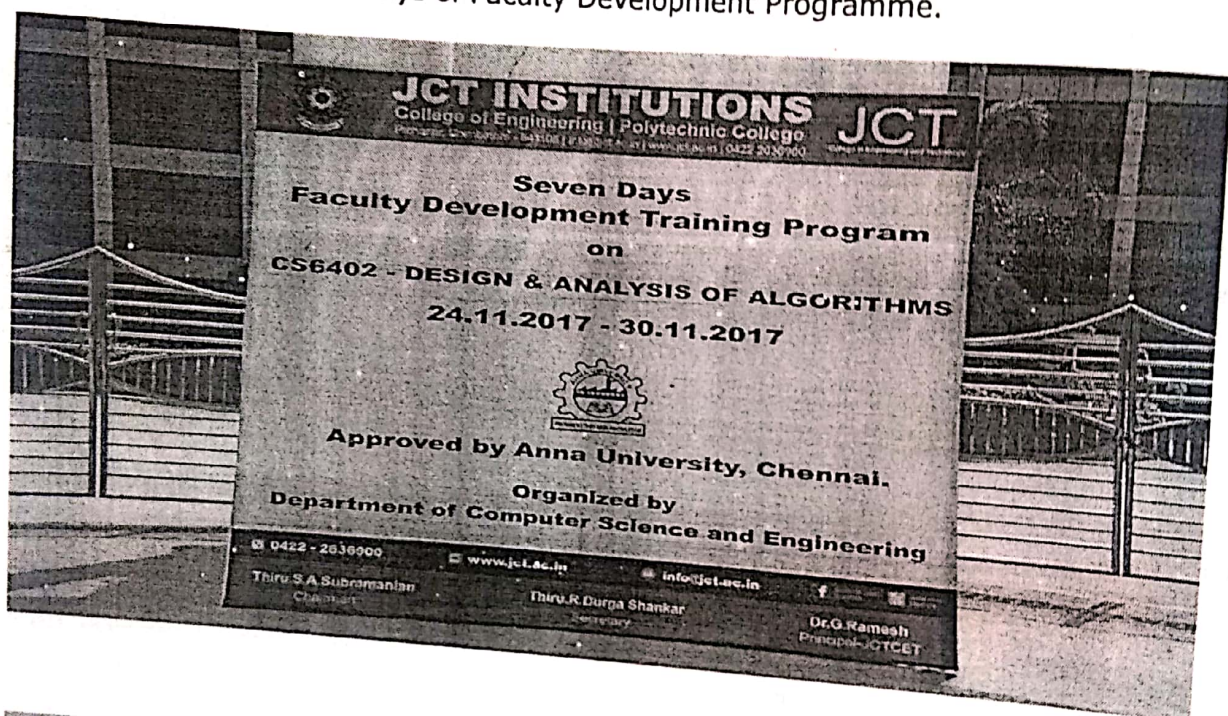

On the fourth day of FDP, Dr. R. Renuga, Associate Professor, Department of IT, Coimbatore Institute of Technology, Coimbatore handled the forenoon session on Optimal Binary Search Trees, Knapsack Problem and Memory functions, Greedy Technique and Prim's algorithm. Mr. K. Jason Assistant Professor, JCT College of Engineering and Technology handled the afternoon session on Kruskal's Algorithm, Dijkstra's Algorithm and Huffman Trees.

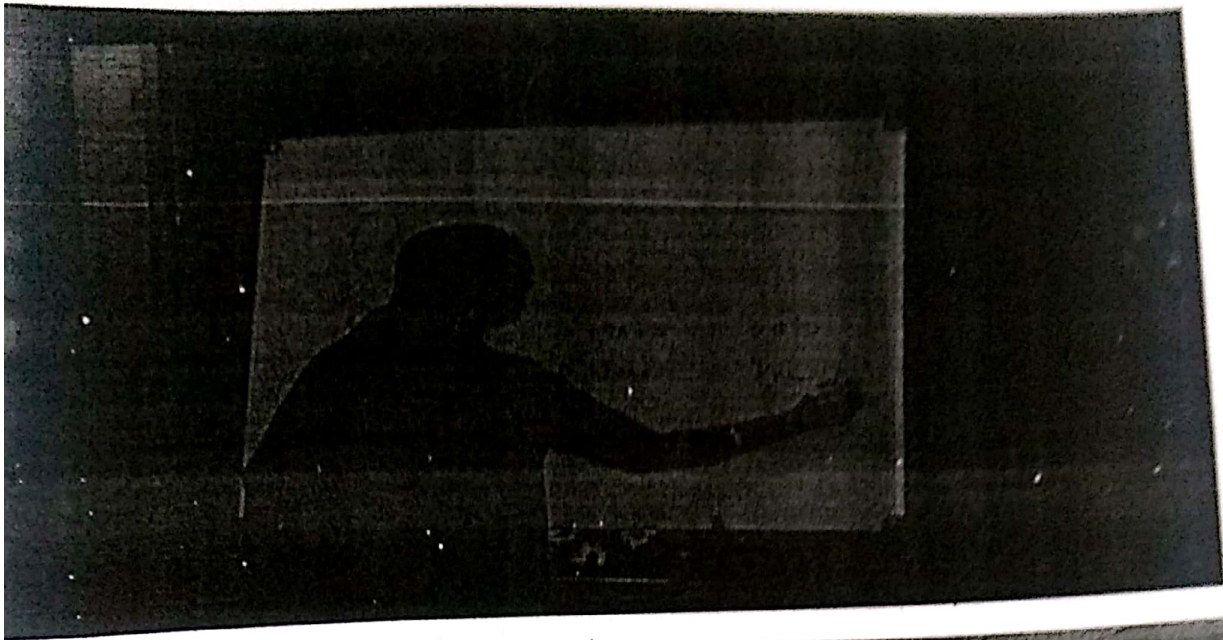

On fifth day of FDP, Prof. A. Praveena, Assistant Professor, Department of CSE, Jansons Institute of Technology, Coimbatore handled the forenoon and afternoon session on Maximum Matching in Bipartite Graphs, The Stable marriage Problem, Limitations of Algorithm Power, Lower Bound Arguments, P, NP and NP-Complete Problems.

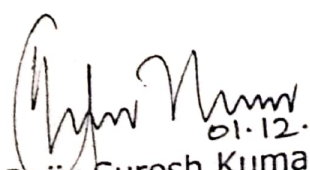

On sixth day of FDP, Dr.D.Prabha, Assistant Professor, Department of CSE, Sri Krishna College of Engineering and Technology, Coimbatore handled the forenoon session on Backtracking - n-Queens problem, Hamiltonian Circuit Problem and Subset Sum Problem. Mr.Biju Balakrishnan, Associate Professor, JCT College of Engineering and Technology afternoon session on Limitations of Algorithm Power and Lower-Bound Arguments.

On the seventh day of FDP, Dr. Lovelyn Rose S, Associate Professor, Department of CSE, PSG College of Technology, Coimbatore handled the forenoon session on Approximation Algorithms for NP, Hard Problems, Merge sort and Quick sort. Ms.Delsey M.J, Assistant Professor, JCT College of Engineering and Technology handled the afternoon session on Knapsack Problem, Traveling Salesman Problem and Assignment problem.

The FDP was effective and participants were immensely benefited the programme. The Principal and Management thanked various resource persons who delivered the guest lectures on all the seven days of Faculty Development Programme.

REPORT ON FDP PROGRAMME

A FACULTY DEVELOPMENT PROGRAMME was organized from 29/06/2017 – 30/06-2017 at FIREBIRD INSTITUTE OF RESEARCH IN MANAGEMENT. This was a two day faculty development programme, where various related sub-topics were discussed in detail by eminent educationalist and a very beneficial academic environment was experienced by the participants. The major focus of the FDP is on upgrading the teaching, training and communication skills for the development of faculty members. It intends to provide opportunities for the faculty members to renew their intellectual vitality and further their professional growth. The programme also aims at equipping teachers with skills and knowledge in the field of Leadership and Attitude, Communication, The Ideal Teacher and Relationship Management. These are very essential for inculcating learning values in students and guiding and monitoring their progress towards their career.

The FDP was attended by 24 participants from the faculty members of Science and Humanities (Physics, Chemistry, Mathematics and English).

29/06/2017

SESSION: I

The trainer **Mr. James Vineeth** has delivered an interactive lecture on "Leadership" for future integrated of skills and knowledge. In the session participants got the knowledge about the **different levels of leadership** and responsibilities with some practical applications. He delivered three levels of leadership like self leadership, leading the followers and leading the leaders and also the teachers were gained with the knowledge of perception for **3D's** success like dare, differ and dream.

This engaging session utilises discussion, videos, examples, role-play, experiential exercises and motivational comments. Its structure and flow encourage participation and accountability while building leadership skills and confidence. The significant key points covered with many subjects like,

- The essentials of effective leadership
- Situational performance management
- coaching
- communicating and connecting with colleagues
- powerful feedback
- leading difficult conversations
- delegation
- listening skills

SESSION: II

The session has pointed about "**Communication**" and focused on virtues to be qualified teachers. The session aimed at providing every teacher with an in-depth understanding of their strengths and areas of improvement so as to develop them in to effective communicator. This allows the teachers to develop an awareness of the knowledge, skills and attributes necessary to become an effective teacher. He also discussed about how to understand the applications of right tools and techniques while teaching a class. The main objectives are,

- LSRW (Listening, speaking, reading and writing)
- Vocabulary, Eye contact and body language
- Stress, pause and builders
- MTI (mother tongue influence)

Team work is very essential while teaching the communication, to build a team it is important to ignore the 5 types of viruses such as,

- Lack of Trust
- Fear of Conflict
- Lack of Commitment
- Accountability
- Inattention to Result

30/06/2017

SESSION: III

On second day the session 3 has organized by the trainer **Prof. S. Ganesan**. There were exchange of ideas on "**Being the Teacher**". It was also discussed about the **personal traits** to be a qualified teacher such as,

- Exemplary personal qualities
- Disciplined to work
- Good Communication
- Propagate truth
- Bright personality
- Moral courage
- Sound memory
- Creativity
- Humility
- Curiosity and thirst for knowledge

Also, he delivered his valuable thoughts on **professional traits** to be a qualified teacher like,

- Proper mindset
- Effective classroom management skill
- Belief in mutual trust

- Ability to strike a positive relationship with students
- Ability to identify latent skills and motivate
- Inspirational and serving as a role model
- Continuous improvement of the process

Excellent motivation was received by the mentor, he also distributed the ideas of being **"The Ideal Teacher"** under that, contemporary challenges, teacher's hurdles, be passionate and facets of the profession has been explained. Addition to those, he also extended about **Bloom's Taxonomy and Outcome Based Education**.

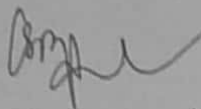

SESSION: IV

The trainer **Mr. James Vineeth** brought about plethora of information with **"Relationship"**. In that, he expressed about two types of communication such as positive communication and responsible communication. He also discussed about the Rapport building between two or more people. At the end it was uttered with **Transaction Analysis**.

At the end of the lecture, Mr. James Vineeth briefly touched upon the important points mentioned by him during the lecture and resolved the queries of the teachers.

Finally participants were asked to share their experience and learning of the whole programme. The program was concluded with happy note from everyone. The certificates were distributed and the vote of thanks was given by **Dr. M.S Balamurugan**, Head of the Department, science and Humanities.

Overall the lecture was very informative and all the members benefited from it.

Department of Petrochemical Engineering

Report

Petrochemical engineering department organized a seminar on **Industrial Application of Bioreactors** was held on 10/08/2017 to 11/08/2017 (10.30 am to 4 pm) at the seminar hall of JCT College of Engineering & Technology. The Head of the Department welcomed the gathering. Dr. M. Devasena, Associate professor, Dept. of civil engg Sri Krishna College of Technology, Coimbatore delivered guest lectures on industrial application of bioreactors. Lectures were about application of different bioreactors in bioprocess, design and types of bioreactors, application of bioreactors for large scale propagation system of plants etc. He informed the students about the scope and opportunities and growing demand for bioreactors in future (industrial, academic and research applications). The doubts that have arisen on participants mind were cleared immediately. Videos and power point presentation were displayed.

TWO DAY NATIONAL LEVEL TECHNICAL FEST - HYCA MEET'18

TWO DAY NATIONAL LEVEL TECHNICAL FEST - HYCA MEET'18 ORGANIZED BY DEPARTMENT PETROLEUM ENGINEERING ON 1ST & 2ND OF MARCH 2018

The HYCA MEET 2018 was conducted successfully at JCT College of Engineering And Technology seminar hall on 1st and 2nd of March 2018. The inauguration ceremony started on 1st March 2018 at 10.00 am which was facilitated by chief guest Dr.Santhanakumar, Managing Director, IPCS, Chennai, as well as other industrial people like Mr.Balaji Chennakrishnan, Managing Director, Telesto Energy and Mr.Shrinidhi Shetty, Principal Reservoir Engineer, Telesto Energy, the presidential address was given by Dr.G.Ramesh, Principal JCT College of Engineering and Technology.

The HYCA meet 2018 witnessed a mass participation from petroleum and chemical engineering students and faculties all over from India. The guest lecture was provided on the topic CURRENT EMPLOYMENT SCENARIO

IN OIL AND GAS. Other industry related topics were discussed by various guests.

The afternoon session completely focused on the technical paper presentations which found to have a very large number of participants.

DAY 2 (02.03.2018)

The day 2 sessions starts with the technical event named CRUDE BID while parallel sessions were carried out for TECHNICAL QUIZ. These events also got a very impressive participation from the all over petroleum colleges. The afternoon session of day 2 consists of fun events like dumb charades, gully cricket, treasure hunt etc. which got a very healthy participation. The valedictory and prize distribution was also carried out on the same day at the civil seminar hall.

ABOUT THE INSTITUTION

Shri Jagannath Educational Health and Charitable Trust was established by renowned and philanthropic people with an objective of providing education to all especially the downtrodden and rural population. Considering the growing demands for technical education in the country, The Trust has started an engineering college namely **JCT College of Engineering and Technology** in Pichanur, Coimbatore from the academic year 2009-2010.

Students will be encouraged to get equipped and sensitized to understand full implications of their decisions, actions and their innovations. The college promotes Technical Education to meet the requirements of Industrial arena, which takes into account the demands of industry and R&D institutions in the context of global concern at the threshold of the twenty-first century.

COURSES OFFERED

BE - COURSES

- Civil Engineering
- Mechanical Engineering
- Petrochemical Engineering
- Computer Science Engineering
- Electrical and Electronics Engineering
- Electronics and Communication Engineering
- Automobile Engineering
- Petroleum Engineering
- Food Technology

ME - COURSES

- Engineering Design
- Power Electronics and Drives
- Structural Engineering
- VLSI Design

ABOUT THE DEPARTMENT

In order to meet the growing demand for food technologists our institution has established bachelors degree in food technology in the year 2014.

Food technology is the application of food science in processing, manufacturing, and preservation of food products. The food technologists study the chemical, physical and microbiological makeup of the food when it is processed, preserved, packaged and stored. The food processing industries manufacture a large variety of food products. Food technology courses can be a good career option.

SCOPE

Food processing industry is rapidly growing in India and several employment opportunities are available in various industries. There is good scope of food technology courses which offer numerous job opportunities in various areas.

In India food processing industry is gaining momentum as the consumer food industry, which includes pasta, breads, cakes, pastries, corn flakes, ready to eat and ready to cook products, cocoa products, biscuits, soft drinks, beer, alcohol beverages, mineral and packaged water and segment of consumer foods is seeing an upward trend.

AREA OF FOCUS

The main objective of this Faculty Development Program is to enhance the knowledge on food packaging and labelling process, in line with the theme of the event **"FACULTY DEVELOPMENT PROGRAM ON FOOD PACKAGING AND LABELLING"** conducted by the department of Food Technology. The concept of food packaging is to provide protection, tampering resistance, and special physical, chemical, or biological needs. And the concept of food labelling is the written, printed or graphic matter that is displayed near the food for promoting its sale or disposal.

REPORT ON FACULTY DEVELOPMENT AND TRAINING PROGRAMME ON
DESKTOP PUBLISHING

Faculty Development and Training Programme on Desktop Publishing from 23.05.2017 to 25.05.2017 faculty members various departments attended the FDTP. Mr. Vijay Shankar.B and Team from Gateway Software Solutions, Coimbatore was the technical trainers for the occasion. The program started with the inaugural function at the John McCarthy Computer Center, where the gathering have been addressed by Dr. G.Rajiv Suresh Kumar, Head of the Department, CSE followed by the Presidential address addressed by Dr.G.Ramesh, our Principal.

Post the inaugural function is the start of the forenoon session of the first day, wherein the trainer demonstrated hands on training session on Photoshop and continued three days with Corel Draw, Basics of In Design and various Desktop publishing tools and the there they briefed about its application and usage. The sessions were concluded with clarifying questions raised by faculty members. The entire event was successfully completed with the support of faculties from various Departments.

ABOUT THE COLLEGE:

Shri Jagannath Educational Health and Charitable Trust was established by renowned and philanthropic people with an objective of providing education to all especially the down trodden and rural population. Considering the growing demands for technical education in the country the trust has started an engineering college namely JCT College of Engineering and Technology in Pichanur Coimbatore for the academic year 2009-10. The College is located at Pichanur at the foothills of the Western Ghats in a serene, eco friendly lush green environment. It is well connected by road, rail and air. The Management strives hard to enhance the professional knowledge, skills and attitudes of educators, so that they might in turn improve the learning process of students. The college aims at developing a deep understanding of the human values and social concerns among the engineering graduates.

Objective of the FDP:

The unified objectives are to

- Discuss why should we publish a paper?
- Obey the academic ethics in research.
- Explore the "seriousness" of the impact factor and h-index.
- Alarm the features of Plagiarism.

ABOUT THE JCT CSI-SB:

The CSI JCT-Student Branch at JCTCET was inaugurated in the year March 2016 with the institutional membership of consisting 95 student branch members. JCT CSI-Student Branch has organized 4 technical programs like Workshops, Seminars, Guest Lectures and Hands-on Training through which more than 250 students have been benefitted. CSI have planned to organize 1 Day FDP on 4th March, 2017. The aim of this development programme paves the way to find out something that no one had already known.

FDP CONTENTS:

The major topics planned in this one day programme would be:

- ✓ Definition
 - Investigations
 - Hypothesis
 - Implementations
- ✓ Descriptive Research
- ✓ Analytical Research
- ✓ Copyright
- ✓ Plagiarism Checking
- ✓ Paper Writing Tools
- ✓ Action-Words
- ✓ Abstracts/ Keywords
- ✓ Journal Papers & Proceedings.

More Emphasis would be projected to the 'Impact Factor' considering the project's future scope.

Dear Sri. **Manickam Mahendran,**

Greetings from JCT College of Engineering and Technology.

JCT College of Engineering and Technology is pleased to invite you to one day faculty development program.

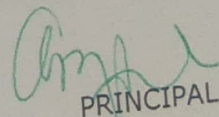

JCT College of Engineering and Technology is started in the academic year 2009-2010 with an objective of providing education to all especially to the down trodden and rural population with 4 Branches of Engineering, at present (2016-2017) with 9 Branches.

We request your honorable presence as Resource Person for the one day faculty development program "**Research Paper writing**", which is to be held on 4th March, 2017 at our campus. We will be grateful if you ornate our function as Chief Guest and Resource Person by your inspiring speech in the confluence of Academicians in research. I humbly request you to accept our invitation.

We look forward to your positive confirmation of our invitation to this special function.

Thanking you.

Yours Sincerely,

JCT COLLEGE OF ENGINEERING AND TECHNOLOGY
A ONE DAY FACULTY DEVELOPMENT PROGRAMME
ON
RESEARCH PAPER WRITING

A One day faculty development programme "On Research Writing" was organized on 4th March, 2017 by the departments of Computer science and Engineering and Science & Humanities. The Programme was started with the Lamp Lightening Ceremony. The presidential address was given by the Principal Dr.G.Ramesh followed by the welcome address to the dignitaries by the Head of the science and Humanities. The Resource Persons- Dr.S.rajaram, Associate Dean, Thiagarajar College of Engineering, Madurai and Dr.A.Ramasubbu, Asst.Prof of Chemistry, Government Arts College, Coimbatore, were honoured with the Mementos. At the inaugural ceremony was ended with Vote of thanks by Mr.K.Sivakumar/Ap, CSE.

The first session by Dr.A.Ramasubbu on Research Paper Writing was taken for navigating the research writing in an international Journal and Publication. He held the faculty members spellbound who were from various colleges in and around of Coimbatore. In the technical session, he discussed ins and outs of how to write paper for scientific journals without falling in the devilish ground of Plagiarism.

In the second session, Dr.S.Rajaram has discussed the Proofreading and Editing the Research papers without mistakes of grammar. He captivated the participants of teaching fraternity in a humorous way with the sense of seriousness on communication and its empowerment in research writing.

In all, both of the resource persons paved the way by unlocking the deadlocks in research writing. Around 60 participants from various colleges had an interaction with the resource persons. The FDP witnessed an outright success when participants raised a plethora of questions to resource persons. The programme was ended with valedictory function by distributing certificates to the participants.

REPORT ON THE 2-DAYS FACULTY DEVELOPMENT PROGRAMME ON
EMOTIONAL INTELLIGENCE

The Department of Computer Science and Engineering association with ICTACT, Tamilnadu organized a 2-Days Faculty Development Program on "EMOTIONAL INTELLIGENCE" on 29th and 30th September (Thursday and Friday), 2016 for the various streams of faculty members belongs to all the colleges and universities. Mr.Jino Jose, ICTACT, Tamilnadu was the resource person for the occasion. The program commenced with the inaugural function held at seminar hall, were by Dr. G.Rajiv Suresh Kumar, Head of the CSE Department, addressed the gathering followed by the Presidential address given by Dr.G.Ramesh, our Principal and Vote of Thanks by Mr.K.Sivakumar, Asst. Professor, CSE Department.

The forenoon session of the first day began with the resource person introducing the gathering to Emotional Intelligence. Emotional Intelligence is the capacity to be aware of, control, and express one's emotions, and to handle interpersonal relationships judiciously and empathetically. IQ (Intelligence Quotient) was differentiated from EQ (Emotional Quotient) in a detailed manner. Various aspects of Emotional Intelligence were projected with the help of videos and short stories. The session was made interactive with the introduction of few games during the second day of the program. Collectively, all the sessions were really interesting and useful to guide the staff to manage various situations which they may have to face in future.

ABOUT THE COLLEGE

JCT College of Engineering and Technology was started in the year 2009 and run by Shri Jagannath Educational Health and Charitable Trust, under the able guidance and patronage of Thiru.S.A.Subramanian, Chairman and Shri.R.Durga Shankar, Secretary. The college has a congenial and well-developed campus located at Pichanur at the foothills of the Western Ghats in a serene, eco friendly lush green environment.

VISION

- To emerge as a Premier Institute for developing Industry-ready engineers with competency, initiatives and character to meet the challenges in global environment.

MISSION

- To impart state-of-the-art engineering and professional education through strong theoretical basics and hands on training to students in their choice of field.
- To serve our students by teaching them leadership, entrepreneurship, teamwork, values, quality, ethics and respect for others.
- To provide an opportunity for long-term interaction with academia and industry.
- To create new knowledge through innovation and research in engineering.

Program educational objectives

PEO1: Graduates shall become outstanding engineers in industries and other institutions for higher studies.

PEO2: Graduates shall have the caliber to contribute to national goals through design and manufacturing.

PEO3: Graduates shall serve the society by being entrepreneurs or consultants to overcome the challenges they face

Program specific outcomes

PSO1: Capable of successfully performing national level competitive examinations for higher studies and employment.

PSO2: An ability to apply their knowledge in the domain of engineering mechanics, fluid, thermal engineering and advanced technologies in solving engineering problems for the benefits of society

DEPARTMENT

VISION

To impart world class engineering knowledge to bring out ethical mechanical engineering graduates ready for industries or pursue higher studies.

MISSION

- To give quality education to enhance the skill needed for industry and institutions for higher studies.
- To have state of art laboratory facilities.
- To interact with industry and other institutions.
- To provide an environment to develop Ethical values and lifelong learning.

FDP REPORT

Date: 30.06.2016

Department of Mechanical Engineering and Automobile Engineering of JCT CET , Organised Faculty Development Program on ME6301-Engineering Thermodynamics on 30th June 2016 at seminar hall. Dr.G.Ramesh, Principal, JCT CET presided over the Program.Prof P.PITCHANDI, HOD /MECH was Convenor of the program .The session was fully handled by Prof.P.Pitchandi, where he covered the entire syllabus. The course content was overview of Engineering Thermodynamics, Concept of first and second law, Steam power cycles, Psychometric processes etc. Over 30 faculties from various AICTE approved institutions attended the programme.

JCT COLLEGE OF ENGINEERING AND TECHNOLOGY
FACULTY DEVELOPMENT PROGRAMME
ON
RESEARCH PAPER WRITING

Faculty development programme "On Research Writing" was organized on 3,4th March, 2017 by the departments of Computer science and Engineering and Science & Humanities. The Programme was started with the Lamp Lightening Ceremony. The presidential address was given by the Principal Dr.G.Ramesh followed by the welcome address to the dignitaries by the Head of the science and Humanities. The Resource Persons- Dr.S.rajaram, Associate Dean, Thiagarajar College of Engineering, Madurai and Dr.A.Ramasubbu, Asst.Prof of Chemistry, Government Arts College, Coimbatore, were honoured with the Mementos. At the inaugural ceremony was ended with Vote of thanks by Mr.K.Sivakumar/Ap, CSE.

The first session by Dr.A.Ramasubbu on Research Paper Writing was taken for navigating the research writing in an International Journal and Publication. He held the faculty members spellbound who were from various colleges in and around of Coimbatore. In the technical session, he discussed ins and outs of how to write paper for scientific journals without falling in the devilish ground of Plagiarism.

In the second session, Dr.S.Rajaram has discussed the Proofreading and Editing the Research papers without mistakes of grammar. He captivated the participants of teaching fraternity in a humorous way with the sense of seriousness on communication and its empowerment in research writing.

In all, both of the resource persons paved the way by unlocking the deadlocks in research writing. Around 60 participants from various colleges had an interaction with the resource persons. The FDP witnessed an outright success when participants raised a plethora of questions to resource persons. The programme was ended with valedictory function by distributing certificates to the participants.

ABOUT THE COLLEGE:

Shri Jagannath Educational Health and Charitable Trust was established by renowned and philanthropic people with an objective of providing education to all especially the down trodden and rural population. Considering the growing demands for technical education in the country the trust has started an engineering college namely JCT College of Engineering and Technology in Pichanur in Coimbatore for the academic year 2009-10. The College is located at Pichanur at the foothills of the Western Ghats in a serene, eco friendly lush green environment. It is well connected by road, rail and air. The Management strives hard to enhance the professional knowledge, skills and attitudes of educators, so that they might in turn improve the learning process of students. The college aims at developing a deep understanding of the human values and social concerns among the engineering graduates.

Objective of the FDP:

The unified objectives are to

- Discuss why should we publish a paper?
- Obey the academic ethics in research.
- Explore the "seriousness" of the impact factor and h-index.
- Alarm the features of Plagiarism.

ABOUT THE JCT CSI-SB:

The CSI JCT-Student Branch at JCTCET was inaugurated in the year March 2016 with the institutional membership of consisting 95 student branch members. JCT CSI-Student Branch has organized 4 technical programs like Workshops, Seminars, Guest Lectures and Hands-on Training through which more than 250 students have been benefitted. CSI have planned to organize 2Days FDP on 3,4th March 2017. The aim of this development programme paves the way to find out something that no one had already known.

FDP CONTENTS:

The major topics planned in this one day programme would be:

- ✓ Definition
 - Investigations
 - Hypothesis
 - Implementations
- ✓ Descriptive Research
- ✓ Analytical Research
- ✓ Copyright
- ✓ Plagiarism Checking
- ✓ Paper Writing Tools
- ✓ Action-Words
- ✓ Abstracts/ Keywords
- ✓ Journal Papers & Proceedings.

More Emphasis would be projected to the 'Impact Factor' considering the project's future scope.

One Day Faculty Development Program

RESOURCE PERSON

Dr.Manickam Mahendran, Ph.D.
Associate Dean (R & D Lab),
Associate Professor,
Thiagarajar College of Engineering,
Madurai.

Visit Abroad:

- Japan: JSPS Fellow, Tokyo Institute of Technology.
- Japan: Visiting Associate Professor, Tohoku University.
- Spain: Visiting Researcher, University of Barcelona.

Publications:

105 papers in International Journals (Scopus) / 08 in National Journals / 160 Conference presentations

Awards / Honors / Distinctions:

- Video Lectures Approved by TNSG
- National UGC Research Award
- National Young Scientist BOYSCAST

Target Audience:

The faculty members, Ph.D scholars, M.E / M.Tech / M.Sc / M.Phil students.

Registration Fee: Rs.250

About Registration:

Registration fee of Rs.250.00 should be paid by the demand draft drawn favor of "JCT CSI STUDENT BRANCH" payable at Coimbatore.

- Send the copy of transaction / challan receipt along with registration form to jctcsib@jct.ac.in

ABOUT THE INSTITUTION

JCT College of Engineering and Technology is one of the colleges started in private sector. It was established in 2009 by Shri Jagannath Educational Health and Charitable Trust. The College is growing leaps and bounds in every sphere, year after year. The college is located in an environmentally unpolluted area, just at the outskirts of Coimbatore. The Institution is successfully marching on 9th year of its service with excellent state of the art facilities and committed. The Institution is approved by AICTE, ISO 9001: 2008 certification and NAAC accredited adds another feather to the crown of the Institution.

VISION

To emerge as a premier institute for developing industry ready engineers with competency, initiative and character to meet the challenges in global environment.

MISSION

- To impart state-of-the-art engineering and professional education through strong theoretical basics and hands on training to students in their choice of field.
- To serve our students by teaching them leadership entrepreneurship, team work, values, quality, ethics, and respect for others.
- To provide opportunities for long term interaction with academia and industry.
- To create new knowledge through innovation and research.

ABOUT THE DEPARTMENT

The Department of Civil Engineering is one of the oldest Departments in JCT. A well-qualified and highly experienced team of staff members add strength to the department. The department offers U.G and P.G (Structural Engineering) programmes. The faculty and students of the department are dedicated to work in the current needs of the industry and have the ability to improve. The structural lab is well equipped and involves in testing of building materials, non-destructive testing, and soil testing equipments with expertise persons to conduct field testing on consultancy basis.

VISION

To become leaders in Civil Engineering Education, to meet the most onerous challenges in construction, sanitation and environment at the global level

MISSION

- To produce outstanding Civil Engineering graduates with highest ethical values.
- To provide state – of – the – art learning and laboratory environments.
- To interact with industries and address issues related to infrastructure and environment for sustainable living.

PROGRAM OBJECTIVES

- To include the fundamental concepts of the course in the proper perspective and to have in depth knowledge
- To provide the participants a strong foundation to the various concepts through interactive sessions and illustrative examples
- To develop theoretical and analytical skills

About The Institution

Shri Jagannath Educational and Charitable Trust established with an objective of providing education to all, especially the down trodden and rural population. The trust has achieved the goal by successfully establishing an engineering college named "JCT College of Engineering and Technology" at Pichanur, Coimbatore in the academic year 2009-2010. It is an ISO 9001:2008 certified institution. Approved by AICTE, New Delhi and affiliated to Anna University, Chennai. JCTCET is in its seventh successful year and it is marching ahead towards achieving the vision and mission of our chairman Thiru. S.A. Subramanian, under the guidance of our secretary Shri.R.Durgashankar and our beloved Principal Dr. G.Ramesh. The human resource is the pillar of strength to the institution with the dedicated and committed faculty member to impart quality education to student community. JCTCET has a unique focus on integrating the day's knowledge with modern scientific practices with a global output. The college offers nine U.G courses and four P.G courses.

About The Department

The Department Of Electronics and Communication Engineering is committed to provide the state-of-art technical education to the tomorrow's technocrats through dedicated quality teaching. Our department laboratories are equipped with latest technology hardware and software in the field of VLSI, Embedded system, Digital signal processing, Analog and digital communication, Optical Fiber, Microwave, and Electronics system Design Laboratory. The department has excellent infrastructure facilities with highly qualified and devoted faculty members specialized in the areas like VLSI, Embedded systems, Biomedical Engineering, Communication systems and Applied Electronics.

About The Location

The College is situated in Pichanur, Velandhavalam road, 5kms from KG Chavadi and 18Kms from Coimbatore Central Bus stand. The nearest railway station is Coimbatore junction.

Topics Outline

- Hands-on training on simulation of Digital Circuits using Proteus VSM
- Hands-on training on simulation of Analog Circuits using Proteus VSM
- Introduction to compilers such as MPLAB IDE.
- Hands-on training on simulation of Microcontrollers programming in C using Proteus VSM.
- Hardware demo of few projects.

Resource Persons

JRM Technologies is one of the major design and manufacturing companies in the Embedded field involved in designing, programming and developing embedded hardware, software components and systems. The resource persons for this FDP will be from JRM technologies, Coimbatore who had involved in active Research and Development in the areas of Embedded Systems for more than a decade.

Eligibility and Selection

Faculty from AICTE approved Institutions. The total intake is 30 and selection will be based on first come first served basis.

Accommodation

Accommodation will be provided for external participants in the college premises.

Registration Fees: Rs.200/-

Completed application forms should reach us by 25th July 2016 through email to the Co-ordinators. Selected candidates will be intimated by 26th July 2016.

"Embedded System Design using PIC
Micro-Controller and Proteus
Simulator"

29th JULY 2016

Registration Form

Name: Dr/Mr./Mrs./Ms :
Designation :
Institution :
Department :
Address for Communication:

Phone no. :
E-mail :
Qualifications :
Experience :
Place: Signature of the Applicant

The Electronics and Communication Engineering Department of JCT College of Engineering and Technology Pitchanur, Coimbatore has organized **IETE SPONSORED ONE DAY FACULTY DEVELOPMENT PROGRAMME On "Embedded System Design using PIC Micro-Controller and Proteus Simulator"** to be held on **29.07.2016** by 9.30 am and the resource persons **Er.N.Sethuraman**, Sr. Design Engineer, **Er.S.Parthibarasu**, Sr. Design Engineer and **Er.Thanikaasalam**, Sr. Design Engineer are from JRM Technologies, Coimbatore.

Mr.V.Lakshmipathi Head of the department welcomed the gathering and our respected principal **Dr.G.Ramesh** presided over the function. After the Inaugural function, the FDP has started by 10.00 am.

During the morning session Introduction about PIC micro-controller, addressing modes, Importance of Embedded system and Introduction to Proteus on Simulation tools

The following topics are handled along with Hands-on training during Afternoon session:

- Hands-on training on simulation of Digital Circuits using Proteus VSM
- Hands-on training on simulation of Analog Circuits using Proteus VSM
- Introduction to compilers such as MPLAB IDE.
- Hands-on training on simulation of Micro-controllers programming in C using Proteus VSM.
- Hardware demo of few projects.

Totally 22 external Staff members participated from various 15 Institutions around Tamilnadu

The event went a great success under the support of our department staff members and advice of **Dr.G.Ramesh**, our principal. In this juncture, we thank our **Shri.R.Durga Shankar**, Secretary of our JCT College of Engineering and Technology, for his moral support, encouragement and also financial support.

JCT COLLEGE OF ENGINEERING AND TECHNOLOGY

About The College

JCT College of Engineering and Technology started in the year 2009 and run by Shri Jagannath Educational Health and Charitable Trust with the congenial and well-developed college campus. Under the able guidance and patronage of Thiru. S.A. Subramanian, Chairman Shri.R.Durga Shankar, Secretary. The college has developed excellent facilities and resources such as spacious classrooms, seminar halls, well-equipped laboratories, workshops, well-stocked libraries, dedicated high speed broadband Internet connectivity and well-qualified faculty. The vision of the institution is to produce high caliber socially responsible engineers. The institute offers nine UG and four PG programmes in Engineering & Technology.

About The Department

The Department of Electrical & Electronics Engineering was established during 2010 and offers both UG and PG Programmes. It has good infrastructural facilities which include Electrical Machines, Power Electronics & Drives, Measurements and Instrumentation, Power system simulation and Special Electrical Machines Laboratory. The Department laboratories are equipped with the latest machinery and equipment and latest computer hardware and software. The Department has well qualified and dedicated faculty members in various specialized areas of Electrical and Electronics Engineering.

About The Location

The College is situated in Pichanur, Velandhavalam road, 18 kms from KG Chavadi and 18Kms from Coimbatore Central Bus stand. The nearest railway station is Coimbatore junction.

DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING

Submitted to the Principal:

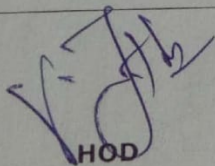

The Association of Electrical & Electronics Engineering has planned to conduct a **One day Faculty development program on the title-"Advances in power electronics and drives "**.

Objective:

The main objective of this FDP is to enrich their research oriented technical ideas on embedded control applications specializing in the numerous proliferations of the Intel 8051, core Family of micro controllers. The workshop focuses more on hands on laboratory session. On the whole workshop event will be very useful for the faculty of engineering colleges to initiate, continue or even to complete their research work, projects. The budget proposal is enclosed herewith for your kind perusal and approval.

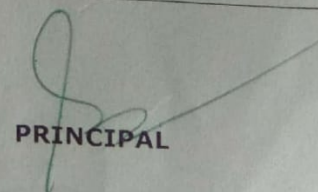

Budget proposal for A Faculty development program on the title-"Advances in power electronics and drives"

Sl.No	Item	Quantity	Total Amount in Rs
1	Invitation	20 No's	500
2	Broacher	150	3000
	Certificates	150	3000
3	Banner	2	2000
4	Lunch	150	4500
3	Refreshment	200	1500
4	VIP, Snacks	10	1000
5	Stage Decoration	--	1000
6	Honorarium for Speakers & Trainers	4	8000
9	Workshop Kit	150	6000
Total Expenditure			30500.00
Income Expected From Registration our students participant + Other College students participation (85 X 100) +(65 X 200) = 8500+13000 = 21500.00			21500.00
Excess amount to be supported by our management			9000.00

About the Institution

JCT College of Engineering and Technology started in the year 2009 and run by Shri Jagannath Educational Health and Charitable Trust, with the congenial and well-developed college campus. Under the able guidance and patronage of Shri Thiru. S.A. Subramanian, Chairman Mr.R.Durga Shankar Secretary. The college has developed excellent facilities and resources such as spacious classrooms, seminar halls, well-equipped laboratories, workshops, well-stocked libraries, dedicated high speed broadband Internet connectivity and well-qualified faculty. The vision of the institution is to produce high caliber socially responsible engineers. The institute offers nine UG and four PG programmes in Engineering & Technology.

About the Department

The Department of Electrical & Electronics Engineering was established in the year 2010 and offers both UG and PG Programmes. It has good infrastructural facilities which include Electrical Machines, Power Electronics & Drives, Measurements and Instrumentation, Power System Simulation and Special Electrical Machines Laboratories. The Department laboratories are equipped with the latest machineries, equipment and latest computer hardware and software. The Department has well qualified and dedicated faculty members in various specialized areas of Electrical and Electronics Engineering.

About the Location

The College is situated in KG chavadi-Velandhavalam road, 5-km from KG chavadi and 18-Kms from Coimbatore Bus stand. The nearest railway station is Coimbatore junction.

Introduction

The primary objective of the Faculty Development Training Programme (FDTP) is to explain the basics of "Control Systems" to the Faculty members of various technical institutions. This will equip the Faculty members to teach the subject better and also enable them to offer un-degraduate final year projects in the area of Control and Automation. The topics to be focused in this FDTP includes System representation, Time and Frequency response, Stability and Compensator design, and State variable analysis

PROGRAMME CONTENTS

The following topics will be covered

- Introduction to Control Systems
- Open loop and Closed loop systems
- Block diagram reduction & Signal flow graph
- Time domain analysis and Specifications
- Type, Order & Steady state errors
- Root locus analysis, P, PI & PID controllers
- Frequency response: Bode plot & Polar plot
- Lag, Lead and Lag - Lead compensators and Compensator design using Bode plots
- Stability analysis: Routh Hurwitz and Nyquist
- stability criterion
- State space analysis, State models for linear and time invariant systems.
- Controllability and Observability
- MATLAB Control System tool box.

Resource person

The resource person will be from reputed institutions.

JCT College of Engineering and Technology

Coimbatore

Department of Electrical and Electronics Engineering

The Department of Electrical and Electronics organized a seven days Faculty Development Training program **sponsored by Anna University Chennai** from **15.05.2017** to **21.05.2017** on the topic "**IC 6501 Control Systems**". The Inaugural ceremony of this FDP was conducted on **15.05.2017**. Mr.V.Angappa, Managing Director, Mega Tech Scientific Instruments, Coimbatore was the chief guest of the function.

20 participants from various colleges registered for the program. Mr.V.Angappa delivered a seminar on the topic Control System. His wide experience and knowledge is reflected in the seminar. He covered the topics on PID controllers, closed control, their industrial applications in a meticulous manner.

On the second day of the FDP Prof.S.Rajeswari, Associate Professor/EEE, Info Institute of Technology delivered the guest lecture. She covered the topics on Synchros ,AC and DC servomotors , Block diagram reduction techniques and Signal flow graphs. The second session was handled by Dr.T.Jaya Prakash Professor, EEE JCT College of Engineering and Technology. He covered the topics on Characteristics equation – ,Routh Hurwitz criterion , Nyquist stability criterion, Performance criteria , Lag, lead and lag-lead networks , Lag/Lead compensator design using bode plots.

On the third day Dr.S.Manoharan Head &Professor/EIE, Karpagam College of Engineering delivered the guest lecture. The topics covered were Time response , Time domain specifications – ,Types of test input , I and II order system response , Error coefficients, Generalized error series.

On the fourth day Dr.T.Venkatesan, Professor/ EEE,K.S. Rangasamy college of Technology delivered the guest lecture on the topic Steady state error, Root locus construction, Effects of P, PI, PID modes of feedback control ,Time response analysis.

On the fifth day Dr.S.Jaganathan, Head&Professor/EEE, Dr.N.G.P Institute of Technology handled the first session. He delivered guest lecture on Frequency response , Bode plot , and Polar plot. The Second session was handled by Prof.V.Jethose , Professor& Head EEE JCT College of Engineering and Technology. He covered the topics on closed loop control with Current and speed feedback Armature voltage control field weakening mode of synchronous drive.

JCT College of Engineering and Technology

Coimbatore

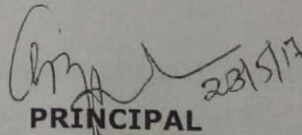

Department of Electrical and Electronics Engineering

The sixth day was handled by Dr. R. Bharani Kumar, Professor/EEE Bannari Amman Institute of Technology. The topics were Correlation between frequency domain and time domain specifications. The second session was handled by Mr.SAnbu Chandran, Associate Professor /EEE JCT College of Engineering and Technology. He covered the topics Concept of state variables , Solution of state and output equation in controllable canonical form .

On the seventh day the valediction ceremony of this FDP was conducted. The resource persons from **Prolific Systems & Technologies** were **Mr.K.Ilanchezhian (Technical Manager-Assistant)** and **Mr.K.Sasi Kumar(Senior CRG Engineer)**. Mr.K.Ilanchezhian explained about the advancement in industrial control system and their applications. Their wide experience and knowledge is reflected in the lecture. They covered the topics on PLC controllers, closed control, their industrial applications in a meticulous manner. Afternoon session was a live demonstration on PLC interfacing kit and software.

The FDP was effective and participants were benefited largely. The Principal and Management thanked various resource persons who delivered the guest lectures on all the seven days of the Faculty Development program .

Department of Petrochemical Engineering

Opportunities in Petrochemical Industries- Report

Petrochemical engineering department organized a FDP programme on **Opportunities in Petrochemical Industries** was held on 20/7/2016 to 21/07/2016 (2.30 pm to 4pm) at the unit operation laboratory of JCT College of Engineering & Technology. The Head of the Department welcomed the gathering. Prof. N. Krishnaswami Dean/PCE, JCT College of Engineering & Technology, Coimbatore delivered lectures. The lectures were about Indian petrochemical industry challenges and opportunities, job opportunities in oil & gas and petroleum industries, investment opportunities etc. The doubts that have arisen on participants mind were cleared immediately. Videos and power point presentation were displayed.

ABOUT THE INSTITUTION

Shri Jagannath Educational Health and Charitable Trust was established by renowned and philanthropic people with an objective of providing education to all especially the downtrodden and rural population. Considering the growing demands for technical education in the country, The Trust has started an engineering college namely **JCT College of Engineering and Technology** in Pichanur, Coimbatore from the academic year 2009-2010.

Students will be encouraged to get equipped and sensitized to understand full implications of their decisions, actions and their innovations. The college promotes Technical Education to meet the requirements of Industrial arena, which takes into account the demands of industry and R&D institutions in the context of global concern at the threshold of the twenty-first century.

COURSES OFFERED

UG COURSES

- Civil Engineering
- Mechanical Engineering
- Petrochemical Engineering
- Computer Science Engineering
- Electrical and Electronics Engineering
- Electronics and Communication Engineering
- Automobile Engineering
- Petroleum Engineering
- Food Technology

PG COURSES

- Engineering Design
- Power Electronics and Drives
- Structural Engineering
- VLSI Design

ABOUT THE DEPARTMENT

In order to meet the growing demand for food technologists our institution has established bachelors degree in food technology in the year 2014.

Food technology is the application of food science in processing, manufacturing, and preservation of food products. The food technologists study the chemical, physical and microbiological makeup of the food when it is processed, preserved, packaged and stored. The food processing industries manufacture a large variety of food products. Food technology courses can be a good career option.

SCOPE

Food processing industry is rapidly growing in India and several employment opportunities are available in various industries. There is good scope of food technology courses which offer numerous job opportunities in various areas.

In India food processing industry is gaining momentum as the consumer food industry, which includes pasta, breads, cakes, pastries, corn flakes, ready to eat and ready to cook products, cocoa products, biscuits, soft drinks, beer, alcohol beverages, mineral and packaged water and segment of consumer foods is seeing an upward trend.

The main objective of this conference is to provide a forum to present and discuss innovation in the field of food biotechnology and processing to meet the needs of humankind sustainability, in line with the theme of the conference **"EMERGING TRENDS AND APPLICATIONS IN FOOD BIOTECHNOLOGY"** sponsored by Department of Biotechnology, New Delhi. We believe that this conference can become a platform for critical discussion, potential solutions and thereby promoting recent innovations in food biotechnology in finding new and more sustainable ways of addressing food production and security issue to meet the need of growing population and changing lifestyle.

CALL FOR PAPER & FOSTER ON

- Biotechnology in food processing, packaging and quality control
- Food fermentation and bio-process engineering
- Potential health benefits of probiotics and functional foods
- Biotechnology as diagnostic tool in food safety
- Recent advances in food technology

EVENTS (Technical & Non Technical)

- Project Expo
- Fruit & Vegetable Carving
- Idea Presentation
- Product Description
- Connexion

SOUVENIR

The Proceedings of the seminar will be published as a souvenir of AFFT.

RESOURCE PERSONS

1. Dr.P.Banumathi, Professor (FSN) & Former Dean (Home Science), Post Harvest Technology Centre, Tamil Nadu Agricultural University, Coimbatore, Tamil Nadu.
2. Mr.M.Muralidharen, General Manager (Works) i/c, Malabar Cements Limited, Palakkad Dist, Kerala.
3. D. Padmasingh Isaac, Chairman & Managing Director, Aachi Group of Companies, Chennai
4. Dr. M. Sukumar, Professor, Centre for Food Technology, Anna University, Chennai.
5. Mr. Siva kumar, General Manager, Hatsun Agro Products Ltd., Dharmapuri

Registration Fee - Rs. 300/- (Drawn in favor of 'The Principal, JCT College of Engineering & Technology, Pichanur, Coimbatore')

FOR WHOM

- ❖ Faculties, U.G., P.G students and Research Scholars.
- ❖ Professionals from Industries and R&D organizations.

HOW TO APPLY

The *print ready copy* of the Paper with abstract in **IEEE format** should be mailed to the following address 'babuskin.s@jct.ac.in'.

IMPORTANT DATES

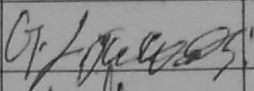

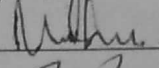

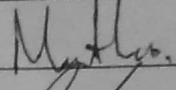

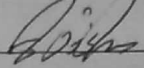

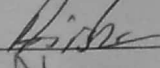

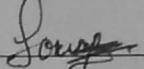

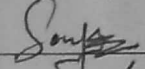

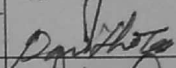

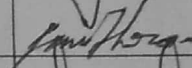

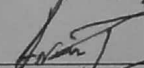

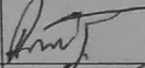

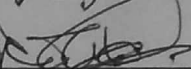

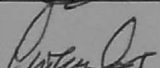

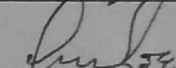

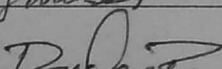

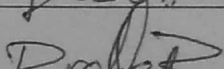

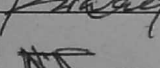

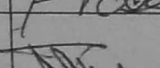

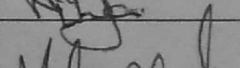

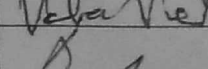

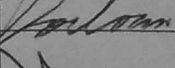

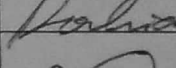

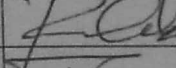

- ✓ Abstract submissions March 15, 2016
- ✓ Notification of acceptance March 18, 2016
- ✓ Final paper submission & Author's registration March 21, 2016

DBT SPONSORED NATIONAL CONFERENCE REPORT

ON

EMERGING TRENDS AND APPLICATIONS IN FOOD BIOTECHNOLOGY

The Department of Food Technology has organized its DBT Sponsored National level two days conference on the title of “ Emerging Trends and Applications in Food Biotechnology ” on 23/03/2016 & 24/03/2016 at JCT College of Engineering & Technology. The Head of the Department welcomed the gathering. Dr P.Banumathi (Former Dean (Home Science) & Professor (Food Science and Nutrition), TNAU, Coimbatore) delivered keynote address and guest lectures on Post Harvest Technology. The conference was conducted in a successful way with eminent key note speakers whose guest lectures were very much useful for upcoming technologist and 30 participants from various institutions participated in various technical events (paper and poster presentation) and non technical events (connexion, idea presentation, project expo, product description and fruit & vegetable carving)

Sir,

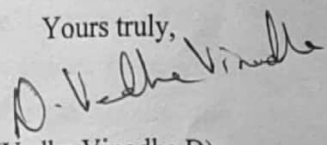

Sub: Requisition for Permission for conducting RTICET'16-reg

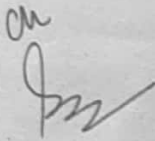

As a part of association activity we have planned to conduct Third national level conference on **Recent Trends In Information Communication And Electrical Technologies" on 02.04.2016**. The Chief Guest of the function Thiru. D. Mohan Kumar, CEO, Skypro Technologies. So I humbly request you to grant permission to conduct this event.

Thanking You,

Station: Coimbatore
Date : 20.03.2016

Yours truly,

(Vedha Vinodha.D)

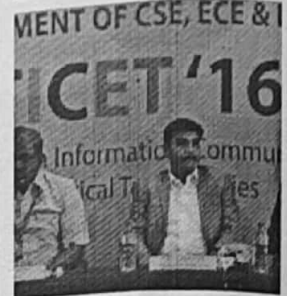

PITCHANUR, COIMBATORE

Report On "Recent Trends In Information Communication And Electrical Technologies" on 02.04.2016

This report is to brief the Third National Level Conference based on "Recent Trends in Information, Communication, and Electrical Technologies" conducted by the circuit departments of our college on the 2nd of April 2016. The inaugural function started with a prayer song sung by the CSE students. This was followed by the lighting of the Kuthuvilakku. The gatherings were welcomed by the Head of the Electronics and Communications Engineering Department, Prof. V. Lakshmi pathi. The Chief Guest of the function Thiru. D. Mohan Kumar, CEO, Skypro Technologies, was welcomed with a bouquet during the welcome address. He was later honored with a memento and a shawl by the Principal, Dr. G. Ramesh. The proceeding for this conference was handed over to the other dignitaries by the Head of the Computer Science and Engineering Department, Dr. G. Rajiv Suresh Kumar, which were released by the chief guest and the principal.

The conference report was rendered by the Head of the Computer Science and Engineering Department, Dr. G. Rajiv Suresh Kumar, which referred to the experience gained from the previous conferences, the number of papers received and the number of papers selected. The presidential address was given by Dr. G. Ramesh, Principal, JCT College of Engineering and Technology. He explained the necessity of Leadership, the importance of using the talent one possesses at the right time, and finally briefed the students with the significance of technology in today's life. The chief guest profile was read by the CSI Student's Branch chairman, Mr. Sudeesh Kannath of CSE IIIrd year. The inaugural address of the function was given by Thiru, D. Mohan Kumar, CEO, Skypro Technologies, Bangalore. He had a very interactive session with the students regarding the latest trends and advancements in technologies. He mentioned the importance of IoT (Internet of Things) with real time examples. The vote of thanks for the inaugural function was given by Prof. Deeban Chakkarawathi, G of the CSE department. The gathering were given refreshments and then directed to their respective presentation halls. The certificates for the students were provided in the evening and the event ended successfully.

REPORT

On 24th Feb 2016 the Inaugural function of "**Jfinagles-Technical Symposium**" was organized by the Department's of Civil, Engineering .

Dr. G.V.Venkata subramani, Managing Director, S.G.Structural engg, coimbatore Was the Chief Guest. The function started with a prayer song to invoke the supreme.The (Innovative) proceeding was released by the chief guest. Next the presidential speech was delivered by the principal of **JCT** college of Eng& Tech Dr. G.Ramesh.

The chief guest addressed the gathering with his motivated words for the upcoming civil engineers. He delivered the speech about the innovative, developments, advancement happening in the civil, fields. His words were really inspiring for the students.

The function came to an end by the vote of thanks by Prof. A.Kumar, HOD, Civil Engineering. He expressed his gratitude on behalf the **JCT** family for making the function a grand success. After that, various technical events were conducted at the departments and certificates were distributed to winners.

REPORT

06.08.2015

The Seminar on "REVIT & STAAD PRO" was organized by Civil Engineering Department at Seminar Hall on 06.08.2015 in association with CADD technologies. The programme was started with Holy prayer song. Prof. A. Kumar, HoD/civil, delivered the welcome address and welcoming the gathering. Dr.G.Ramesh, Principal, delivered the Presidential address signifying the importance of the conference. Mr.T.R.Ramshankar, chief program analyst, CADD technologies played the Chief Guest role felicitated by Dr.G.Ramesh, Principal, made brain storming speech on the REVIT & STAAD PRO used in civil Engineering and highlighted the application of software for their progressive life. The speech was very much useful and admired by students attended by a gathering of 57 Students benefitted with the inspiring speech. The conference ended with vote of thanks given by Prof.V.Muruges, coordinator gratifying the grand success of the function.

DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING

Submitted to the Principal:

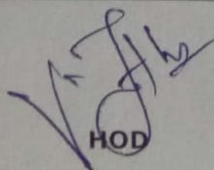

The Association of Electrical & Electronics Engineering has planned to conduct a **One day Faculty development program on the title-"Power system operation and control "**.

Objective:

The main objective of this FDP is to enrich their research oriented technical ideas on embedded control applications specializing in the numerous proliferations of the Intel 8051, core Family of micro controllers. The workshop focuses more on hands on laboratory session. On the whole workshop event will be very useful for the faculty of engineering colleges to initiate, continue or even to complete their research work, projects. The budget proposal is enclosed herewith for your kind perusal and approval.

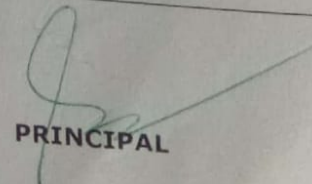

Budget proposal for One day Faculty development program on the title-"Power system operation and control"

REPORT ON MOTIVATIONAL CLASSES FOR
NON TEACHING STAFF

A Motivational classes for Non teaching staff was conducted by Department of Computer Science and Engineering at seminar hall. The session was started with welcome address by Dr.G.Rajiv Suresh Kumar, the Head of the Department of Computer Science and Engineering. The session was mainly conducted for Motivational to non teaching staffs of JCT College of Engineering and technology. The topic was on "Value for education in the society". The resource person for the session was Dr.G.Ramesh, Principal, JCT College of Engineering and Technology.

The session was given for motivation to achieve higher studies. He enlightened the needs and importance of higher education in this century. The session was very helpful for them. The scope and ideas of various fields are also highlighted by the resource person.

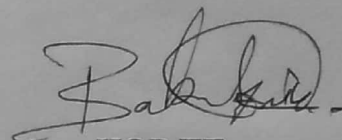

He also highlighted the importance of education through various videos and presentations .He also shared various stories and his experience in this field which was very encouraging for them. The session was concluded by vote of thanks by Dr.C.Sivakumar, Department of Science and Humanities.

Food Safety Awareness - Report

Food Technology department organized by food safety awareness program was held on 10/11/2014 (11.30 am) at the seminar hall of JCT College of Engineering & Technology. The Head of the Department welcomed the gathering. Food Safety Officers Mr. Krishnan & Mr. Sakthivel delivered the concept of food safety. They spoke about various issues like unhygienic conditions observed in food consumption areas, carelessness of food vendors, poor awareness on food safety among consumers and chemicals that are added for extension of shelf life of food. They also suggested how to consume vegetables and fruits with minimal exposure to pesticides. They informed the students about the scope and opportunities and growing demand for food technologists in future (industrial, academic and research). The doubts that have arisen on participants mind were cleared immediately. Videos and Power point presentations were displayed.
